DURGOD K310

DURGOD K310 Corona Mechanical Keyboard User Manual

Model: K310

1. INTRODUCTION

The DURGOD K310 Corona is a full-size 104-key mechanical keyboard designed for both typing and gaming. It features durable doubleshot PBT keycaps, bright white backlighting, and Cherry MX Brown switches for a tactile typing experience. The keyboard offers full N-key rollover (NKRO) and is fully programmable via the Durgod Zeus Engine software.

2. WHAT'S IN THE BOX

Your DURGOD K310 Corona package includes the following items:

- DURGOD K310 Corona Mechanical Keyboard
- USB Type-C to USB Type-A Cable (1.8m)
- USB Type-C to USB Type-C Cable (1m)
- Wire Keycap Puller
- Dust Cover

3. SETUP

3.1 Connecting the Keyboard

The DURGOD K310 is a wired keyboard and connects via USB-C. Two types of USB cables are provided for versatile connectivity:

- **USB Type-C to USB Type-A:** For connecting to standard USB-A ports on your computer.
- **USB Type-C to USB Type-C:** For connecting to USB-C ports on compatible devices.

Plug the USB-C end of the chosen cable into the port located on the back of the keyboard. Route the cable through the integrated cable management channels on the underside of the keyboard for a tidy setup. Connect the other end of the cable to an available USB port on your computer.

3.2 Compatibility

The DURGOD K310 is fully compatible with:

- Windows 11, 10, 8, 7, Vista, XP
- MAC OS (Remapping possible in Durgod Zeus Engine Software)

No additional drivers are typically required for basic functionality. For advanced features like macro programming and key remapping, install the Durgod Zeus Engine Software (Windows only).

4. OPERATING INSTRUCTIONS

4.1 Adjustable Typing Angle

The keyboard features adjustable feet with two positions, allowing you to customize the typing angle for optimal comfort.

WHITE BACKLIT

4.2 Cherry MX Brown Switches

The K310 Corona is equipped with Cherry MX Brown mechanical switches. These switches provide tactile feedback with a noticeable bump and moderate sound, making them suitable for both typing and gaming. They have an actuation force of 55 cN and 4.0 mm of total travel, rated for 100 million actuations.

4.4 Multimedia and Function Keys

The K310 includes dedicated multimedia controls and function key shortcuts. These allow for quick access to media playback, volume control, and other system functions.

- **FN + F1:** Play/Pause
- **FN + F2:** Stop
- **FN + F3:** Previous Track
- **FN + F4:** Next Track
- **FN + F5:** Mute
- **FN + F6:** Volume Down
- **FN + F7:** Volume Up
- **FN + F12:** Switch Customize Profile
- **FN + Left Win:** Windows Key Lock

5. MAINTENANCE

5.1 Cleaning

To maintain the keyboard's performance and appearance, regularly clean the keycaps and the area beneath them. Use the included dust cover when the keyboard is not in use to prevent dust accumulation.

5.2 Keycap Replacement

The DURGOD K310 features durable doubleshot PBT keycaps that are resistant to fading. If you wish to replace keycaps, use the provided wire keycap puller to safely remove them without damaging the switches.

6. TROUBLESHOOTING

6.1 Keyboard Not Responding

- Ensure the USB cable is securely connected to both the keyboard and the computer.
- Try connecting the keyboard to a different USB port on your computer.
- Test with the alternative USB cable provided.
- Restart your computer.

6.2 Backlighting Issues

- Check if the backlighting is enabled and adjusted to a visible brightness level using the keyboard shortcuts.
- If using Durgod Zeus Engine Software, ensure the backlighting settings are correctly configured.

6.3 Software/Macro Issues

- Ensure you are using the latest version of the Durgod Zeus Engine Software.
- Verify that the keyboard's profile is correctly loaded and active within the software.
- For Windows key lock issues, ensure the FN + Left Win shortcut is not active.

7. SPECIFICATIONS
