

iTouchless DZT08PL

iTouchless 8 Gallon Dog-Proof Sensor Kitchen Trash Can

Model: DZT08PL

Brand: iTouchless

INTRODUCTION

Thank you for choosing the iTouchless 8 Gallon Dog-Proof Sensor Kitchen Trash Can. This innovative waste bin is designed for convenience, hygiene, and odor control in your home. Featuring a touchless sensor, a patented PetGuard lock, and an AbsorbX odor filter, it provides a clean and efficient solution for waste management. Please read this manual thoroughly before use to ensure proper setup and operation.

WHAT'S IN THE BOX

- 1 Sensor Trash Can Lid
- 1 Trash Can Body
- 1 Retainer Ring
- 1 AbsorbX Odor Filter

SETUP

1. Power Options

The trash can can be powered by 4 D-size batteries (not included) or an optional AC Adapter (sold separately). For battery installation, open the battery compartment on the underside of the lid and insert the batteries according to the polarity indicators.

2. AbsorbX Odor Filter Installation

Locate the filter compartment on the underside of the lid. Insert the AbsorbX Odor Filter into the filter housing. This filter helps to absorb and neutralize trash odors.

Image: Installation of the AbsorbX Odor Filter in the lid compartment.

3. Trash Bag Installation

Place the trash bag into the can body. Secure the trash bag by wrapping the top edge around the retainer ring. Lower the retainer ring with the bag into the can body. Ensure the bag is fully extended to maximize capacity.

Video: This video demonstrates the process of installing the odor filter and securing the trash bag within the iTouchless sensor trash can.

OPERATING INSTRUCTIONS

1. Automatic Sensor Operation

The trash can features a motion sensor that automatically opens the lid when your hand or an object is within 6 inches of the sensor eye. The lid will close automatically after a few seconds of inactivity. For extended open time, wave your hand over the sensor again or press the 'Open' button.

Image: Demonstrates the automatic opening feature of the sensor lid.

2. PetGuard Lock

To prevent pets from opening the lid, engage the PetGuard lock. This mechanism secures the lid in the closed position. To open, disengage the lock before using the sensor or manual buttons.

Image: The PetGuard feature effectively prevents pets from accessing the trash.

3. Manual Open/Close

For manual operation, press the 'Open' button on the lid to open it. Press the 'Close' button to close the lid. The sensor will be temporarily overridden when using manual buttons.

MAINTENANCE

1. Cleaning

Clean the stainless steel body with a soft, damp cloth and a mild detergent. Avoid abrasive cleaners or scouring pads, as they may scratch the surface. For the lid, wipe with a damp cloth. Do not submerge the lid in water.

Image: The fingerprint-proof stainless steel body is easy to clean.

2. AbsorbX Odor Filter Replacement

The AbsorbX Odor Filter should be replaced every three months, or sooner depending on usage and odor levels. Replacement filters are available from iTouchless. You can also sign up for a free text message reminder service to be notified when it's time to replace your filter.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid does not open automatically.	Low batteries; sensor eye is dirty or obstructed; PetGuard lock engaged.	Replace batteries; clean sensor eye; disengage PetGuard lock.
Lid does not close.	Obstruction in lid path; sensor malfunction.	Remove any obstructions; try manual close button; replace batteries.
Unpleasant odors.	Filter needs replacement; trash bag not sealed properly.	Replace AbsorbX filter; ensure trash bag is properly secured and tied.
Lid opens unexpectedly.	Sensor too sensitive; placed in high-traffic area.	Relocate the trash can; ensure no objects are constantly near the sensor.

SPECIFICATIONS

Feature	Detail
Model Number	DZT08PL
