igloohome IGK3

igloohome Smart Keybox 3 Black Instruction Manual

Model: IGK3 | Brand: igloohome

INTRODUCTION

The igloohome Smart Keybox 3 is a secure and convenient solution designed for sharing keys, access cards, and car keys. It is widely adopted in various scenarios such as vacation rentals, offices, and car-sharing services. This manual provides detailed instructions for setting up, operating, and maintaining your Smart Keybox 3.

PRODUCT OVERVIEW

Key Features

- Offline operation: No internet connection required for remote functions.
- Dual unlocking methods: Bluetooth Low Energy (BLE) and PIN codes.
- Flexible access types: Permanent, scheduled, and one-time PINs.
- Durable construction: Made from Zinc Alloy and SS, with IP66 water resistance.
- Versatile mounting: Fits most doorknobs, handles, or can be wall-mounted.

What's Included

- igloohome Smart Keybox 3 Main Unit
- Slim Shackle
- Mounting Kit
- AAA Batteries (4x)

Image: The igloohome Smart Keybox 3 shown with its two included shackles (standard and slim) and four AAA batteries, illustrating the complete package contents.

SETUP

1. Battery Installation

The Smart Keybox 3 requires four AAA batteries for operation.

1. Open the battery compartment cover on the back of the Keybox.
2. Insert four new AAA batteries, ensuring correct polarity.
3. Close the battery compartment cover securely.

2. App Installation and Pairing

Download the igloohome app from your device's app store. Follow the in-app instructions to create an account and pair your Smart Keybox 3.

3. Mounting Options

The Keybox offers multiple mounting options to suit your needs.

On Doorknobs or Handles

Use the standard shackle to hang the Keybox directly on most doorknobs or handles.

Fits on doorknobs

Fits on handles

**Mounts on surfaces
with screws**

**Shackles to
structures**

OPERATING INSTRUCTIONS

Unlocking with Bluetooth

To unlock the Keybox using Bluetooth:

1. Ensure Bluetooth is enabled on your smartphone and you are within range of the Keybox.
2. Open the igloohome app and select your Keybox.
3. Tap the "Unlock" button in the app. The Keybox will unlock.

Generate access anytime, anywhere

Bluetooth Keys

Unlock your lock box when you're within Bluetooth range via your smartphone.

PIN Codes

Generate and send PIN codes to your guests.

**Remote Control & Real-Time Notifications
available with the Bridge (sold separately)**

Generating and Managing PIN Codes

PIN codes can be generated and managed through the igloohome app. You can create different types of PINs:

- **Permanent PINs:** For continuous access.
- **Scheduled PINs:** Valid only during specific dates and times.
- **One-Time PINs:** For single use.

Refer to the igloohome app's help section for detailed instructions on PIN code generation and sharing.

MAINTENANCE

Battery Replacement

When the battery level is low, the Keybox will provide an indicator (e.g., flashing light or sound). Replace all four AAA batteries promptly to ensure continuous operation. Refer to the "Battery Installation" section for steps.

Cleaning

Clean the exterior of the Keybox with a soft, damp cloth. Avoid using abrasive cleaners or solvents, as these may damage the finish.

TROUBLESHOOTING

- **Keybox not responding:** Check battery levels and replace if necessary. Ensure the keypad is activated by pressing any button.
- **PIN code not working:** Verify the PIN code is correct and still valid (check scheduled or one-time PINs). Ensure the Keybox keypad is active.
- **Bluetooth unlock issues:** Ensure Bluetooth is enabled on your device and you are within close proximity to the Keybox. Restart the igloohome app.
- **Keybox not pairing with app:** Ensure the Keybox is in pairing mode (refer to app instructions) and your device's Bluetooth is on.

For further assistance, refer to the igloohome app's help section or contact customer support.
