Hot Wheels Shelby Cobra 427 S/C 107/244

Hot Wheels Shelby Cobra 427 S/C Diecast Car Instruction Manual

Model: 107/244

INTRODUCTION

This manual provides essential information for the Hot Wheels Shelby Cobra 427 S/C diecast car, model 107/244. This collectible miniature vehicle is part of the Muscle Mania '11 series, designed for display and light play. Please read this guide to understand its features and proper care.

PRODUCT OVERVIEW

This image displays the Hot Wheels Shelby Cobra 427 S/C diecast car, model 107/244, still in its original blister packaging. The car is silver with gold wheels, and the packaging features 'Muscle Mania '11' branding.

The Hot Wheels Shelby Cobra 427 S/C is a highly detailed diecast replica. It features a silver body with black and orange racing stripes, and distinctive gold-colored wheels. This model is part of the 2011 Muscle Mania series, numbered 107 out of 244 in the collection.

SETUP

The Hot Wheels Shelby Cobra 427 S/C comes pre-assembled and ready for display or play directly out of its packaging. No assembly is required.

1. **Unpackaging:** Carefully remove the diecast car from its blister packaging. Retain packaging for collector's value if desired.
2. **Initial Inspection:** Examine the car for any manufacturing defects or damage incurred during shipping.

OPERATING

This diecast car is designed for both display and imaginative play. It features free-rolling wheels for smooth movement on flat surfaces.

- **Display:** Place the car on a flat, stable surface away from direct sunlight to prevent paint fading.
- **Play:** Gently push the car to make it roll. Avoid excessive force or dropping the car to prevent damage to the paint or components.
- **Compatibility:** This car is compatible with most Hot Wheels tracks and playsets.

MAINTENANCE

Proper care will help maintain the appearance and condition of your diecast car.

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust and fingerprints. Do not use abrasive cleaners or solvents, as these can damage the paint finish.
- **Storage:** Store the car in a cool, dry place, away from extreme temperatures and humidity. Original packaging or a display case is recommended for long-term storage to protect against dust and damage.
- **Handling:** Handle the car by its body, avoiding touching small details or painted surfaces excessively.

TROUBLESHOOTING

Most issues with diecast cars are related to physical damage. Here are some common concerns:

- **Wheels not rolling smoothly:** Check for any debris caught in the axles. Gently remove any obstructions. If the wheel is bent, careful manipulation may be possible, but permanent damage may occur.
- **Paint chips or scratches:** These are typically a result of impact or friction. Minor chips can sometimes be touched up with model paint, but this is not officially recommended and may affect collector value.
- **Loose parts:** Small parts like mirrors or spoilers can become loose. If they detach, they can sometimes be reattached with a small amount of model adhesive, applied carefully.

SPECIFICATIONS

Product Name	Hot Wheels Shelby Cobra 427 S/C
Model Number	107/244 (Muscle Mania '11 Series)
Brand	Hot Wheels (Mattel)
ASIN	B07YZT1VTJ
