Case-Mate CM041578

Case-Mate Reebok Classics Pink Case for Apple AirPods 1 & 2 User Manual

Model: CM041578

Introduction

This manual provides comprehensive instructions for the Case-Mate Reebok Classics Pink protective case, designed specifically for Apple AirPods Series 1 and Series 2. Please read this manual thoroughly to ensure proper installation and care of your product.

Product Features

- **Compatibility:** Designed for Apple AirPods Series 1 and Series 2.
- **Material:** Slim-fit silicone for enhanced grip and protection.
- **Protection:** Guards against scratches and minor impacts.
- **Portability:** Includes a metallic black circular ring clip for attachment to bags, belt loops, or keys.
- **Charging:** Supports both Lightning cable access and wireless charging without removing the case.

Setup and Installation

1. ### Inserting AirPods into the Case

   Gently slide your Apple AirPods charging case into the silicone protective case. Ensure the AirPods case is fully seated within the silicone case, aligning the charging port and the LED indicator light with the corresponding openings on the protective case.

2. **Attaching the Circular Clip**

   The metallic black circular ring clip can be attached to the designated loop on the side of the protective case. This allows for convenient attachment to personal items such as bags or keychains.

Operating Instructions

- **Accessing AirPods**

  To access your AirPods, simply open the lid of the protective case. The precision molded design ensures the lid opens fully, allowing easy removal and insertion of your AirPods.

- **Charging**

  The case is designed for convenient charging. You can charge your AirPods case either wirelessly by placing it on a compatible wireless charging pad, or via the Lightning port at the bottom of the case using a standard Lightning cable. The protective case does not obstruct either charging method.

Maintenance and Care

- **Cleaning:** To clean the silicone case, wipe it gently with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the finish.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Avoid Overstretching:** While durable, avoid excessive stretching or pulling of the silicone material to maintain its fit and integrity.

Troubleshooting

Problem	Solution
AirPods case does not fit properly.	Ensure you have the correct model (Apple AirPods Series 1 or 2). Gently adjust the AirPods case within the silicone cover to ensure proper alignment.

Problem	Solution
Charging port is obstructed.	Verify that the AirPods case is fully inserted and aligned correctly within the protective case. The cutout for the Lightning port should be clear.
Wireless charging is not working.	Confirm that your AirPods case supports wireless charging and that the charging pad is compatible and functioning correctly. The protective case is designed not to interfere with wireless charging.
