2. SAFETY INSTRUCTIONS

To ensure the safety of your pets and household, please adhere to the following guidelines:

- **Inspect Regularly:** Periodically check all components for damage or loose connections. If the cat house or any part of the cat tree is damaged, repair or replace it immediately to prevent injury to your cat.
- **Secure Placement:** Place the cat tree on a flat, stable surface. For enhanced stability, utilize the included wall anchor to secure the cat tree to a wall, especially if you have active or multiple cats.
- **Toy Safety:** If your cat begins to chew or ingest the furry balls or elastic bands attached to the tree,

remove these toys and keep them out of your cat's reach to prevent choking hazards.

- **Weight Limit:** The hammock is designed to support a maximum weight of 20 kg (approximately 44 lbs). Do not exceed this limit.
- **Indoor Use Only:** This cat tree is intended for indoor use only. Exposure to outdoor elements can compromise its structural integrity and materials.

6. MAINTENANCE

- **Cleaning:** The plush fabric can be spot cleaned with a damp cloth and mild detergent. Avoid excessive moisture. For deeper cleaning, a lint roller or vacuum cleaner can remove pet hair and debris.
- **Sisal Posts:** The sisal scratching posts are designed for durability. If they become heavily worn, consider replacing them if replacement parts are available from the manufacturer.
- **Structural Integrity:** Periodically check all screws and connections to ensure they remain tight. Re-tighten

if necessary to maintain stability.

7. TROUBLESHOOTING

If you encounter any issues with your cat tree, refer to the following common solutions:

- **Instability/Wobbling:**
 - Ensure all screws are fully tightened.
 - Verify the cat tree is on a level surface.
 - Confirm the wall anchor is properly installed and secured to a sturdy wall stud.
- **Damaged Parts:**
 - If any part of the cat tree, such as a platform or the cat house, becomes damaged, discontinue use immediately.
 - Contact customer support for replacement parts or guidance on repair. Do not attempt to use damaged components as this poses a safety risk.
- **Cat Not Using Tree:**
 - Place the cat tree in a prominent location where your cat enjoys spending time.
 - Entice your cat with treats, catnip, or favorite toys on the platforms.
