

Premium-Plus PGB911EEJ2ES

Premium Plus Stove Protectors

Instruction Manual for GE Gas Range Model PGB911EEJ2ES

1. PRODUCT OVERVIEW

The Premium Plus Stove Protectors are custom-cut liners designed to fit the GE Gas Range Model PGB911EEJ2ES. These liners provide a protective barrier for your stovetop's metal surface, helping to maintain its appearance and simplify cleaning. They are heat resistant up to 500 degrees Fahrenheit.

Key features include:

- **Custom Fit:** Specifically tailored for GE Gas Range Model PGB911EEJ2ES.
- **Heat Resistant:** Protects stovetop from spills and heat up to 500°F.
- **Easy to Clean:** Dishwasher safe and can be hand-washed.
- **PFOA & BPA Free:** Manufactured with safety in mind.

2. INSTALLATION INSTRUCTIONS

Follow these steps to properly install your Premium Plus Stove Protectors:

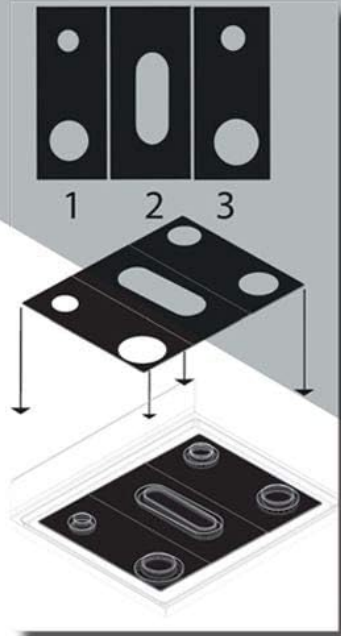

1. **Identify Your Stove Model:** Ensure your GE gas range is model PGB911EEJ2ES. Refer to the diagram below for common model number locations.
2. **Prepare the Stovetop:** Remove all grates and burner caps from your gas stovetop. Ensure the stovetop surface is clean and dry before installation.
3. **Position the Liners:** The protector set consists of three custom-cut pieces. Begin by aligning the middle section, then place the two side sections. Ensure all pieces overlap slightly on your stovetop for complete coverage and protection. Refer to the burner layout diagram for correct placement.
4. **Reassemble Components:** Once the liners are correctly positioned, carefully place the burner caps and grates back onto the stovetop.

This image illustrates the process of installing a Premium Plus stove protector liner. A user is carefully positioning one of the custom-cut black liners onto the stovetop, demonstrating how it fits around the existing burner components.

Customized Stovetop Protector Liners

Help make life easier; easy living for life

This graphic provides an overview of the Premium Plus stove protector liners. It shows the three distinct pieces that make up the set, designed for a custom fit. Accompanying icons highlight key features such as easy installation, dishwasher compatibility, FDA approval, and the product's lifetime warranty.

Match your GE burner location with our image.
If your stove burner location matches our image, then our
"Customized Stovetop Protector Liners" will fit your Gas Stovetop perfectly.

This diagram visually represents the precise burner configuration for the GE Gas Range Model PGB911EEJ2ES. It shows the layout of the burners and how the three custom-cut stove protector liner pieces are designed to fit this specific arrangement.

GE MODEL NUMBER LOCATOR

Slide-In Ranges: The model and serial numbers are located either behind the storage drawer on the left or right side of the oven frame or on the right side of the bottom oven frame.

Double Oven Ranges: The model and serial numbers are located behind the control panel.

This diagram helps users locate the model and serial numbers on their GE gas range. Arrows indicate typical locations, such as behind the storage drawer, on the left or right side of the oven frame, or on the right side of the bottom oven frame for slide-in ranges, and behind the control panel for double oven ranges.

3. CARE AND CLEANING

Maintaining your Premium Plus Stove Protectors is simple:

- **Daily Cleaning:** For minor spills and grease, simply wipe the liners with a damp sponge or cloth.
- **Deep Cleaning:** The liners are dishwasher safe. For thorough cleaning, remove the affected liner(s) and place them on the top rack of your dishwasher.
- **Localized Spills:** If a spill occurs on one section, remove only the affected liner, clean it, and then replace it.

DISHWASHER SAFE

Keep your stovetop clean, simply remove your Customized Stovetop Protector Liners and just place them in your dishwasher – it's so simple and easy!

Dishwasher Safe

This image demonstrates the dishwasher-safe feature of the Premium Plus stove protector liners. One of the liners is shown positioned on the top rack of a dishwasher, indicating its suitability for machine washing.

This collage illustrates the ease of cleaning and removal. The top left shows a liner being hand-washed with a sponge. The top right shows a liner in a dishwasher. The bottom image shows a hand lifting a liner from the stovetop, revealing a small spill underneath, highlighting how easily spills can be contained and cleaned.
