SETUP

- 1. Unpack the Puzzle:** Carefully open the collector tin and remove all 550 puzzle pieces.
- 2. Prepare Your Workspace:** Choose a flat, stable surface large enough to accommodate the completed puzzle (approximately 19.29 x 16.14 inches). Ensure good lighting.
- 3. Sort the Pieces:**
 - Separate all edge pieces (those with one flat side) from the interior pieces.
 - Sort interior pieces by color, pattern, or distinct features to aid in assembly. For this puzzle, pay close attention to the various map details and footprints.

ASSEMBLY INSTRUCTIONS

Assembling a jigsaw puzzle requires patience and observation. The Marauders Map design features

intricate details and a consistent color palette, which can present a unique challenge. Refer to the image on the collector tin for guidance during assembly.

- 1. Build the Border:** Begin by assembling the edge pieces to form the outer frame of the puzzle. This provides a clear boundary and helps define the puzzle's dimensions.
- 2. Identify Key Features:** Look for distinct elements within the puzzle, such as the central "I solemnly swear that I am up to no good" text, the Hogwarts castle silhouette, or clusters of footprints. Assemble these sections independently.
- 3. Connect Sections:** Once smaller sections are complete, begin connecting them to the border and to each other. Pay close attention to the map lines, text, and footprint patterns to ensure correct placement.
- 4. Address Similar Pieces:** Due to the puzzle's detailed design, some pieces may appear similar or fit in multiple locations. Always verify that the image on connecting pieces flows logically and matches the reference image. Do not force pieces together.
- 5. Complete the Puzzle:** Continue to fill in the remaining areas, working systematically from the outside in, or by connecting completed sections until the entire Marauders Map is revealed.

MAINTENANCE

- **Cleaning:** If the puzzle pieces become dusty, gently wipe them with a dry, soft cloth. Avoid using liquids or abrasive cleaners, as these may damage the printed surface.
- **Storage:** When not in use, store the puzzle pieces in the provided collector tin. This protects them from dust, damage, and loss. Keep the tin in a cool, dry place away from direct sunlight.
- **Handling:** Handle puzzle pieces by their edges to avoid transferring oils or dirt from your hands to the printed surface.

TROUBLESHOOTING

Common Issues and Solutions:

- **Pieces Don't Seem to Fit:**

Due to the detailed and repetitive nature of the Marauders Map design, some pieces may appear to fit where they do not belong. Double-check the image flow and pattern continuity. Do not force pieces, as this can cause damage. Rotate pieces and try alternative placements.

- **Missing Pieces:**

Before concluding a piece is missing, thoroughly check your workspace, under furniture, and within the collector tin. If a piece is genuinely missing, contact Paladone customer support for assistance.

- **Difficulty with Reference Image:**

The image on the collector tin serves as the primary reference. If you find it difficult to discern fine details, consider searching for larger images of the Marauders Map puzzle online for additional visual aid.
