UGREEN AV119

UGREEN AV119 3.5mm Male to Male Audio Cable

Instruction Manual

1. Introduction

Thank you for choosing the UGREEN AV119 3.5mm Male to Male Audio Cable. This cable is designed to transmit stereo audio signals between devices equipped with a standard 3.5mm auxiliary (AUX) port. It provides a reliable connection for high-quality sound transmission.

2. Product Features

- **Universal Compatibility:** Connects a wide range of 3.5mm audio devices.
- **Durable Construction:** Features a flat cable design, aluminum casing, and gold-plated connectors for enhanced durability and signal integrity.
- **High-Quality Audio:** Engineered to deliver clear, crisp stereo sound.
- **Slim Connector Design:** Allows for easy connection even with protective cases on mobile devices.

3. Package Contents

- 1 x UGREEN AV119 3.5mm Male to Male Audio Cable (1.5 meters)

4. Setup Instructions

Connecting your UGREEN AV119 audio cable is a simple plug-and-play process:

1. Identify the 3.5mm audio output port on your source device (e.g., smartphone, laptop, MP3 player).
2. Identify the 3.5mm audio input port on your receiving device (e.g., car stereo, speaker, headphones).
3. Insert one end of the UGREEN AV119 cable into the audio output port of your source device.
4. Insert the other end of the UGREEN AV119 cable into the audio input port of your receiving device.
5. Ensure both connectors are fully inserted for a secure connection.

Image: The UGREEN 3.5mm audio cable connected to a smartphone, demonstrating its ultra-slim connector that fits even with a phone case on. The connector measures 3.5mm in diameter and 6.5mm in length.

5. Operating Instructions

Once connected, the UGREEN AV119 audio cable operates automatically. Simply play audio from your source device, and the sound will be transmitted to your connected receiving device. Adjust the volume on your source or receiving device as needed.

6. Compatible Devices

This cable is compatible with any device featuring a standard 3.5mm audio jack. Common compatible devices include:

- Smartphones (iPhone, Android phones like Samsung Galaxy S6, iPhone 6S)
- Laptops and Desktop Computers
- Tablets
- MP3 Players (e.g., iPod)
- Car Radios with AUX input
- Headphones
- Portable Speakers and Soundboxes
- Televisions with 3.5mm audio output

7. Maintenance

To ensure the longevity and optimal performance of your UGREEN AV119 audio cable, follow these maintenance guidelines:

- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid sharp bends, kinks, or excessive pulling on the cable, especially near the connectors.
- **Cleaning:** Use a soft, dry cloth to wipe the cable and connectors. Do not use harsh chemicals or abrasive materials.
- **Connection:** Always grasp the connector housing when plugging or unplugging the cable, not the cable itself.

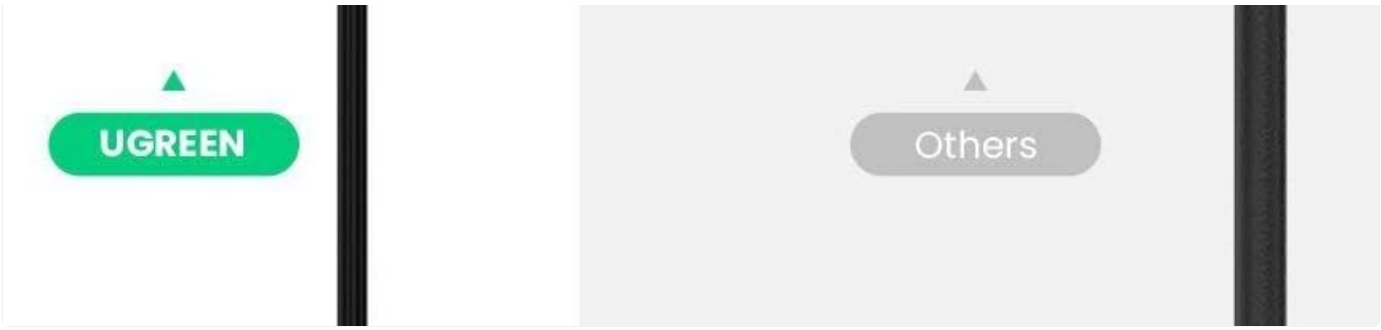

Image: A visual comparison demonstrating how UGREEN's straight connector design (left) minimizes bending stress compared to a typical right-angle connector (right), contributing to a longer product lifespan.

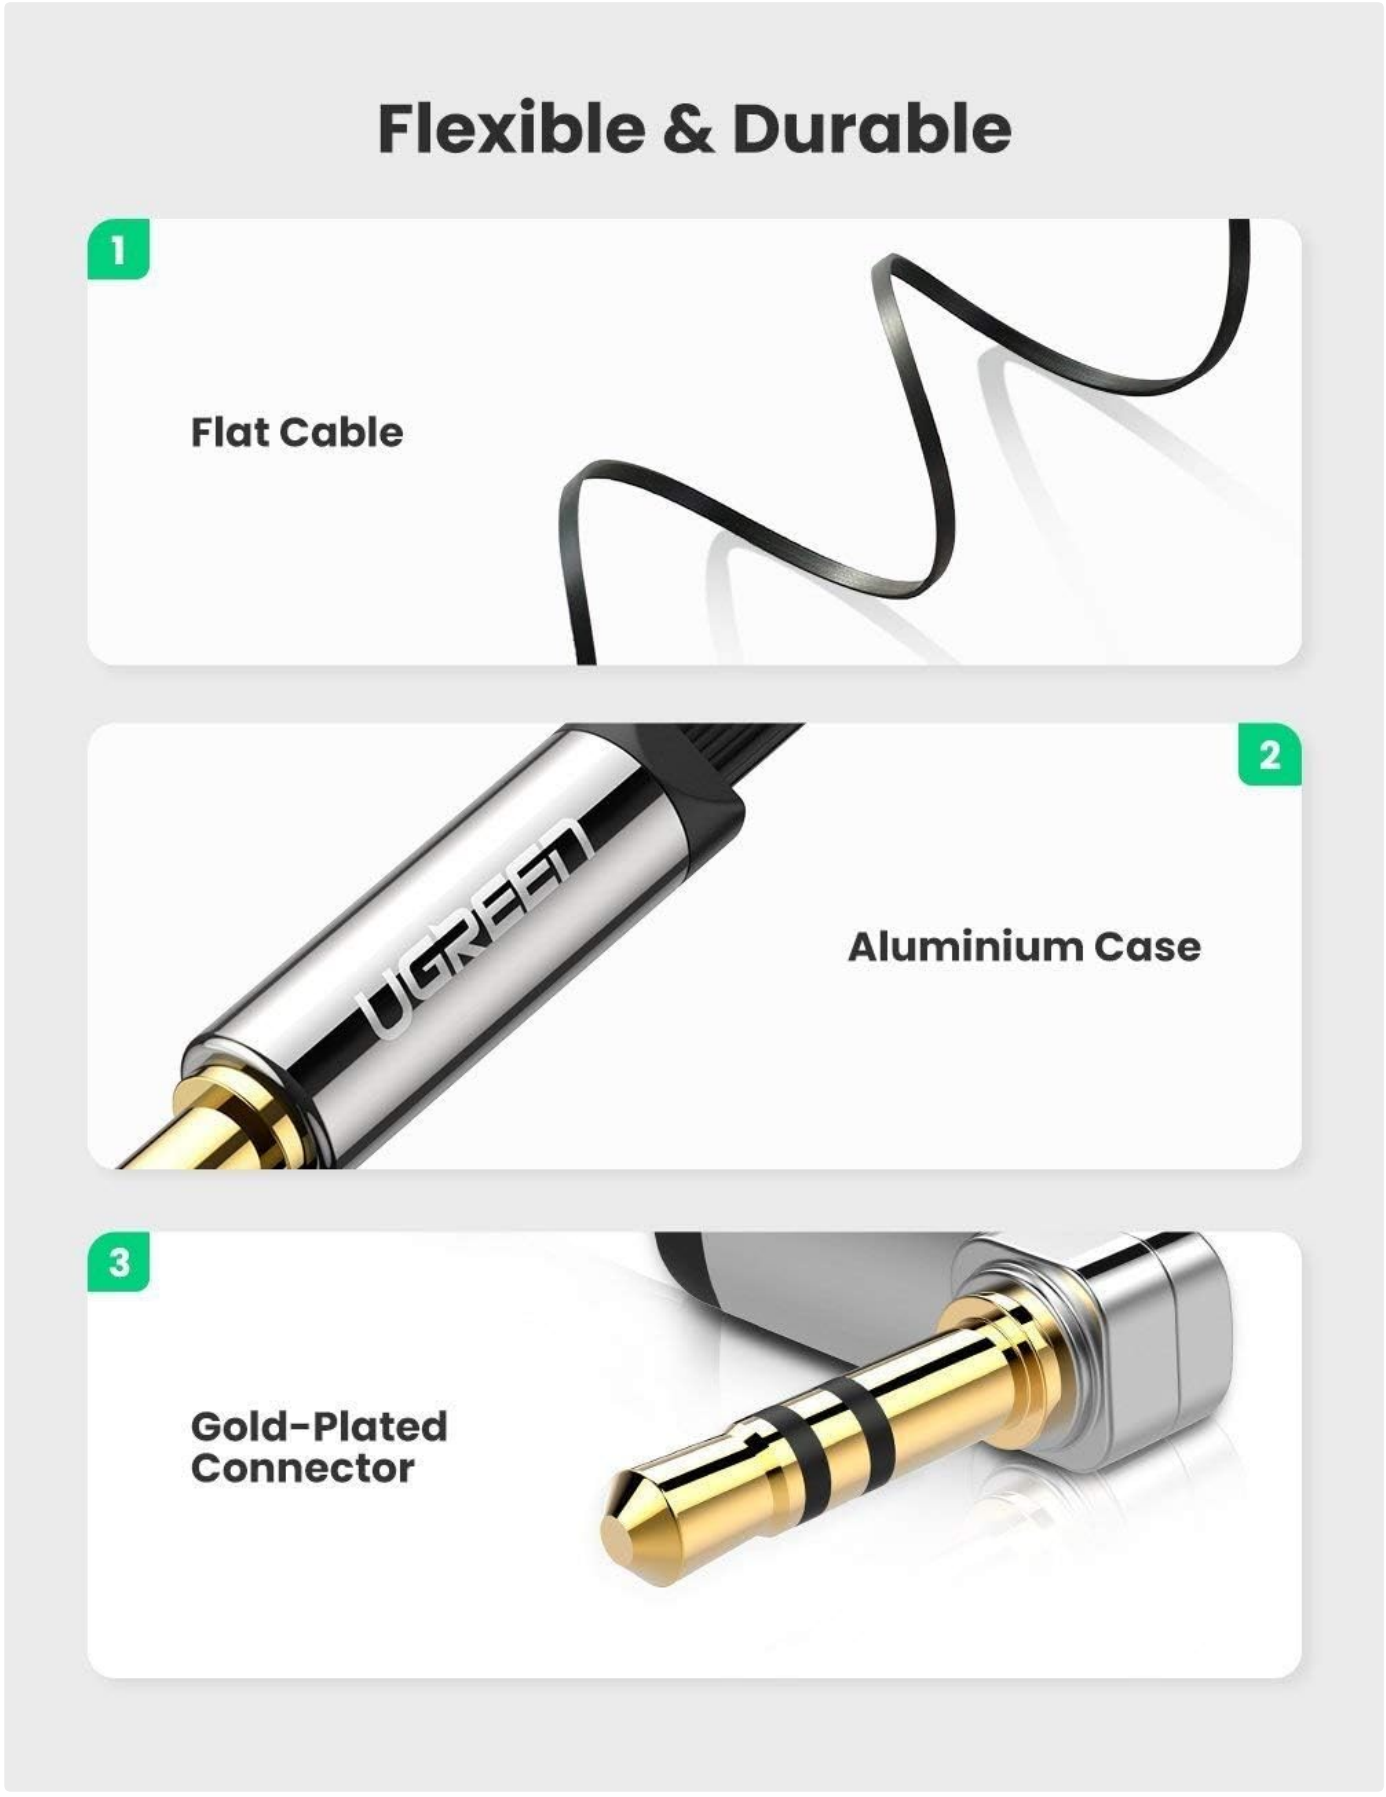

Image: A detailed view of the UGREEN audio cable's construction, highlighting its flexible flat cable design, robust aluminum casing, and durable gold-plated connector for enhanced performance and longevity.

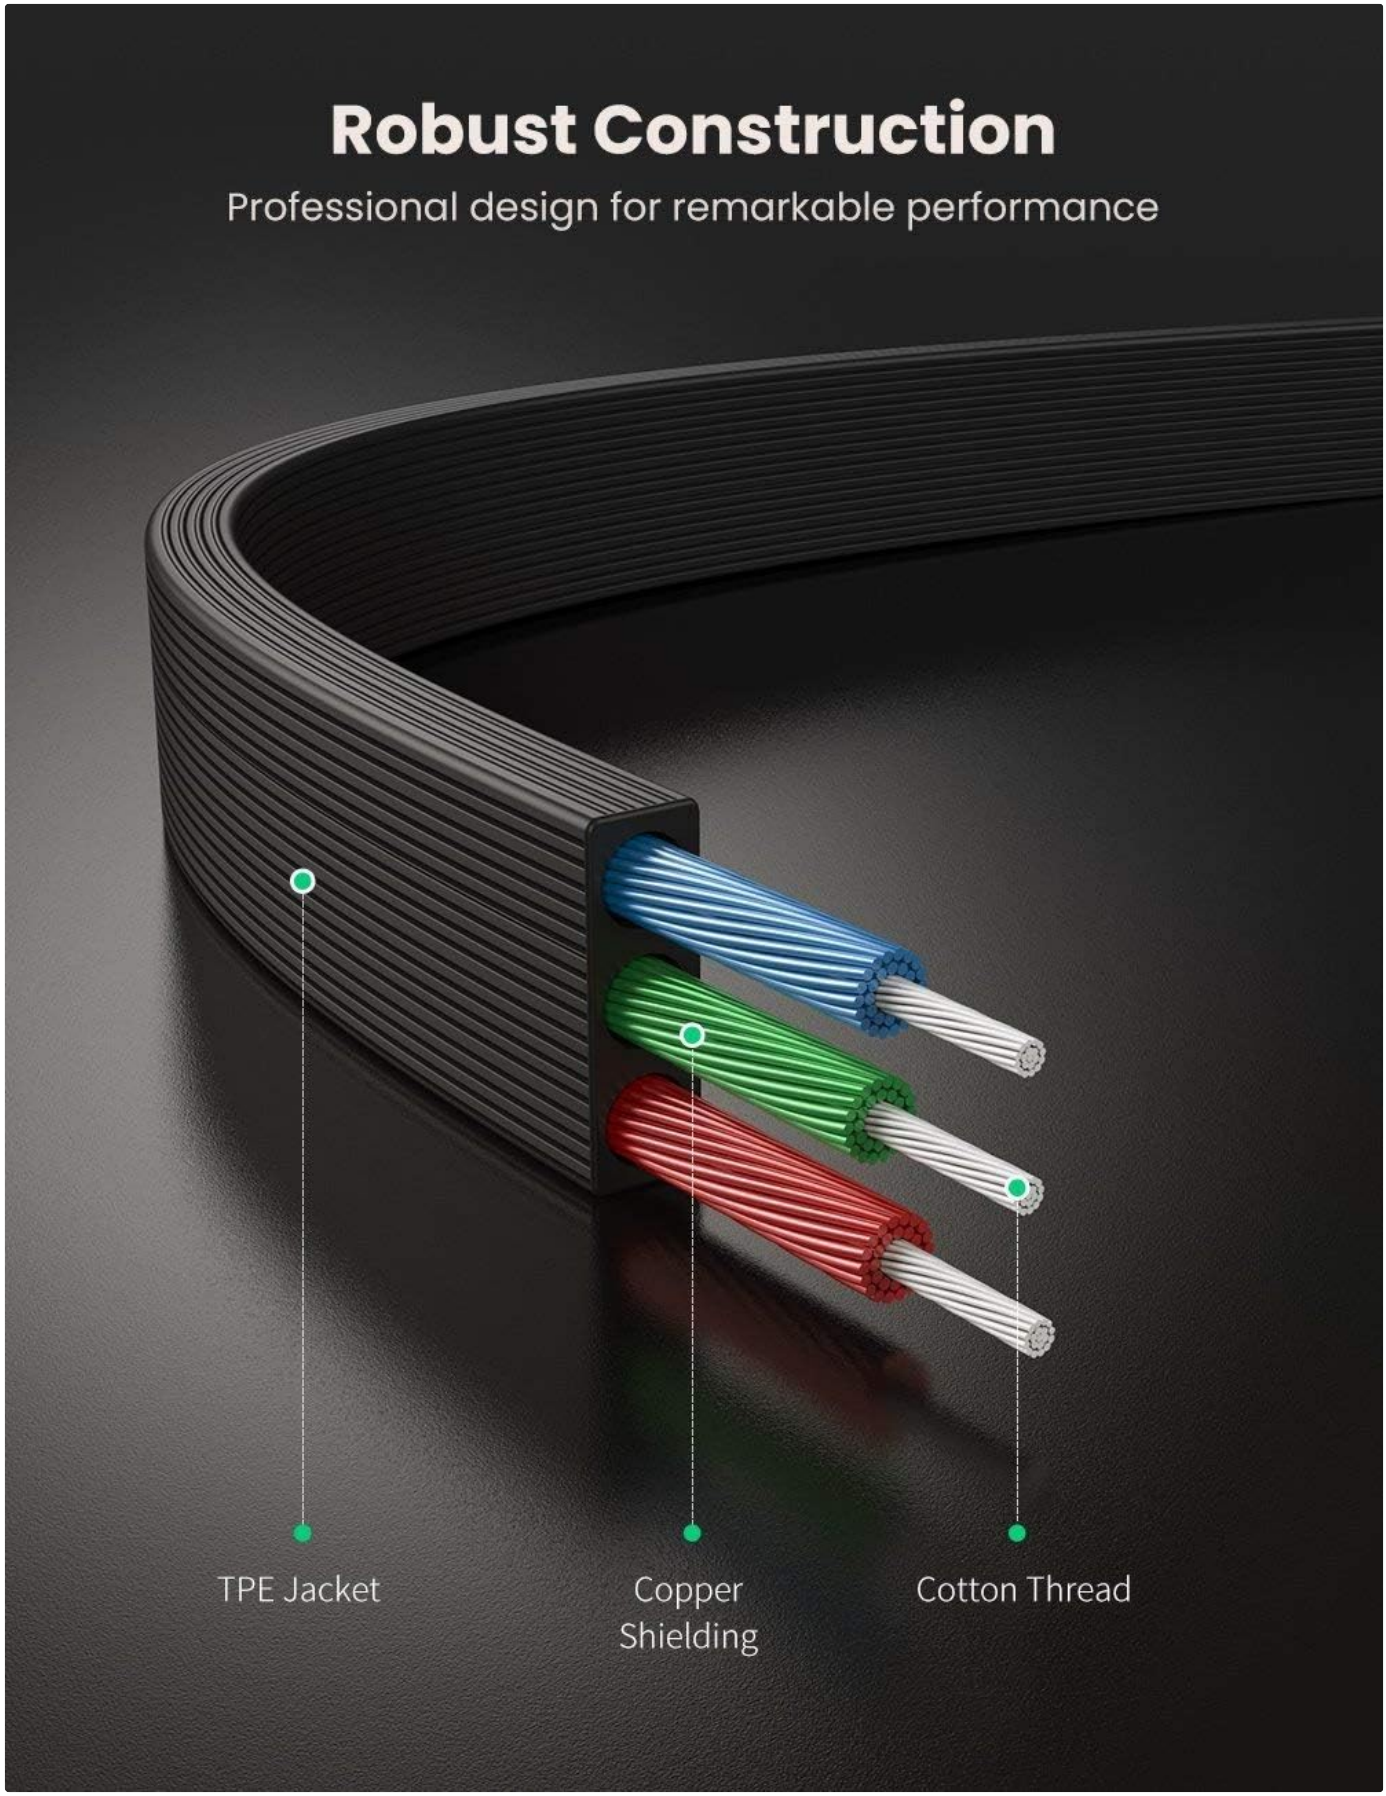

Image: A cross-sectional diagram illustrating the robust internal construction of the UGREEN audio cable, featuring a TPE jacket for protection, copper shielding for signal integrity, and cotton thread for added strength.

8. Troubleshooting

If you encounter issues with your audio cable, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
No sound or intermittent sound	Loose connection, incorrect port, device volume too low, faulty cable.	Ensure both ends of the cable are securely plugged in. Verify you are using the correct audio input/output ports. Increase volume on both devices. Test with another audio cable if available.
Poor audio quality (static, distortion)	Interference, damaged cable, dirty ports, incompatible settings.	Move cable away from other electronic devices that may cause interference. Inspect cable for visible damage. Clean device audio ports gently. Check audio settings on your devices.

9. Specifications

Feature	Detail
Brand Name	UGREEN
Model Number	10598 (AV119)
Cable Type	AUX Audio Cable
Connector Type	3.5mm Male to 3.5mm Male
Cable Length	1.5 meters
Number of Pins	3
Color	Silver
Item Weight	10 grams
Country of Origin	China
Included Components	1 x Audio Cable

10. Warranty and Support

The UGREEN AV119 3.5mm Male to Male Audio Cable comes with a**one-year warranty** from the date of purchase. This warranty covers manufacturing defects and ensures the product is free from defects in material and workmanship under normal use.

For warranty claims, technical support, or any inquiries, please contact UGREEN customer service through the retailer where you purchased the product or visit the official UGREEN website for contact information.
