CyberpowerPC GUA884

CyberpowerPC Gamer Ultra GUA884 Gaming PC

INSTRUCTION MANUAL

1. Setup Guide

This section provides instructions for the initial setup of your CyberpowerPC Gamer Ultra GUA884 Gaming PC. Please follow these steps carefully to ensure proper functionality.

1.1 Unboxing and Placement

Carefully remove the PC from its packaging. Place the PC on a stable, flat surface with adequate ventilation. Ensure there is sufficient space around the unit for airflow to prevent overheating.

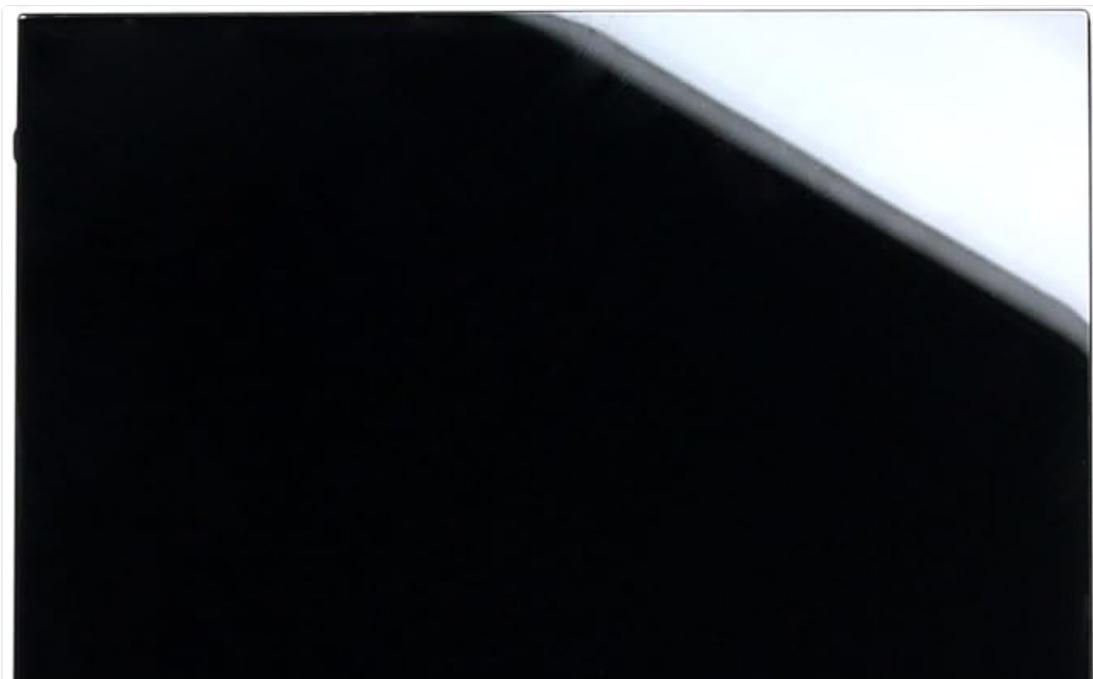

Figure 2: Side view of the CyberpowerPC Gamer Ultra GUA884 desktop computer with tempered glass panel.

1.2 Connecting Peripherals

Connect your monitor, keyboard, and mouse to the appropriate ports on the back of the PC. The system includes 6 USB 2.0 ports for various peripherals. For display, use the VGA, DVI, or HDMI ports on the AMD Radeon R7 240 2GB Video Card.

Figure 3: Top view of the PC, highlighting the top-mounted ports.

Figure 4: Close-up of the top I/O panel.

1.3 Power Connection

Connect the power cable to the PC and then to a grounded electrical outlet. Ensure all connections are secure before powering on the system.

1.4 Network Connectivity

For wired internet, connect an Ethernet cable to the RJ-45 Network Ethernet 10/100/1000 port. For wireless internet,

the system supports 802.11AC Wi-Fi.

1.5 Included Accessories

Your CyberpowerPC Gamer Ultra GUA884 includes:

- Keyboard
- Mouse

2. Operating Instructions

This section details the basic operation of your CyberpowerPC Gamer Ultra GUA884 Gaming PC.

2.1 Powering On

Press the power button located on the top of the PC. The system will boot into Windows 10 Home. Follow any on-screen prompts for initial Windows setup if this is the first time powering on.

Figure 5: Internal view of the PC with red LED lighting.

2.2 System Features

Your PC is equipped with an AMD FX-6300 3.5GHz 6-Core processor and an AMD Radeon R7 240 2GB Video Card, providing performance for gaming and everyday tasks. It features 8GB DDR3 RAM and a 1TB HDD for storage. The tempered glass side case panel allows for a view of the internal components, which include red LED lighting. The system also comes with an RGB 7 Colors Gaming mouse.

2.3 Audio Output

The system supports 7.1 Channel Audio. Connect your speakers or headphones to the audio jacks on the front or rear of the PC.

3. Maintenance

Regular maintenance helps ensure the longevity and optimal performance of your PC.

3.1 Cleaning

- **Exterior:** Use a soft, damp cloth to clean the exterior surfaces. Avoid harsh chemicals.
- **Ventilation:** Periodically clean dust from the ventilation grilles using compressed air to maintain proper airflow and prevent overheating.

3.2 Software Updates

Regularly update your Windows operating system, drivers, and security software to ensure system stability and protection against threats.

4. Troubleshooting

This section addresses common issues you might encounter with your PC.

4.1 No Display on Monitor

- Ensure the monitor is powered on and correctly connected to the graphics card output (VGA, DVI, or HDMI).
- Verify the monitor input source is set correctly.
- Check if the graphics card is properly seated.

4.2 PC Not Powering On

- Confirm the power cable is securely connected to both the PC and the electrical outlet.
- Test the outlet with another device to ensure it is functional.
- Check the power supply switch on the back of the PC (if applicable).

4.3 System Slowdown

- Close unnecessary applications running in the background.
- Run a disk cleanup and defragmentation (for HDD).
- Check for malware or viruses.
- Ensure the system has adequate ventilation to prevent thermal throttling.
