SETUP AND INSTALLATION

This mattress is designed to fit most mini and portable cribs. Before installation, it is crucial to measure your crib's interior dimensions to ensure a proper and safe fit. The mattress dimensions are 38 inches (L) x 24 inches (W) x 4 inches (H).

1. **Unpack:** Carefully remove the mattress from its packaging. Allow it to air out for 24 hours if any initial scent is present.
2. **Measure Crib:** Confirm your mini or portable crib's interior dimensions are compatible with the mattress (38"L x 24"W x 4"H). There should be no gaps larger than two fingers between the mattress and the crib sides.
3. **Place Mattress:** Position the mattress securely within the crib frame.
4. **Check Fit:** Ensure the mattress fits snugly without any significant gaps around the edges. A snug fit is essential for infant safety.

Important: This mattress is not intended for use with standard-sized cribs or Pack 'n Plays.

CARE AND MAINTENANCE

Proper care ensures the longevity and hygiene of your Simmons Kids SlumberTime Naturally Mini Crib Mattress.

- **Cleaning:** The mattress cover is designed for hand washing only. Use mild soap and water for spot cleaning. Do not machine wash or tumble dry.
- **Drying:** Allow the mattress to air dry completely before placing it back into the crib.
- **Flipping:** The mattress is dual-sided and waterproof on both sides. Regularly flip the mattress to maintain freshness and even wear, extending its usable life.
- **Protection:** While the cover is waterproof, using a mattress protector can add an extra layer of defense against spills and prolong the mattress's pristine condition.
