Yaheetech 43-Inch Heavy Duty Metal Dog Crate Instruction Manual

Model: dog cage 614097

1. Introduction

Thank you for choosing the Yaheetech 43-Inch Heavy Duty Metal Dog Crate. This manual provides essential information for the safe and effective assembly, operation, and maintenance of your new pet enclosure. Please read all instructions carefully before use.

This robust dog crate is designed with durability and convenience in mind, featuring solid metal construction, double doors, an extra feeding door, secure latching systems, lockable wheels, and removable trays for easy cleaning. Its collapsible design allows for compact storage when not in use.

2. Safety Information

- Always ensure all parts are securely fastened before placing your pet inside the crate.
- Do not allow children to play inside or around the crate unsupervised.
- Regularly inspect the crate for any damaged or loose parts. Discontinue use if damage is found and contact customer support.
- Ensure the crate is placed on a stable, level surface.
- Do not use the crate as a means of transport without proper securing.
- This crate is intended for indoor use. Prolonged outdoor exposure may affect its durability.

3. Package Contents

Verify that all components listed below are present before beginning assembly.

Video 3.1: Overview of the Yaheetech Heavy Duty Strong Metal Pet Dog Cage components before assembly.

- Crate Panels (Pre-assembled folding unit)
- Bottom Trays (2 units)
- Lockable Wheels (4 units)
- Assembly Hardware (Screws, nuts, Allen wrench, regular wrench)
- Divider Panel (1 unit)
- Feeding Bowls (2 units, with holders)

4. Setup Instructions

All necessary parts, hardware, and tools are prepared to help with a quick setup. Follow these step-by-step instructions for assembly.

1. **Unfold the Crate:** Carefully unfold the main crate structure from its compact, folded state. Ensure all hinged panels are extended to form the basic rectangular shape.

Image 4.1: Visual guide for unfolding the crate into its operational form.

2. **Attach the Wheels:** Screw the four lockable wheels into the designated holes at the bottom corners of the crate. Use the provided wrench to tighten them securely.

Video 4.2: Step-by-step demonstration of attaching the lockable wheels.

3. **Secure Side Panels:** Use the provided screws and Allen wrench to secure the side panels at the top and bottom corners. Ensure all connections are tight to maintain the crate's stability.
4. **Install Divider (Optional):** If you wish to divide the crate into two sections, slide the divider panel into the central slots. This allows for separate spaces for multiple pets or to adjust space as needed.
5. **Insert Trays:** Slide the two removable bottom trays into the designated slots beneath the grated floor.
6. **Attach Feeding Bowls:** Secure the feeding bowl holders to the small feeding doors on the front of the crate, then place the stainless steel bowls into the holders.

5. Operating Instructions

5.1 Double Doors & Extra Feeding Door

The crate features two main front doors and a smaller built-in feeding door on each main door. The top panel of the crate can also be opened for full access.

Image 5.1: The crate's open top, double-door design, and slide-out trays for versatile use.

5.2 Safe Latching System

Each door is equipped with a 2-step lock system. To open, lift the latch and slide it. The latches are designed to prevent pets from opening the doors, ensuring security.

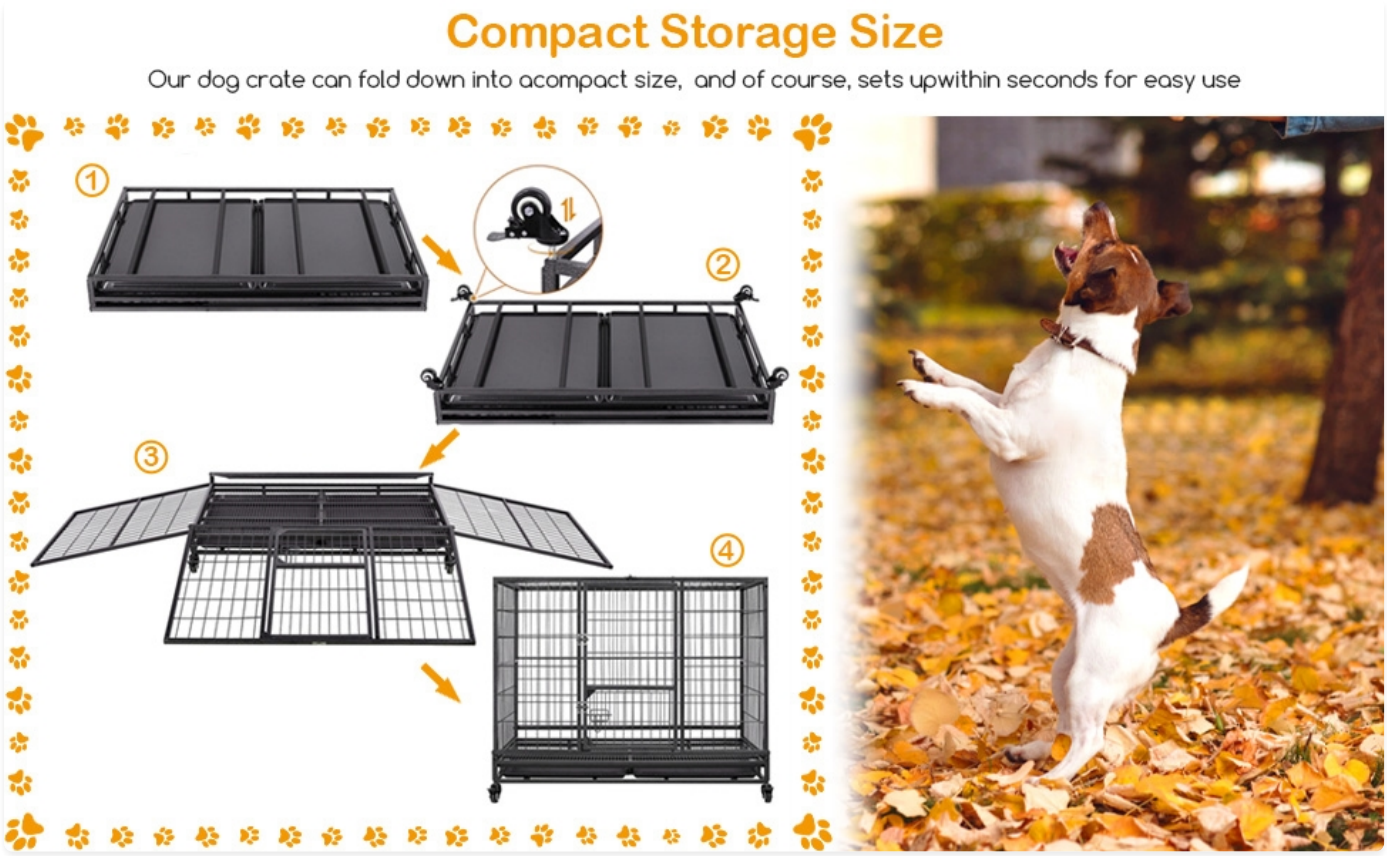

Image 5.2: Detailed view of the secure sliding lock mechanism.

5.3 Lockable Wheels

The 360-degree swivel wheels allow for easy movement of the crate. Each wheel includes a step-on brake. To lock the wheels, press down on the brake lever. To unlock, lift the lever.

Image 5.3: Detail of the lockable wheel for stability and mobility.

5.4 Foldable Design

The crate can be easily folded down into a compact size for convenient storage or transport. Reverse the assembly steps to fold the crate.

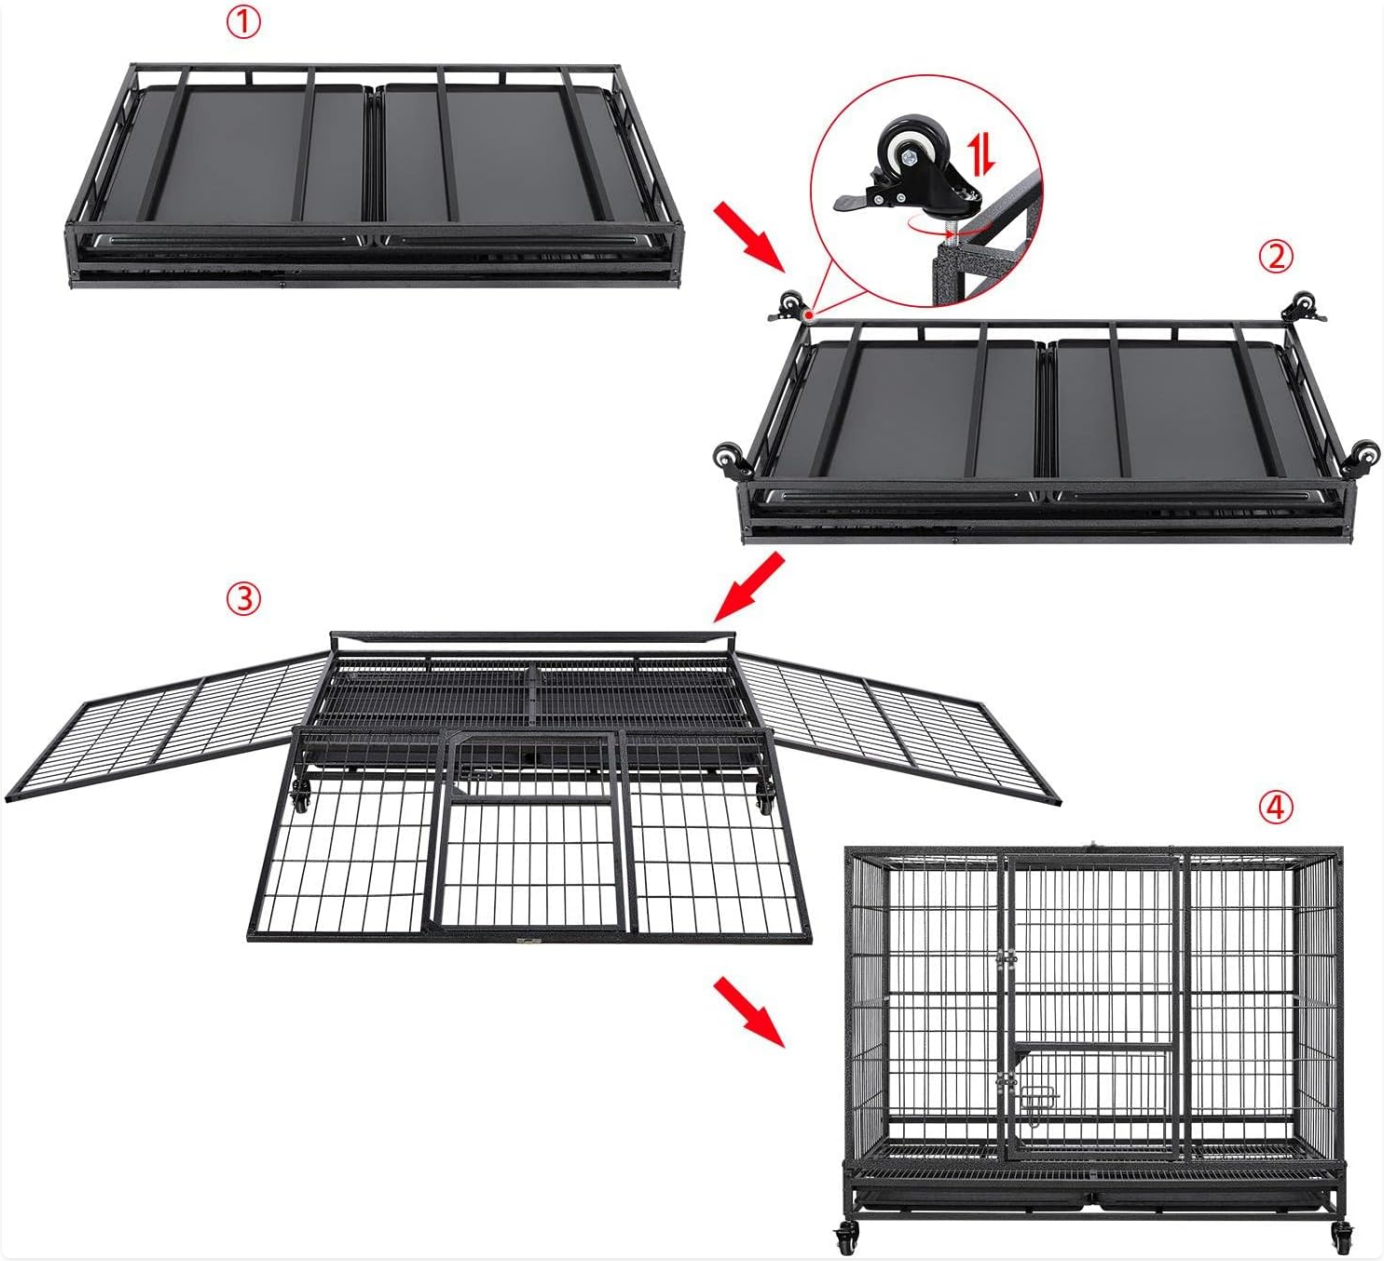

Image 5.4: Steps for folding the crate for compact storage.

6. Maintenance

6.1 Cleaning the Trays

The two separated slide-out pans beneath the cage can be removed individually. They can be easily washed with water and a mild cleanser. The grated floor prevents pets from directly contacting the trays, ensuring hygiene.

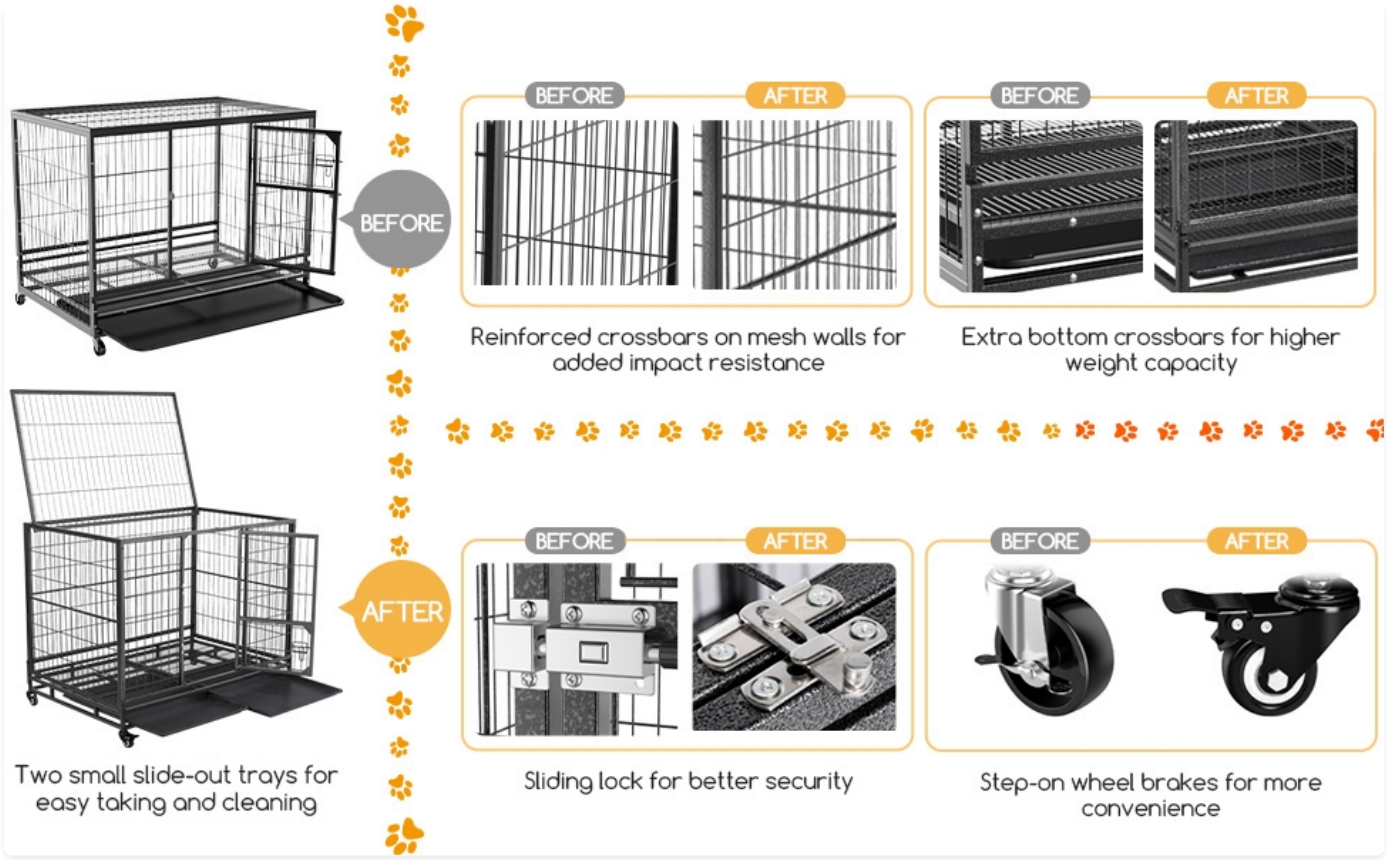

Image 6.1: Illustration of the slide-out trays for easy cleaning.

6.2 General Care

Wipe down the metal frame with a damp cloth as needed. Avoid harsh chemicals that could damage the powder coating. Ensure the crate remains dry to prevent rust.

7. Troubleshooting

Problem	Possible Cause	Solution
Crate feels unstable after assembly.	Loose screws or improper panel alignment.	Re-check all screw connections and ensure they are tightened. Verify that all panels are correctly aligned and seated in their hinges/slots.
Doors do not latch securely.	Latch mechanism is obstructed or misaligned.	Ensure no debris is blocking the latch. Check if the door frame is bent or misaligned, gently adjust if possible.
Wheels are not rolling smoothly or locking.	Debris in wheel mechanism or brake not fully engaged/disengaged.	Clean any hair or debris from the wheels. Ensure the brake lever is fully pressed down to lock or fully lifted to unlock.
Divider panel is loose.	Not properly seated in the slots.	Ensure the divider is fully inserted into the designated grooves on both the top and bottom of the crate.

8. Specifications

Feature	Detail
Model Name	dog cage 614097
Dimensions (L x W x H)	43.0"L x 28.5"W x 35.0"H
