## 4. SETUP AND INSTALLATION

Follow these steps to correctly install your tablet into the TGK Rotating Cover:

1. Gently slide your Lenovo Tab M10 HD tablet into the case, ensuring the screen faces the open side of the cover.
2. Secure the tablet by carefully stretching each of the four elastic bands over the corners of your tablet. Ensure each corner is firmly held by an elastic band.
3. Verify that all ports, buttons, and the camera lens are accessible through the precise cutouts of the case.
4. Close the cover and secure it with the integrated elastic band that wraps around the front.

## 4 Corners with Strong Elastic Bands

## 5. OPERATING INSTRUCTIONS

### Using the 360-Degree Rotating Stand:

The TGK Rotating Cover features a unique 360-degree swivel mechanism, allowing you to position your tablet in various viewing angles.

1. Open the front cover of the case.
2. Locate the central pivot point on the back of the case where the tablet is mounted.
3. Rotate the tablet to your desired orientation (portrait or landscape).
4. Fold the front cover back to form a triangular stand, utilizing the grooves on the interior of the cover. This will prop up your tablet at a comfortable viewing angle.

## 6. MAINTENANCE

To ensure the longevity and appearance of your TGK Rotating Cover, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the exterior surface with a soft, damp cloth. For stubborn stains, use a mild soap solution and then wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Over-Stretching:** While the elastic bands are durable, avoid excessive stretching to maintain their elasticity.
- **Handle with Care:** Although designed for protection, avoid dropping the case from significant heights or subjecting it to undue force.

## 7. TROUBLESHOOTING

Most issues with the TGK Rotating Cover are related to incorrect installation or compatibility. Refer to the sections below for common concerns:

- **Case Does Not Fit:**
  - Ensure your tablet model number matches the compatible models listed in Section 3.
  - Verify that the tablet is correctly aligned and the elastic bands are stretched over all four corners.
- **Tablet Feels Loose:**
  - Re-check that all four elastic bands are securely holding the tablet corners.
  - Ensure the tablet is fully seated within the case.
- **Stand Functionality Issues:**
  - Ensure the front cover is folded correctly into a stable triangular shape.
  - Check that the rotating mechanism is clean and free from debris.

If you encounter issues not covered here, please contact TGK customer support.
