SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. A full charge takes approximately 2.5 hours.

1. Connect the micro USB end of the charging cable to the charging port on the headphones.
2. Connect the USB-A end of the charging cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (e.g., red light for charging, blue light for fully charged).

2. Bluetooth Pairing

Pair your headphones with your Bluetooth-enabled device (smartphone, tablet, laptop, etc.).

1. Ensure the headphones are turned off.
2. Press and hold the Power button for approximately 3-5 seconds until the LED indicator flashes blue and red.

alternately, indicating pairing mode.

3. On your device, enable Bluetooth and search for available devices.
4. Select "WH-816" or "TUINYO Headphones" from the list of found devices.
5. Once connected, the LED indicator will slowly flash blue, and you will hear a confirmation tone.

The headphones will automatically attempt to reconnect to the last paired device when turned on.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the Power button for 2-3 seconds.
- **Power Off:** Press and hold the Power button for 3-4 seconds.

Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Long press the Volume Up (+) button.
- **Previous Track:** Long press the Volume Down (-) button.
- **Volume Up:** Short press the Volume Up (+) button.
- **Volume Down:** Short press the Volume Down (-) button.

Phone Calls

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Long press the Multi-function button.
- **Redial Last Number:** Double-press the Multi-function button.

Wired Mode

You can use the headphones in wired mode even if the battery is depleted.

- Connect one end of the 3.5mm audio cable to the headphone's 3.5mm audio jack.
- Connect the other end to your audio source's 3.5mm audio output.
- In wired mode, the headphone's controls (volume, track control) may not function, and you will need to control playback from your connected device.

WIRELESS CALLS & ENJOY MUSIC TIME

MAINTENANCE

Proper care will extend the life of your headphones.

- Clean the headphones regularly with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the headphones in the provided protective case when not in use to prevent damage.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.
- Do not attempt to disassemble or modify the headphones, as this will void the warranty.
- Keep the charging port free of dust and debris.

TROUBLESHOOTING

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Headphones won't turn on.	Ensure the headphones are charged. Connect to a power source and try again.
Cannot pair with device.	Ensure headphones are in pairing mode (flashing blue/red). Make sure Bluetooth is enabled on your device. Move headphones closer to your device. Forget/remove the headphones from your device's Bluetooth list and try pairing again. Restart both the headphones and your device.
No sound or low volume.	Increase volume on both the headphones and your connected device. Ensure headphones are properly connected via Bluetooth or 3.5mm cable. Try playing different audio sources.
Microphone not working during calls.	Ensure the headphones are connected via Bluetooth (microphone does not work in wired mode). Check your device's audio settings to ensure the headphones are selected as the input/output device.
Intermittent connection.	Reduce the distance between headphones and device. Avoid obstacles (walls, large objects) between devices. Minimize interference from other wireless devices.
