JIFAR SW-EA01

JIFAR Electric Wine Aerator & Automatic Wine Dispenser

Model: SW-EA01

INTRODUCTION

This manual provides essential instructions for the safe and efficient operation and maintenance of your JIFAR Electric Wine Aerator and Automatic Wine Dispenser. This device is designed to instantly aerate and dispense wine, enhancing its flavor and aroma with a simple one-button operation.

PACKAGE CONTENTS

- Electric Wine Aerator / Dispenser Unit
- Flexible Tube
- USB Charging Cable
- Vacuum Stopper
- Manual Corkscrew
- Storage Bag
- Instruction Manual

SETUP

1. **Attach the Flexible Tube:** Insert the flexible tube firmly into the bottom opening of the aerator unit. Ensure it is securely connected.

EASY INSTALLMENT

1.The guide tube connects the wine aerator

2.Put the wine aerator into your wine bottle

3.Press the button to sober up

Image: Steps for attaching the flexible tube and placing the aerator onto a wine bottle.

2. **Insert into Wine Bottle:** Place the assembled aerator unit onto the neck of your wine bottle. The flexible tube should extend into the wine.
3. **Charging the Device:** Before first use, fully charge the aerator using the provided USB cable. A full charge typically takes 3-4 hours and allows aeration of 60-80 bottles of 750ml wine.

3. **Stop Dispensing:** Release the button to stop the flow of wine.
4. **Power Indicator Lights:** The device features red, green, and yellow power indicator lights to show battery status.

CLEANING AND MAINTENANCE

1. **Self-Cleaning Mode:** To clean the internal components, attach the flexible tube to the aerator and place the tube into a glass of clean water. Press the dispense button to flush water through the system until it runs clear.

How to Clean Your Wine Aerator & Storing

1. Simply fill an empty wine bottle with water and dispense the water through your Aerator exactly as you would with wine.

2. you can take a damp washcloth and wipe down the tube, Aerator body, and spout Store your Aerator in a dry place.

Image: Visual guide for cleaning the aerator by running water through it and wiping the exterior.

2. **Exterior Cleaning:** Wipe the exterior surface of the aerator with a damp cloth. Do not submerge the main unit in water.
3. **Storage:** Store the aerator in a dry place, preferably in the provided storage bag, when not in use.

TROUBLESHOOTING

- **Power Indicator Light Always On:** If the power indicator light remains on continuously, long-press the switch button for 15 seconds until the indicator light flashes once. The light will then turn off within 30 seconds.
- **Device Not Dispensing:** Ensure the flexible tube is properly submerged in the wine and securely attached to the aerator. Check if the device is sufficiently charged.
- **Slow Dispensing:** Verify that the flexible tube is not kinked or obstructed. Ensure the battery is adequately charged.
