

GLCON External Hard Drive Case

GLCON Shockproof EVA Carrying Case

Model: External Hard Drive Case (ASIN: B07ZFHJ578)

Your essential guide to protecting and organizing your electronic accessories.

1. INTRODUCTION

The GLCON Shockproof EVA Carrying Case is designed to provide robust protection and organized storage for your valuable electronic accessories. Constructed from durable EVA material, this hard case safeguards items such as external hard drives, power banks, USB cables, and other small gadgets from impacts and scratches during travel or daily use.

2. KEY FEATURES

- **High Protection:** Made from shockproof EVA material to absorb impacts and prevent damage.
- **Dual Zipper Design:** Equipped with two robust zippers for secure closure and easy access.
- **Organized Interior:** Features an internal mesh pocket and an elastic strap to keep items securely in place and prevent tangling.
- **Compact and Portable:** Lightweight design allows for easy carrying in backpacks, briefcases, or by hand.
- **Wide Compatibility:** Suitable for various small electronic devices and accessories.

Superior Material - High Protection

Why Choose GLCON?

★★★★★ High Quality and Very Durable

Reviewed in the United States on February 6, 2022

Color: Orange | **Verified Purchase**

This storage case is fantastic! It is very well constructed and sturdy. I was very impressed with how stiff and solid this case is, which means it protects my device very well.

As you see in my pictures I use the case to store my pulse oximeter in. Then the case goes inside my jump-bag with all my other EMS Equipment. This case protects my expensive pulse oximeter and takes a beating. It stands up to:

- Multiple daily uses.
- Harsh conditions.
- Being "tossed" around.

Overall this case will definitely protect your device without a doubt. You can count on it standing up to almost anything you put it up against. The price vs quality is perfect! It's also great that the manufacturer offers different sizes to fit your needs. I have already purchased another case and anticipate to purchase many more.

★★★★★ The build is quite impressive!

I like this case! It is sturdy and it holds my power bank and several cables nicely!

★★★★★ Great for iPhone 13 Pro Max

Reviewed in the United States on January 11, 2022

Color: Blue | **Verified Purchase**

Perfect fit in size for iPhone 13 Pro Max. Provides extra protection if you want to carry phone in a back pack, etc.

★★★★★ Protective case

Reviewed in the United States on December 12, 2021

Color: Black | **Verified Purchase**

Perfect size for my cell phone and charger. Great for travel or any situation where the phone can be including carry on luggage.

The GLCON case is designed with shockproof EVA material, providing superior protection against drops and impacts for your valuable electronics.

3. COMPATIBILITY

This carrying case is versatile and compatible with a range of small electronic devices and accessories, including but not limited to:

- Western Digital WD My Passport USB 3.0, Seagate Expansion Backup, Toshiba external hard drives (500G, 1TB, 2TB, 3TB, 4TB)

- Anker, Jackery, RAVPower power banks
- Cell phones, Bluetooth earpieces, USB cables, memory cards, and other small gadgets.

The GLCON carrying case is shown alongside an external hard drive and a tablet, illustrating its suitability for storing various portable electronic devices.

4. SETUP AND USAGE

Using your GLCON carrying case is straightforward:

1. **Open the Case:** Unzip the dual zippers completely to open the case flat.
2. **Place Devices:** Position your main device (e.g., hard drive, power bank) under the elastic strap on one side to secure it.
3. **Organize Accessories:** Utilize the mesh pocket on the opposite side to store smaller accessories like USB cables, earbuds, or memory cards.
4. **Close Securely:** Ensure all items are properly placed, then zip the case closed using both zippers.

The compact size of the GLCON carrying case allows it to easily fit into a backpack or travel bag, making it ideal for on-the-go protection.

5. MAINTENANCE

To keep your GLCON carrying case in optimal condition:

- **Cleaning:** Wipe the exterior with a damp cloth using plain water. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth.
- **Drying:** Allow the case to air dry completely before storing any electronic devices inside.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or solvents, as these may damage the EVA material.

6. TROUBLESHOOTING

- **Zipper Sticks:** If the zipper becomes stiff, apply a small amount of zipper lubricant or a graphite pencil lead along

the teeth and gently work the zipper back and forth.

- **Items Don't Fit:** Ensure that the dimensions of your devices are within the internal measurements of the case. Avoid overstuffing, as this can strain the zippers and material.
- **Case Deforms:** The EVA material is designed to retain its shape. If minor deformation occurs, it may return to its original form over time. Avoid placing heavy objects on the case for extended periods.
