1. INTRODUCTION

Thank you for choosing the Bedsure Orthopedic Waterproof Dog Bed. This manual provides essential information for the proper setup, operation, and maintenance of your new pet bed. Designed with your pet's comfort and health in mind, this bed features high-density egg crate foam for optimal joint relief and a durable, easy-to-clean design.

Key Features:

- **Optimal Joint Relief:** High-density egg crate foam molds to your dog's body, easing joint pressure and promoting deep, restorative sleep.
- **Luxurious, Water-Resistant Comfort:** Soft, skin-friendly sherpa fabric and a waterproof layer keep your pet cozy and the bed fresh, even after accidents.
- **Pet-Safe & Eco-Friendly:** CertiPUR-US egg crate foam and OEKO-TEX sherpa fabrics with an anti-slip base that ensures the bed stays firmly in place on any surface.
- **All-Purpose Design:** Available in multiple sizes to suit any breed or lifestyle—perfect for home, travel or outdoor adventures.
- **Effortless Care:** The removable, machine-washable cover is stain-resistant, making cleanup quick and easy.

2. SETUP INSTRUCTIONS

Your Bedsure Orthopedic Dog Bed is shipped in a vacuum-sealed package to ensure freshness and reduce shipping volume. Follow these steps to set up your pet bed:

1. **Unpack:** Carefully remove the foam and cover from the vacuum-sealed packaging.
2. **Restore Shape:** Place the egg crate foam in a well-ventilated area or under direct sunlight. Allow up to 48 hours for the foam to fully expand and regain its original shape.
3. **Assemble:** Once the foam has fully expanded, insert it into the removable fabric cover. Ensure the foam is properly aligned within the cover.
4. **Secure:** Zip the cover closed securely.
5. **Ready for Use:** Your Bedsure dog bed is now ready for your pet to enjoy.

3. OPERATING INSTRUCTIONS

The Bedsure Orthopedic Waterproof Dog Bed is designed for continuous use, providing a comfortable and supportive resting place for your dog. Simply place the bed in your desired location, whether it's in a crate, on the floor, or in a travel vehicle. The anti-slip bottom ensures the bed stays in place during use.

Optimal Comfort:

The egg crate foam is engineered to distribute your pet's weight evenly, alleviating pressure points and providing orthopedic support, which is especially beneficial for older dogs or those with joint issues. The soft sherpa surface offers a cozy and inviting texture for your pet to rest on.

4. MAINTENANCE

Maintaining your Bedsure dog bed is simple, thanks to its removable and machine-washable cover. Regular cleaning will ensure hygiene and prolong the life of the product.

Cleaning Instructions:

1. **Remove Cover:** Unzip and remove the fabric cover from the foam insert.
2. **Machine Wash:** Machine wash the cover separately in cold water on a gentle cycle. Use a mild detergent.
3. **Tumble Dry:** Tumble dry on low heat or air dry. Do not bleach or iron.
4. **Foam Care:** The egg crate foam insert is not machine washable. If the foam becomes soiled, spot clean with a damp cloth and mild soap. Allow to air dry completely before reinserting into the cover.
5. **Regular Cleaning:** For best results, clean the cover regularly, especially if your pet spends a lot of time outdoors or sheds frequently.

5. TROUBLESHOOTING

If you encounter any issues with your Bedsure Orthopedic Waterproof Dog Bed, please refer to the following common solutions:

- **Foam Not Fully Expanded:** If the foam does not fully expand within 48 hours of unpacking, gently massage the foam to encourage air circulation and expansion. Ensure it is in a warm, well-ventilated area.
- **Persistent Odor:** New foam products may have a slight odor upon unpacking. This is normal and will dissipate. For persistent odors, ensure the cover is thoroughly washed and dried. Air out the foam in a well-ventilated area away from direct sunlight for a few hours.
- **Attracts Debris/Hair:** The soft sherpa surface may attract pet hair, grass, or dust. Regular vacuuming or using a lint roller on the cover is recommended to keep it clean.
- **Cover Difficult to Zip:** Ensure the foam is correctly positioned and not bunched up inside the cover before zipping. If the foam is too large, gently compress it while zipping.
