## Fellowes 4657301

# Fellowes AutoMax 600M Paper Shredder

Model: 4657301 | Brand: Fellowes

2-in-1 Heavy Duty Auto Feed Commercial Paper Shredder with Micro-Cut

## INTRODUCTION

The Fellowes AutoMax 600M Shredder is designed to provide ultra-efficient and frustration-free shredding for office and commercial environments. It offers both manual and automatic operation to adapt to various shredding needs. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your shredder.

## IMPORTANT SAFETY INFORMATION

- Always keep hands, hair, loose clothing, and ties away from the paper entry.
- Keep children and pets away from the shredder.
- Unplug the shredder when not in use or before moving, cleaning, or emptying the waste bin.
- Do not use aerosol products, petroleum-based lubricants, or other flammable products on or near the shredder.
- Do not shred metal objects, large paper clips, or continuous forms.
- Ensure the shredder is placed on a stable, level surface.

## SETUP

1. **Unpacking:** Carefully remove the shredder from its packaging. Retain packaging for future transport or storage.
2. **Placement:** Position the shredder on a flat, stable surface near a power outlet. Ensure adequate ventilation around the unit. The shredder dimensions are approximately 22.75 x 17.38 x 35.06 inches and it weighs 84.2 pounds.
3. **Waste Bin Installation:** Ensure the 22-gallon removable waste bin is correctly inserted into the shredder. The shredder will not operate if the bin is not properly seated.

# SPACIOUS PULL-OUT BIN

## TO ELIMINATE MESS

Figure 1: Spacious 22-gallon pull-out bin for easy emptying. An LED indicator signals when the bin is full.

4. **Power Connection:** Plug the power cord into a grounded electrical outlet.

## OPERATING INSTRUCTIONS

### Automatic Feed Operation

The AutoMax 600M features an automatic AccuFeed System, allowing for hands-free shredding of large volumes of paper.

1. Open the auto-feed tray cover.
2. Load up to 600 sheets of paper into the auto-feed tray. The shredder can handle documents with staples and small paper clips.
3. Close the auto-feed tray cover.
4. Press the 'Play' button on the control panel to begin shredding. The shredder will automatically feed and shred the documents. You can walk away and let the machine complete the task.

## Manual Feed Operation

For quick, smaller jobs, the manual feed slot allows for shredding up to 14 sheets at a time.

- Insert paper (up to 14 sheets), credit cards, or junk mail into the manual feed slot.
- The shredder will automatically detect the material and begin shredding.

## Security Features

- **Micro-Cut Shredding:** The AutoMax 600M shreds documents into 5/64" x 1/2" micro-cut particles, providing superior security (security level P-5) for confidential information.

# ULTIMATE SECURITY WITH MICRO-CUT

*Figure 5: Micro-cut particles ensure ultimate security for your shredded documents.*

- **SmartLock™:** This feature allows you to lock the shredder with a unique 4-digit PIN after loading documents, preventing unauthorized access to your sensitive information during automatic shredding.

**SMART  
LOCK™**

FOR GREATER SECURITY

*Figure 6: Smart Lock provides enhanced security by allowing you to lock the shredder.*

- **SilentShred™:** Designed for quiet operation, the SilentShred feature minimizes noise disruption in shared workspaces.

QUIET OPERATION TO  
REDUCE DISTRACTION

Figure 7: SilentShred technology ensures quiet operation, reducing distraction in the office.

- **Auto Reverse:** This feature automatically stops and reverses the paper flow if a jam is detected, preventing disruptions and ensuring smooth operation.

## MAINTENANCE

- **Emptying the Waste Bin:** Regularly empty the 22-gallon waste bin to prevent overfilling and potential jams. The LED bin-full indicator will alert you when it's time to empty.
- **Oiling the Cutters:** To maintain optimal performance and extend the life of your shredder, oil the cutters regularly with Fellowes shredder oil. Follow the instructions provided with the oil for proper application.
- **Cleaning:** Wipe the exterior of the shredder with a soft, dry cloth. Do not use abrasive cleaners or solvents.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Shredder does not turn on.	Power cord not plugged in; waste bin not properly inserted; shredder overheated.	Ensure power cord is securely plugged in. Check that the waste bin is fully inserted. Allow the shredder to cool down if it has been running continuously.

Problem	Possible Cause	Solution
Paper jam.	Too much paper inserted; paper not fed straight.	The Auto Reverse feature should clear most jams. If not, press the reverse button to clear the paper. Reduce the amount of paper for the next shredding cycle.
Shredder stops during operation.	Waste bin full; shredder overheated.	Empty the waste bin. Allow the shredder to cool down for approximately 30 minutes before resuming operation.

## SPECIFICATIONS

- Product Dimensions:** 22.75 x 17.38 x 35.06 inches
- Item Weight:** 84.2 pounds
- Waste Bin Capacity:** 22 Gallons (83 Liters)
- Cut Type:** Micro-Cut (5/64" x 1/2" particles)
- Security Level:** P-5
- Auto Feed Capacity:** Up to 600 sheets
- Manual Feed Capacity:** 14 sheets
- Continuous Run Time:** Yes
- Special Features:** Jam Stop, Silent Shred, Quiet Operation, Auto Reverse Technology, Pull-out Bin, Energy Saving Mode, Automatic Feeding, Innovative Touch Screen Technology, SmartLock, Electronic Auto Start/Stop
- Manufacturer:** Fellowes
- Model Number:** 4657301
- Color:** Black
- Country of Origin:** China

## WARRANTY AND SUPPORT

The Fellowes AutoMax 600M shredder is backed by a **2-year product warranty** and a **7-year cutter warranty**, ensuring long-term reliability in demanding environments.

For customer support or warranty claims, please refer to the contact information provided on the Fellowes official website or your purchase documentation. Fellowes is committed to providing high-quality products and support.
