Ejoyous 6-Bottle Revolving Liquor Dispenser

Ejoyous 6-Bottle Revolving Liquor Dispenser Instruction Manual

Model: 6-Bottle Revolving Liquor Dispenser

1. PRODUCT OVERVIEW

The Ejoyous 6-Bottle Revolving Liquor Dispenser is designed for efficient and accurate dispensing of various beverages. It features a sturdy aluminum frame and spring-loaded bottle holders, ensuring a precise 1.5-ounce pour with each use. This dispenser can be used freestanding or mounted, making it a versatile addition to any home bar or kitchen.

Key Features:

- **6-Bottle Capacity:** Accommodates up to six standard liquor bottles.
- **Accurate Dispensing:** Each pour delivers precisely 1.5 ounces (approximately 44 ml).
- **Spring-Loaded Holders:** Securely holds bottles of various sizes, up to 1 liter capacity.
- **Revolving Design:** Allows for easy selection and dispensing of different beverages.
- **Durable Construction:** Features an aluminum frame for stability and longevity.

2. SETUP AND INSTALLATION

2.1 Unpacking and Inspection

Carefully remove all components from the packaging. Inspect the dispenser for any signs of damage. Ensure all parts are present before proceeding with assembly.

2.2 Assembly

The Ejoyous 6-Bottle Revolving Liquor Dispenser typically arrives largely pre-assembled. Minor adjustments may be required.

1. Place the base on a stable, flat surface if using as a freestanding unit.
2. Ensure the central column is securely attached to the base.
3. Verify that the revolving bottle holders are firmly in place and rotate smoothly.

2.3 Installing Bottles

The dispenser is equipped with spring-loaded receivers designed to accommodate various bottle sizes up to 1 liter. For optimal stability and function, distribute bottle weight evenly.

1. Invert the liquor bottle and insert its neck into one of the spring-loaded holders.
2. Push the bottle firmly upwards until the seal is secure and the bottle is held in place by the spring mechanism.
3. Repeat for all desired bottles. Ensure bottles are securely seated to prevent leaks.

Spring-loaded Bottle Holders Fit Most Bottles

2.4 Placement

Choose a stable location for the dispenser. If wall-mounting, ensure the wall can support the weight of the dispenser and full bottles. For freestanding use, place on a flat, sturdy surface to prevent tipping.

2 Kinds of Liquor Bottle Dispensers for You to Choose

3. OPERATING INSTRUCTIONS

3.1 Dispensing Beverages

The dispenser is designed for simple and accurate pouring.

1. Rotate the top section of the dispenser to select the desired bottle.
2. Place a glass or shot glass directly beneath the chosen dispenser nozzle.
3. Push the lever upwards to release a precise 1.5-ounce measure of liquid.
4. Release the lever to stop the flow.

Leak Proof Dispenser Pours Exactly 1.5 Oz

3.2 Mixing Beverages

The revolving design allows for easy access to multiple spirits, facilitating the creation of various cocktails and mixed drinks.

4. MAINTENANCE AND CARE

4.1 Cleaning

Regular cleaning ensures hygiene and optimal performance.

1. Remove all bottles from the dispenser.
2. Wipe down the exterior of the dispenser with a damp cloth and mild soap. Avoid abrasive cleaners.
3. For the dispensing mechanisms, it is recommended to periodically flush them with warm water to prevent residue buildup.
4. Ensure all parts are thoroughly dry before reattaching bottles.

4.2 Storage

When not in use for extended periods, store the dispenser in a clean, dry place. If bottles are removed, ensure the dispensing mechanisms are clean and dry.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your liquor dispenser.

Problem	Possible Cause	Solution
Liquid is leaking from the dispenser.	Bottle not securely seated; damaged seal; residue buildup.	Ensure the bottle is pushed firmly into the spring-loaded holder. Check the rubber seal for damage and replace if necessary. Clean the dispensing mechanism thoroughly.
Dispenser feels unstable or wobbly.	Uneven surface; uneven weight distribution of bottles; loose connections.	Place the dispenser on a flat, stable surface. Distribute bottles evenly around the dispenser. Check and tighten any visible connections.
Bottle does not fit into the holder.	Bottle neck is too wide or too narrow; bottle capacity exceeds 1 liter.	Ensure the bottle neck fits within the spring-loaded mechanism. The dispenser is designed for bottles up to 1 liter; larger bottles may not fit.
Dispensing mechanism is stiff or not pouring.	Residue buildup; internal component issue.	Flush the mechanism with warm water. If the issue persists after cleaning, contact customer support.
