

LITFAD LT531534R

LITFAD LT531534R Modern Nautical Lighthouse Table Lamp User Manual

Model: LT531534R

INTRODUCTION

Thank you for purchasing the LITFAD LT531534R Modern Nautical Lighthouse Table Lamp. This manual provides essential information for the safe installation, operation, and maintenance of your new lamp. Please read these instructions carefully before use and retain them for future reference.

This table lamp features a unique lighthouse design crafted from natural resin with a fabric shade, ideal for indoor lighting in bedrooms, living rooms, offices, or kids' rooms. It is designed for use with E26/E27 base bulbs (not included).

IMPORTANT SAFETY INSTRUCTIONS

To ensure safe operation and prevent personal injury or property damage, please adhere to the following safety guidelines:

- Professional Installation Recommended:** For a safe and secure installation, it is suggested that installation be performed by a licensed electrician.
- Secure Mounting:** Ensure that the electrical box to which this fixture will be mounted is properly attached to a structural member of the building.
- Wiring Caution:** All wires are connected. When unpacking, be careful not to pull with wires as a bad connection may result.
- Assembly First:** Do not connect electricity until your fixture is fully assembled.
- Bulb Replacement Safety:** To reduce the risk of fire, electrical shock, or personal injury, always turn off and unplug the fixture and allow it to cool prior to replacing the light bulb.
- Avoid Direct Contact:** Do not touch the bulb when the fixture is turned on or look directly at a lit bulb. Keep flammable materials away from a lit bulb.
- Indoor Use Only:** This lamp is designed for indoor use only and is not waterproof.

PACKAGE CONTENTS

Verify that all components are present and undamaged upon opening the package:

- Lighthouse Lamp Base (Resin)
- Fabric Lamp Shade
- Power Cord with Touch Switch
- User Manual (this document)
- *Note: Bulb is not included and must be purchased separately.*

SETUP AND INSTALLATION

Follow these steps to assemble and install your LITFAD table lamp:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a clean, flat surface.
2. **Attach Lamp Shade:** Secure the fabric lamp shade to the lamp base. Ensure it is centered and stable.
3. **Install Bulb:** Insert an E26/E27 base bulb (LED, Incandescent, or Fluorescent, max 40W) into the lamp socket. Do not overtighten.
4. **Position Lamp:** Place the lamp on a stable, flat surface in your desired location. Ensure the power cord can reach an electrical outlet without being strained or pinched.
5. **Connect Power:** Plug the power cord into a standard AC110-120V electrical outlet.

OPERATION

The LITFAD table lamp features a convenient touch switch for operation.

- **Turning On/Off:** Gently touch the lamp base or the designated touch area on the lamp to turn the light on or off.
- **Brightness Control:** This lamp typically offers a single brightness level. Repeated touches may cycle through different brightness settings if available, or simply turn the lamp on/off. Refer to the bulb's specifications for dimming capabilities if using a dimmable bulb with a compatible touch switch.

MAINTENANCE

Bulb Replacement

To replace the bulb:

1. Ensure the lamp is turned off and unplugged from the power outlet.
2. Allow the old bulb to cool completely before touching it.
3. Carefully unscrew the old bulb from the E26/E27 socket.
4. Screw in a new E26/E27 base bulb (max 40W).
5. Plug the lamp back in and test its operation.

Cleaning

To clean your lamp:

- Always unplug the lamp before cleaning.
- Wipe the resin base with a soft, dry cloth. Avoid abrasive cleaners or solvents.
- The fabric shade can be gently dusted with a soft brush or a lint roller. Do not wet the shade.

TROUBLESHOOTING

If you encounter issues with your lamp, refer to the following table:

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in. Bulb is loose or burnt out. Power outlet is not working.	Ensure the lamp is securely plugged into a working outlet. Tighten or replace the bulb. Test the outlet with another device.
Light flickers.	Loose bulb connection. Incompatible bulb type.	Tighten the bulb. Ensure the bulb is compatible with the lamp's electrical specifications.
Touch function is unresponsive.	Power interruption. Faulty touch sensor.	Unplug the lamp for 30 seconds, then plug it back in. If the issue persists, contact customer support.
