1. INTRODUCTION

Thank you for purchasing the URAQT LED Desk Lamp, Model A-Escritorio-USB. This manual provides detailed instructions for the proper setup, operation, and maintenance of your new desk lamp. Please read this manual thoroughly before use and retain it for future reference.

2. PRODUCT FEATURES

- **Adjustable Brightness:** Features 3 levels of brightness, controlled by a sensitive touch switch.
- **Eye Protection:** Emits soft, non-glaring light that simulates natural morning light, designed to protect eyes from strain. Equipped with 20 uniformly arranged LED lamps for broad, comfortable illumination.
- **Flexible Gooseneck:** A 360° freely adjustable silicone lamp arm allows for optimal light positioning.
- **Rechargeable Battery:** Built-in 1200 mAh rechargeable battery provides 3 to 8 hours of wireless operation (depending on brightness level).
- **USB Charging:** Conveniently charges via a USB port, compatible with various USB power sources (laptops, power banks, adapters). Includes a side switch with battery protection against short circuits.
- **Versatile Use:** Ideal for reading, studying, working, or as a general bedside or task light.

6. CHARGING THE LAMP

The URAQT LED Desk Lamp has a built-in rechargeable battery. To charge the lamp:

1. Locate the USB charging port on the side of the lamp base.
2. Connect the provided USB charging cable to the lamp's USB port.
3. Connect the other end of the USB cable to a compatible USB power source, such as a computer, power bank, or a USB wall adapter (not included).
4. A small indicator light will illuminate during charging. Once fully charged, the indicator light may change color or turn off (refer to specific product behavior if observed).

A full charge provides approximately 3 hours of use at the highest brightness or up to 8 hours at the lowest brightness.

7. MAINTENANCE

- **Cleaning:** Disconnect the lamp from its power source before cleaning. Use a soft, dry cloth to wipe the lamp. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the lamp in a cool, dry place. It is recommended to charge the battery every 3 months to maintain its lifespan.
- **Battery Care:** Avoid fully discharging the battery frequently to prolong its overall life.

8. TROUBLESHOOTING
