Tucano IPD102MT-GL

Tucano Metal Case for iPad 10.2-inch / Air 10.5-inch Instruction Manual

Model: IPD102MT-GL | Brand: Tucano

1. INTRODUCTION

This manual provides instructions for the Tucano Metal Case, a protective folio case designed for the iPad 10.2-inch (7th, 8th, and 9th Generation) and iPad Air 10.5-inch (3rd Generation). This case offers protection against bumps, scratches, and dirt, while providing convenient features for daily use.

Key features include an inner TPU shell for device protection, an integrated holder for the Apple Pencil, full access to all ports and functions, a foldable corner for camera use, and a variable stand function for multiple viewing angles.

2. PACKAGE CONTENTS

- 1 x Tucano Metal Case

3. INSTALLATION

To install your iPad into the Tucano Metal Case:

1. Align your iPad with the inner TPU shell of the case.
2. Gently press the iPad into the shell, ensuring each corner snaps securely into place. The flexible TPU material allows for easy insertion and removal.
3. Verify that all ports, buttons, and the camera are unobstructed and accessible.

To remove your iPad from the case, gently pull on one side of the TPU shell to release the iPad, then lift it out.

4. FEATURES AND USAGE

4.1. Variable Stand Function

The case features a flexible front flap and an anti-slip velvety inner lid, allowing for multiple viewing angles. Fold the front flap to create a stable stand for typing, watching videos, or video calls. The anti-slip surface helps maintain the desired angle.

4.2. Apple Pencil Holder

An integrated cut-out on the side of the case provides a secure and convenient storage location for your Apple Pencil, preventing loss and damage while on the go.

4.3. Camera Access

The case includes a foldable corner design that allows quick access to the rear camera without needing to remove the iPad from the case. Simply fold back the designated corner to expose the camera lens.

4.4. Auto Sleep/Wake Function

The magnetic front cover supports the iPad's automatic sleep/wake function. Opening the cover will wake your iPad, and closing it will put your iPad to sleep, conserving battery life.

Video: This video demonstrates the installation of the iPad into the Tucano Metal Case, showcasing the secure fit and the functionality of the variable stand.

5. MAINTENANCE

To ensure the longevity and appearance of your Tucano Metal Case:

- Clean the exterior with a soft, damp cloth. Avoid abrasive cleaners or solvents.
- For the interior, gently wipe with a dry, soft cloth to remove dust or debris.
- Avoid prolonged exposure to direct sunlight or extreme temperatures.
- Handle the case with care to prevent unnecessary wear and tear.

6. TROUBLESHOOTING

If you encounter issues with your Tucano Metal Case, consider the following:

- **iPad not fitting correctly:** Ensure your iPad model is compatible with the case (iPad 10.2-inch 7th/8th/9th Gen or iPad Air 10.5-inch 3rd Gen). Re-check the installation steps to ensure the iPad is properly seated in the TPU shell.
- **Auto sleep/wake not working:** Verify that the front cover is fully closed and that your iPad's settings for 'Lock/Unlock' are enabled. Ensure no debris is obstructing the magnetic sensors.
- **Stand instability:** Make sure the case is placed on a flat, stable surface. Adjust the folding of the front cover to achieve a secure viewing angle.
