SETUP AND ASSEMBLY

The EUGAD 0128WY cabinet is designed for easy assembly. Please follow the detailed illustrated guide provided in the packaging. Ensure all parts are present before beginning assembly.

Before You Begin:

- Unpack all components and verify against the parts list in the assembly guide.
- Ensure you have the necessary tools as specified in the guide (usually a screwdriver).
- Assemble on a soft, clean surface to prevent scratches or damage to the cabinet parts.

Assembly Steps:

1. Attach the side panels to the base and top panels using the provided fasteners.
2. Install the drawer slides onto the designated panels.

3. Assemble the drawer components and insert the drawer into the slides.
4. Attach the stainless steel hinges to the cabinet frame and the doors.
5. Mount the doors onto the cabinet, ensuring proper alignment and smooth operation.
6. Insert the adjustable shelf into your desired height setting within the compartments. There are 3 height options available.
7. Attach the door and drawer handles.

All parts are precisely processed for accurate assembly. If you encounter any difficulties, refer to the troubleshooting section or contact customer support.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your EUGAD 0128WY storage cabinet, follow these maintenance guidelines:

- **Cleaning:** The cabinet's white painted surface is smooth and easy to clean. Wipe regularly with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Moisture Resistance:** The surface is resistant to moisture. However, promptly wipe up any spills to

prevent water damage, especially in areas with high humidity like bathrooms.

- **Avoid Overloading:** Do not exceed the maximum weight capacity of 10 kg for the cabinet. Distribute weight evenly across shelves and within the drawer.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain stability.
- **Placement:** Place the cabinet on a level surface to prevent wobbling and ensure proper door and drawer alignment.

TROUBLESHOOTING

If you encounter any issues with your EUGAD 0128WY storage cabinet, refer to the common problems and solutions below:

Problem	Possible Cause	Solution
Cabinet wobbles or is unstable.	Uneven floor; loose fasteners.	Ensure the cabinet is placed on a level surface. Check and tighten all assembly screws.
Drawer does not slide smoothly.	Misaligned drawer slides; debris in slides; overloaded drawer.	Check if drawer slides are correctly installed and aligned. Clean any debris from the slides. Reduce the weight in the drawer.
Doors do not close properly or are misaligned.	Loose hinges; cabinet not level.	Tighten hinge screws. Ensure the cabinet is on a level surface. Adjust hinges if they have adjustment screws.
Parts missing during assembly.	Packaging error.	Refer to the parts list in your assembly guide. Contact EUGAD customer support for replacement parts.
