HAOBO Home 8814

HAOBO Home Upholstered Headboard (Model 8814) - Instruction Manual

King Size Linen Panel with Height Adjustments

1. Introduction and Overview

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your HAOBO Home Upholstered Headboard, Model 8814. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This headboard is designed to enhance the comfort and aesthetic of your bedroom.

2. Product Features

- **Comfortable Design:** Features high-density foam padding for enhanced comfort.
- **Easy Assembly:** Designed for straightforward attachment to any standard Eastern King or California King size bed frame.
- **Height Adjustment:** The headboard can be adjusted to various heights, ranging from 40 to 56 inches, to accommodate different mattress heights.
- **Elegant Style:** Soft, vertically stitched linen upholstery adds texture and warmth, providing a classic framework for your mattress.

3. Included Components

Please verify that all components are present before beginning assembly:

- Headboard Panel (1)
- Left Support Leg (1)
- Right Support Leg (1)
- Hardware Pack (Allen wrench, screws, washers)
- Instruction Manual (This document)

4. Setup and Assembly Instructions

Assembly typically requires two adults. Ensure you have adequate space and all components before starting.

1. **Prepare the Headboard:** Carefully unpackage all components and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Support Legs:** Align the pre-drilled holes on the Left and Right Support Legs with the corresponding holes on the back of the headboard panel. Secure them using the provided screws and washers with the Allen

wrench. Ensure all connections are firm but do not overtighten.

3. **Adjust Height:** The support legs feature multiple holes for height adjustment. Determine your desired headboard height (between 40 and 56 inches from the floor to the top of the headboard) to best suit your mattress. Adjust the legs accordingly before attaching to the bed frame.
4. **Mount to Bed Frame:** Position the assembled headboard against your bed frame. Align the holes on the support legs with the mounting points on your Eastern King or California King bed frame. Secure the headboard to the bed frame using appropriate screws (not always included with the headboard, may be part of your bed frame hardware). Ensure a stable and secure connection.

Video: Official HAOBO Home Upholstered Headboard assembly and feature overview. This video demonstrates the assembly process and highlights key features of the headboard.

5. Operating Instructions

The primary adjustable feature of this headboard is its height. Utilize the pre-drilled holes on the support legs to set the headboard at your preferred height. This allows for optimal comfort and aesthetic integration with various mattress and bed frame configurations.

6. Care and Maintenance

To maintain the appearance and longevity of your upholstered headboard:

- **Cleaning:** Wipe the fabric with a dry cloth to remove dust and light debris. For spills or stains, gently blot with a clean, damp cloth and mild soap, then dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading of the fabric.
- **Regular Inspection:** Periodically check all hardware connections to ensure they remain tight and secure.

7. Troubleshooting

- **Headboard is Wobbly:** Ensure all screws attaching the support legs to the headboard and the headboard to the bed frame are securely tightened.
- **Difficulty Attaching to Bed Frame:** Verify that your bed frame is a standard Eastern King or California King size. Ensure you are using the correct hardware for your specific bed frame. Some bed frames may require additional hardware not supplied with the headboard.
- **Uneven Height:** Double-check that both support legs are adjusted to the same height setting.

8. Specifications

Attribute	Detail
