BrizLabs RMRGB023

BrizLabs Christmas Fairy Lights - User Manual

Brand: BrizLabs | Model: RMRGB023

1. INTRODUCTION

Thank you for choosing BrizLabs Christmas Fairy Lights. These 66ft, 200 LED color-changing string lights are designed to enhance your indoor and outdoor decorations with vibrant RGB colors, dynamic lighting effects, and convenient remote control. Featuring unique holiday color buttons, music synchronization, and timer functions, these lights are perfect for various occasions including Christmas, Halloween, parties, and weddings. The upgraded design includes larger, brighter beads and a stable 3-wire construction for superior performance.

2. SAFETY INFORMATION

- Ensure the power adapter is securely connected to the light string.
- Do not expose the power adapter to water or extreme weather conditions. The lights themselves are waterproof (IP44), but the adapter should be protected.
- Unplug the lights from the power source when not in use or before cleaning.
- Do not attempt to modify or repair the light string or adapter. Contact customer support for assistance.
- Keep out of reach of small children and pets.
- Avoid wrapping the lights too tightly around sharp objects or surfaces that could damage the wire.

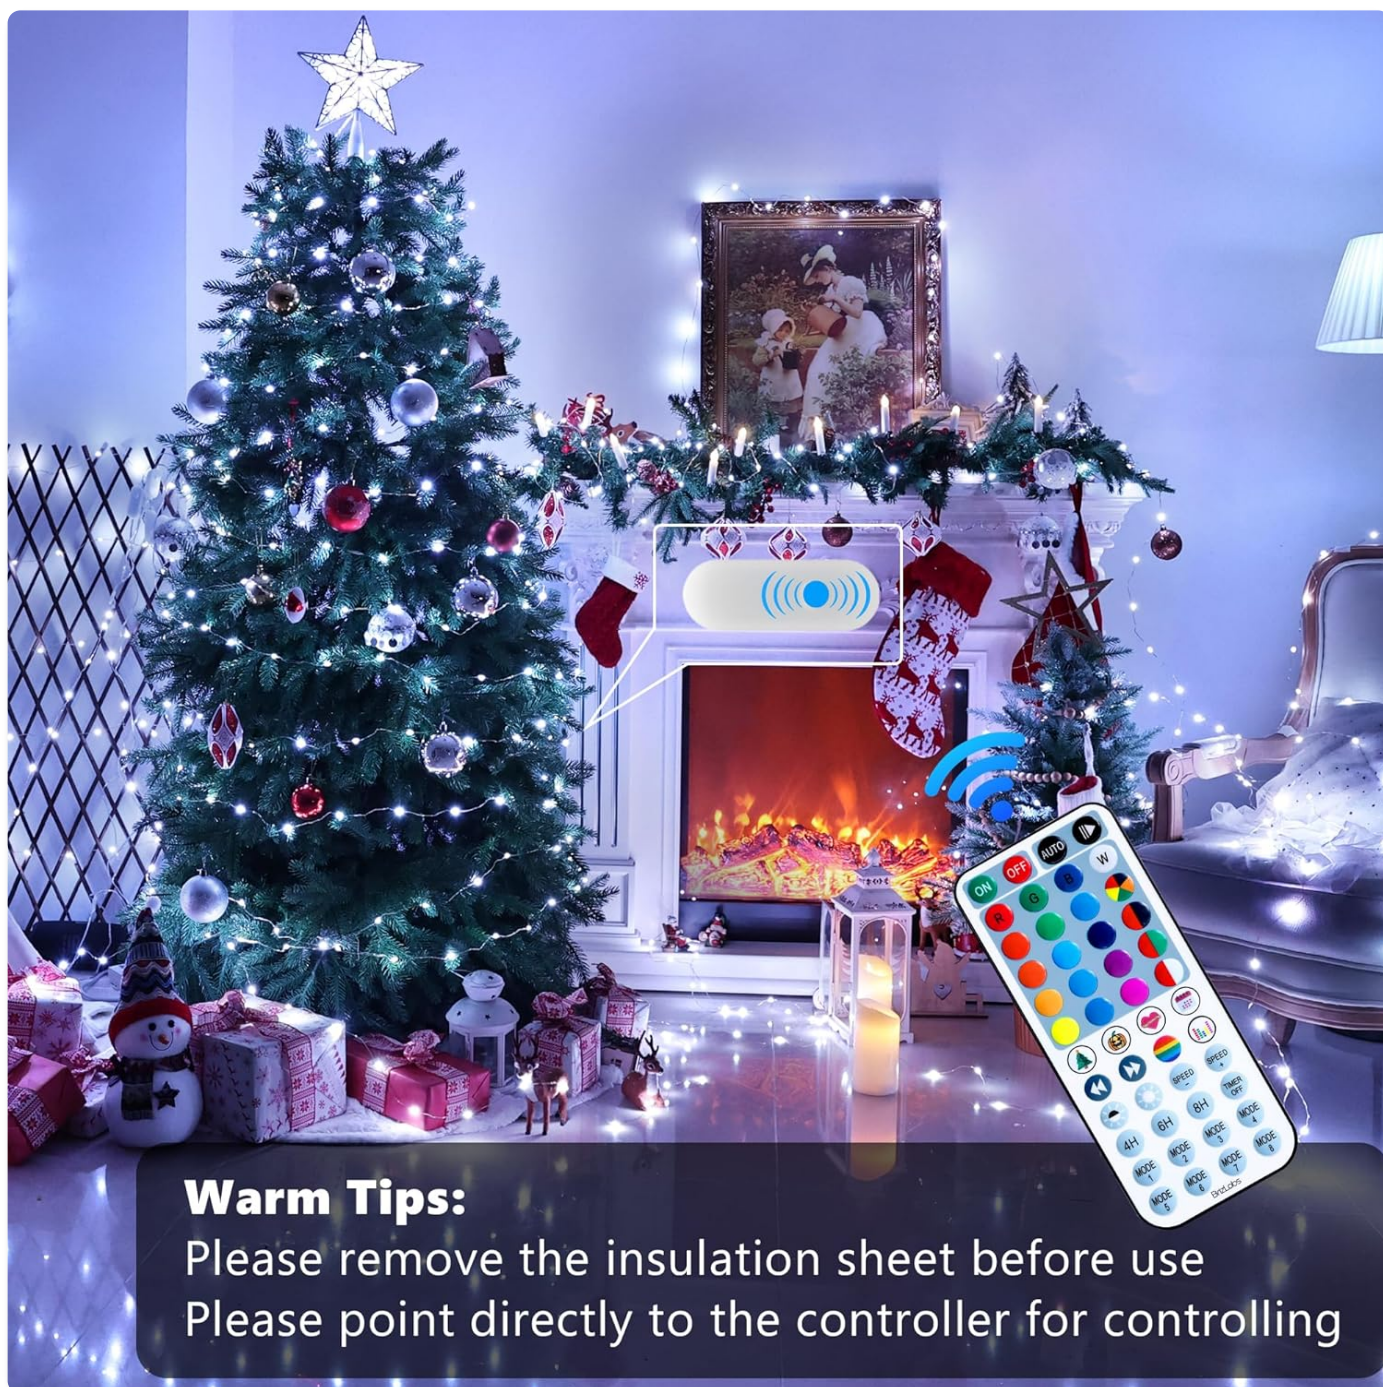

3. PACKAGE CONTENTS

The package includes the following items:

- 1 x BrizLabs Fairy String Lights (200 LED, 66ft)
- 1 x User Manual
- 1 x Remote Controller

4. SETUP

1. Carefully uncoil the fairy light string, ensuring it does not tangle.
2. Connect the light string to the power adapter. Ensure the connectors are aligned correctly and screw them in tightly.
3. Before using the remote control, remove the transparent insulation sheet from the battery compartment.
4. Plug the power adapter into a standard electrical outlet.
5. Point the remote control directly at the controller (located on the power adapter) for optimal operation.

Warm Tips:

Please remove the insulation sheet before use

Please point directly to the controller for controlling

5. OPERATING INSTRUCTIONS

Your BrizLabs Fairy Lights come with a multifunctional remote control for easy operation. Ensure the remote is pointed directly at the controller on the power adapter.

Remote Control Functions:

Multifunctional Remote, Handy Operation

Up to 26.25ft Control Distance

Note: Please remove the insulation sheet when use

Image: Remote control button layout and functions.

- **ON/OFF:** Turns the lights on or off.
- **AUTO:** Cycles through all available modes automatically.
- **R, G, B, W:** Selects Red, Green, Blue, or Cool White solid colors.
- **Color Buttons (16 total):** Selects various single, dual, triple, or multicolor static options.
- **Holiday Buttons:** Dedicated buttons for mixed colors suitable for Halloween (purple & orange), Christmas (red & green, red & white, multicolor), July 4th (red, white & blue), and Easter (pastel).
- **Forward/Backward Arrows:** Navigates through 350+ dynamic modes.
- **Pause/Play Button:** Freezes any dynamic mode at its current color and state. Press again to resume.
- **SPEED +/-:** Adjusts the speed of dynamic modes (4 levels).
- **Brightness +/-:** Adjusts the brightness of static colors (4 levels).
- **Music Mode Buttons (2 modes):** Activates music synchronization. The lights will pulse and dance to the rhythm picked up by the built-in microphone in the adapter.

- **Timer Options (4H, 6H, 8H):** Sets the lights to automatically turn on for 4, 6, or 8 hours and off for the remaining 20, 18, or 16 hours daily. The blue indicator light on the adapter will be on when the timer is active.
- **TIME OFF:** Cancels the active timer function. The blue indicator light on the adapter will turn off.
- **MODE 1-8:** Shortcut keys for 8 built-in lighting modes.

Key Features:

- **Dynamic RGB Revolution:** All static colors can be set to dynamic effects using the 8 built-in lighting modes. You can select any color and apply a dynamic mode to it.
- **Rainbow Mode:** Experience a unique rainbow mode that smoothly shifts hues, creating a captivating display.
- **Memory Function:** The lights retain the last selected mode and settings when turned off and back on.

6. MAINTENANCE

- To clean the lights, gently wipe them with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- When storing, carefully coil the lights to prevent tangling and damage to the wires. Store in a cool, dry place away from direct sunlight.
- The lights have an IP44 waterproof rating, making them suitable for outdoor use. However, avoid submerging them in water.

7. TROUBLESHOOTING

Remote Control Not Working:

1. Ensure the power adapter is securely connected to the light string.
2. Replace the battery in the remote control and try again.
3. Point the remote directly at the controller located on the power adapter.
4. If the remote still does not work, please contact customer support for a replacement.

Lights Not Working:

1. Verify that the electrical outlet is functional and the power adapter is not loose.
2. Inspect the wire for any visible breaks or damage.

- 3. Unscrew the connection between the adapter and the light string, then realign the connectors correctly and screw them in tightly.
- 4. Plug the lights back in. If they still do not work, please try to control the lights with the remote or the button on the adapter.
