Raybro StarBlueDisc Toilet Block Holder (B07ZVG2NH2)

StarBlueDisc Toilet Block Holder Instruction Manual

Model: StarBlueDisc Toilet Block Holder (B07ZVG2NH2)

Brand: Raybro

1. INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your StarBlueDisc Toilet Block Holder. Designed for compatibility with specific Geberit concealed cisterns, this product offers a convenient solution for maintaining toilet hygiene.

2. PRODUCT OVERVIEW

2.1 Package Contents

- 1x StarBlueDisc Toilet Block Holder unit
- 1x Mounting plate for Geberit Delta (UP100) cisterns
- 1x Mounting plate for Geberit Sigma 12 cm (UP320-UP300) cisterns
- Installation Guide (this manual)

2.2 Compatible Cisterns and Flush Plates

The StarBlueDisc Toilet Block Holder is designed to fit behind the flush plates of the following Geberit and StarBlueDisc concealed cisterns:

- **Geberit Delta (UP100) Cisterns:** Compatible with Delta 11, Delta 15, Delta 20, Delta 21, Delta 40, Delta 50, Delta 51 flush plates.
- **Geberit Sigma 12 cm (UP320-UP300) Cisterns:** Compatible with Sigma 10, Sigma 01, Sigma 20, Sigma 21, Sigma 30, Sigma 30-1, Sigma 50, Tango, Samba, Rumba, Twist, Bolero, Mambo flush plates.
- **StarBlueDisc Flush Plates:** Doppio 10, Doppio 15, Doppio 20, Doppio 25, Doppio 30, Doppio 35, Doppio 40, Doppio 45, Doppio 50, Doppio 55, Mocha 15, Mocha 25, Mocha 35, Mocha 45, Mocha 55, Fredo 35. These are suitable for all Geberit Delta (UP100) and Sigma 12 cm (UP320-UP300) concealed cisterns, regardless of age.

3. INSTALLATION

Installation of the StarBlueDisc Toilet Block Holder is straightforward and does not require a plumber or specialized tools. Follow these steps carefully:

1. **Prepare the Area:** Ensure the water supply to the toilet is turned off. Remove the existing flush plate from your Geberit concealed cistern.
2. **Select Mounting Plate:** Identify the correct mounting plate for your specific Geberit cistern model (Delta UP100 or Sigma 12 cm UP320-UP300). The package includes two distinct plates.
3. **Attach Mounting Plate:** Secure the selected mounting plate to the toilet block holder unit. Ensure it clicks firmly into place.
4. **Insert into Cistern:** Carefully insert the assembled toilet block holder with its mounting plate into the opening of the concealed cistern. The holder should slide into the designated slot behind where the flush plate was located.
5. **Secure the Holder:** Ensure the holder is securely seated and aligned. The design allows for easy placement without complex fastening.
6. **Reinstall Flush Plate:** Reattach your Geberit or StarBlueDisc flush plate. Ensure it is properly aligned and secured.
7. **Test:** Turn the water supply back on and test the flush mechanism to ensure proper operation.

Figure 1: StarBlueDisc Toilet Block Holder with the orange flap open, illustrating the internal mechanism for inserting toilet blocks. This view shows the main unit and the attachment points for the mounting plates.

Figure 2: StarBlueDisc Toilet Block Holder with the orange flap closed, demonstrating its compact and ready-to-install form. This view highlights the overall shape and the attachment points for the mounting plates.

4. OPERATING INSTRUCTIONS

Once installed, the StarBlueDisc Toilet Block Holder allows for easy insertion of toilet cleaning blocks into the cistern.

1. **Access the Holder:** Gently open the flush plate to access the toilet block holder. The holder is designed to be easily accessible for refilling.
2. **Insert Toilet Block:** Open the orange flap on the toilet block holder. Carefully insert a standard toilet cleaning block into the designated compartment. Ensure the block fits securely.
3. **Close Flap:** Close the orange flap securely.
4. **Close Flush Plate:** Close the flush plate. The toilet block will now dissolve gradually with each flush, releasing cleaning agents into the toilet bowl.

5. MAINTENANCE

The StarBlueDisc Toilet Block Holder requires minimal maintenance.

- **Regular Cleaning:** Periodically check the holder for any residue buildup. If necessary, remove the holder (following installation steps in reverse) and rinse it under running water.
- **Block Replacement:** Replace toilet blocks as needed, typically when the cleaning effect diminishes.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals on the holder, as this may damage the material.

6. TROUBLESHOOTING

- **Flush Plate Not Closing Properly:** Ensure the toilet block holder is correctly seated and not obstructing the flush plate mechanism. Re-check the installation steps.
- **Toilet Block Not Dissolving:** Verify that the toilet block is correctly placed within the holder and not jammed. Ensure it is a standard toilet block designed for cistern use.
- **No Cleaning Effect:** The toilet block may be depleted. Replace it with a new one.

7. SPECIFICATIONS

Attribute	Detail
Manufacturer	Raybro
Product Dimensions	26 x 13 x 7.8 cm
Weight	300 g
Color	Blue (unit), Orange (flap)
Batteries Required	No
ASIN	B07ZVG2NH2

8. WARRANTY AND SUPPORT

For any questions regarding the StarBlueDisc Toilet Block Holder, please contact your retailer or the manufacturer, Raybro. Please refer to your purchase documentation for specific warranty details.
