› Premium Plus Stove Protectors for GE Gas Range Model CGS700P2MS1 User Manual

Premium-Plus CGS700P2MS1

Premium Plus Stove Protectors User Manual

Model: CGS700P2MS1

PRODUCT OVERVIEW

The Premium Plus Stove Protectors are custom-cut liners designed specifically for the GE Gas Range Model CGS700P2MS1. These non-stick liners are engineered to protect your stovetop's metal surface from spills and grease, making cleanup significantly easier and helping to maintain the pristine condition of your appliance. They are made in the USA and are heat resistant up to 500 degrees Fahrenheit.

The product includes three customized stovetop protector liners, detailed care instructions, and a lifetime warranty card.

INSTALLATION GUIDE

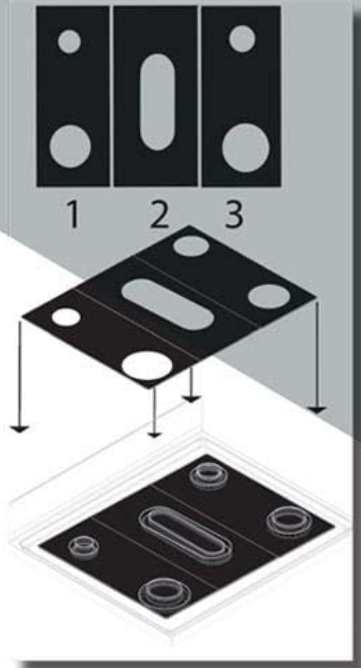

Follow these simple steps to install your Premium Plus Stove Protectors:

1. **Prepare the Stovetop:** Ensure your stovetop is cool and clean. Remove all grates and burner caps from the gas stovetop.
2. **Align the Liners:** The liners come in three pieces. Begin by aligning the middle section, followed by the two side pieces. Ensure all pieces overlap correctly on your stovetop for complete protection.
3. **Reassemble Components:** Once the liners are in place, carefully reassemble the burner caps and grates.

USAGE GUIDELINES

The Premium Plus Stove Protectors are designed to withstand high temperatures up to 500°F (260°C), providing a protective barrier against spills and splatters during cooking. While the liners are heat resistant, direct contact with open flames should be avoided. Always ensure the liners are properly positioned around the burners before operating the stove.

These liners are intended for use with gas ranges and are not suitable for electric or induction cooktops unless specifically stated by the manufacturer.

MAINTENANCE AND CLEANING

Keeping your stovetop clean is effortless with Premium Plus Stove Protectors. They are designed for quick and easy cleaning:

- **Daily Cleaning:** For localized spills, simply remove the affected liner piece, wipe it clean with a damp sponge or cloth, and replace it.

- **Deep Cleaning:** The liners are dishwasher safe. For thorough cleaning, place them on the top rack of your dishwasher. They can also be hand-washed with warm soapy water.
- **Reusable Design:** These liners are reusable, ensuring long-term protection and cleanliness for your stovetop.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Liner does not fit correctly.	Incorrect model number or improper alignment during installation.	Verify your GE range model number matches CGS700P2MS1. Re-align the three liner pieces carefully, ensuring they overlap as instructed.

Issue	Possible Cause	Solution
Stains or grease not coming off easily.	Stubborn, baked-on residue or insufficient cleaning method.	For tough stains, soak the liner in warm soapy water before scrubbing. Ensure you are using the top rack if dishwashing.
Liner appears warped or damaged.	Exposed to temperatures exceeding 500°F or direct flame contact.	Ensure liners are not directly exposed to open flames. If damage persists, contact customer support for warranty information.
