

INTERGREAT INTERGREATCABINET

INTERGREAT 72-inch Tall Metal Storage Cabinet with 4 Adjustable Shelves

Model: INTERGREATCABINET

PRODUCT OVERVIEW

The INTERGREAT Tall Metal Storage Cabinet is designed for secure and versatile storage in various environments such as offices, garages, basements, and homes. Constructed from reinforced steel with a thickness of up to 0.8 mm, this cabinet offers durability and strength. It features a 3-point locking system for enhanced security and includes 4 adjustable shelves, each capable of holding up to 180 lbs, providing a total capacity of 720 lbs. The cabinet's design prioritizes practicality and long-term use, with electrostatic spray painting for rust and corrosion resistance.

SAFETY INFORMATION

- Always assemble and mount the cabinet according to the provided instructions.
- Keep the cabinet away from heat sources.
- Do not overload the shelves; each shelf has a maximum capacity of 180 lbs.
- Use caution when opening and closing the lockable doors to prevent injury.
- Always use both hands when lifting or moving the cabinet.
- Ensure the cabinet is stable and properly anchored to a wall to prevent tipping, especially in areas with children or seismic activity.

PACKAGE CONTENTS

Before assembly, carefully inspect all components. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (labeled A, B, C, D, J, K)
- Adjustable Shelves (4 pieces)
- Base Frame Components (E, F)
- Locking Mechanism (S)
- Door Pins (U)
- Shelf Clips (O)

- Corner Brackets (G)
- Screws (L, N, V)
- Wall Anchors (R)
- Assembly Gloves
- Instruction Manual

Video: A detailed step-by-step guide on assembling the INTERGREAT heavy-duty metal storage cabinet. This video demonstrates the process from unpacking to final setup, including attaching panels, installing shelves, and securing the locking mechanism.

Step-by-Step Assembly

1. **Prepare the Base:** Lay out panels A and B on a clean, flat surface. Connect them using the specified screws (L). Ensure the edges align perfectly.
2. **Attach Side Panels:** Connect panels C and D to the assembled base using screws (L). These form the initial side walls of the cabinet.
3. **Install Top Support:** Secure the top support bar (G) across the upper section of the side panels using screws (L).
4. **Assemble Base Frame:** Attach components E and F to form the bottom frame of the cabinet. Secure with screws (L and N).
5. **Connect Base to Cabinet:** Carefully lift the partially assembled cabinet and attach it to the base frame. Secure with screws (L).
6. **Install Corner Brackets:** Attach corner brackets (G) to the top corners of the cabinet using screws (V) for added stability.
7. **Insert Shelf Clips:** Insert the shelf clips (O) into the desired height slots along the side panels. Each shelf requires four clips.
8. **Place Adjustable Shelves:** Carefully place the adjustable shelves onto the installed clips. Ensure they are level and secure.
9. **Attach Doors:** Mount the doors (J and K) to the cabinet frame using the provided hinges and screws (S, T, U). Ensure the doors swing freely.
10. **Install Locking Mechanism:** Attach the handle and 3-point locking system (S) to one of the doors. Connect the locking rods (U) to the mechanism and secure them to the top and bottom of the door.
11. **Wall Mounting (Optional):** Use the pre-drilled holes on the back of the cabinet and the provided wall anchors (R) to secure the cabinet to a wall. This is highly recommended for stability and safety.

OPERATING INSTRUCTIONS

Adjusting Shelves

To adjust the height of the shelves, simply remove the items from the shelf, lift the shelf to disengage it from the clips, remove the four shelf clips (O), reposition them to the desired height slots, and then reinsert the shelf. Ensure all four clips are securely in place before placing items on the shelf.

Using the Locking System

The cabinet features a 3-point locking system operated by a key. Insert the key into the handle lock (S) and turn to engage or disengage the locking rods at the top, middle, and bottom of the door. Always ensure the doors are fully closed before locking.

MAINTENANCE

To maintain the appearance and longevity of your INTERGREAT metal storage cabinet, follow these simple guidelines:

- **Cleaning:** Wipe down the cabinet surfaces with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals that could damage the electrostatic spray paint finish.
- **Rust Prevention:** The cabinet features a rust-resistant coating. However, to prevent rust, avoid prolonged exposure to moisture and promptly wipe away any spills.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten if necessary.

TROUBLESHOOTING

If you encounter any issues with your INTERGREAT Tall Metal Storage Cabinet, please refer to the assembly instructions or contact customer support for assistance.
