# Backyard Discovery Buckley Hill Cedar Wood Swing Set Instruction Manual

Model: 2001046 | Brand: Backyard Discovery

## PRODUCT OVERVIEW

The Backyard Discovery Buckley Hill Swing Set is designed to transform small backyards into engaging play areas for young children. This playset features a breezy upper play deck with a canopy roof, a 6-foot speedy wave slide, a rock wall ladder, and two heavy-duty belt swings. It also includes a versatile lower play space suitable for sand or toy storage, and a built-in chalkboard for creative expression. Crafted from durable cedar wood, this playset is designed for lasting strength and resistance to decay.

### Key Features:

- **Designed for Little Explorers:** Ideal starter swing set for young children.
- **Elevated Adventure:** Raised play deck with a brightly colored canopy roof and mesh panels for shade and imaginative play.
- **Swinging Fun:** Two classic belt swings with rope chains, gentle on hands.
- **Speedy Wave Slide:** A 6-foot wave slide for safe descents.
- **Rock Wall Ladder:** Equipped with 4 climbing holds, doubles as a ladder for accessibility.
- **Built-In Chalkboard:** Dedicated surface for artistic creations.
- **100% Cedar Wood:** Durable cedar wood construction with natural resistance to decay.
- **Ready to Assemble:** Pre-cut, pre-drilled, and pre-stained pieces for easier installation.
- **Safe Play:** Engineered to meet or exceed ASTM standards (code F1148-22) for residential use.

## SAFETY INFORMATION

This playset is intended for residential use only. Always supervise children during play. Ensure proper installation and regular maintenance to maintain safety standards. Refer to the assembly instructions for detailed safety guidelines.

## SETUP AND ASSEMBLY

The Backyard Discovery Buckley Hill Swing Set comes with pre-cut, pre-drilled, and pre-stained pieces for simplified assembly. Guided instructions are available through the interactive BILT app, which offers 3D instructions for a faster setup experience. An impact drill and a regular drill are recommended for assembly. Ensure all pieces are correctly identified and organized before beginning the assembly process.

### Assembly Tips:

- Organize all parts before starting. The pieces are pre-cut, pre-drilled, and pre-stained.
- Use the BILT app for interactive 3D instructions, which can simplify the process.
- An impact drill and a regular drill are highly recommended for efficient assembly.
- Consider having at least two people for certain steps to make the work easier and safer.
- Ensure the playset is anchored to the ground for stability, especially in windy conditions.

## OPERATING INSTRUCTIONS

---

The Buckley Hill Swing Set offers various play elements for children aged 36 months to 6 years.

### Using the Swings:

- The two belt swings are designed for comfortable and safe swinging.
- Always ensure children are seated properly and holding onto the ropes or chains.

- Supervise children to prevent overcrowding or unsafe swinging practices.

### Using the Slide:

- The 6-foot wave slide provides a fun descent from the play deck.
- Ensure children slide feet-first and one at a time.
- Check the slide surface for any obstructions or excessive heat before use.

### Climbing the Rock Wall Ladder:

- The rock wall ladder encourages active play and helps build confidence.
- Children should use the climbing holds and the ladder rungs for secure ascent and descent.
- Always ensure a clear landing area at the base of the rock wall.

### Chalkboard and Lower Play Area:

- The built-in chalkboard allows for creative drawing and imaginative play.
- The versatile lower play space can be used for sand play or convenient toy storage.

## MAINTENANCE

---

Regular maintenance is crucial to ensure the longevity and safety of your Backyard Discovery Buckley Hill Swing Set.

- **Wood Treatment:** The cedar wood is naturally durable, but it is recommended to treat the wood with a preservative once a year to maintain its strength and resistance to decay.
- **Hardware Check:** Periodically inspect all nuts, bolts, and screws to ensure they are tight. Tighten as necessary to prevent loosening due to play and weather exposure.
- **Surface Inspection:** Check for any splinters, cracks, or sharp edges on the wooden components. Sand down rough areas as needed.
- **Swing Chains and Ropes:** Inspect chains and ropes for wear, fraying, or damage. Replace any worn components immediately.
- **Slide Condition:** Ensure the slide is free from cracks or damage. Clean the slide regularly to remove dirt and debris.
- **Ground Anchors:** Verify that the ground anchors are securely in place to prevent movement or tipping of the

playset.

- **Canopy Care:** Clean the canopy roof periodically to remove dirt and mildew.

## TROUBLESHOOTING

---

This section addresses common issues you might encounter with your playset.

- **Playset Wobbles:** Ensure all ground anchors are fully installed and tightened. Re-check all structural bolts and screws for tightness.
- **Wood Cracks/Splits:** Minor cracks or splits in the wood can occur due to natural expansion and contraction. These typically do not affect structural integrity. For larger splits, consult the manufacturer's warranty or a professional. Sand down any rough edges to prevent splinters.
- **Difficulty during Assembly:** Refer to the interactive BILT app for step-by-step 3D instructions. Ensure all parts are correctly identified and oriented as per the manual.
- **Fading/Wear on Plastic Components:** Over time, plastic components may show signs of wear or fading due to sun exposure. While this is normal, regular cleaning and occasional application of UV protectant can help prolong their appearance.

## SPECIFICATIONS

---

Feature	Detail
Brand	Backyard Discovery
Model Number	2001046
Product Dimensions	107"D x 123"W x 92"H
Frame Material	Cedar Wood
Finish Type	Stained
