5. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your sofa.

- **Sunlight Exposure:** Prolonged exposure to direct sunlight can cause fading. Position the sofa away from direct sunlight or use curtains/blinds to protect it.
- **Leg Maintenance:** Periodically check and tighten the sofa legs to ensure stability.

6. TROUBLESHOOTING

If you encounter any issues with your sofa, refer to the following common solutions:

- **Sofa feels wobbly:** Check all leg attachments and ensure they are securely tightened.
- **Cushions appear uneven:** Rotate and fluff cushions regularly to maintain their shape and evenness.
- **Fabric discoloration:** Ensure the sofa is not exposed to direct sunlight for extended periods. Refer to care instructions for cleaning.
