Nexera Queen Bedset with Storage Bed Frame and Headboard (Model 402360)

Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Nexera Queen Bedset, Model 402360. This set includes a Queen-sized bed frame with integrated storage drawers and a matching headboard, all in a Bark Grey finish. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or damage to the product.

- Always follow the assembly instructions carefully to prevent instability or collapse.
- Do not load the bed with more than 450 pounds.
- Exercise caution around sharp edges during assembly and use.
- Ensure all fasteners are securely tightened before use. Periodically check and re-tighten fasteners as needed.
- Keep small parts out of reach of children during assembly.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact Nexera customer support.

- Bed Frame components (side rails, end panels, support beams)
- Headboard components
- Wooden slats for mattress support
- Three storage drawers with metal slides
- Hardware pack (screws, dowels, cam locks, etc.)

- Assembly instructions (this manual)

SETUP: ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults. Clear a spacious area for assembly. Tools required: Phillips head screwdriver, hammer (optional, for dowels), Allen wrench (usually included in hardware pack).

Step 1: Unpack and Organize

Carefully unpack all components and hardware. Lay out parts on a soft, clean surface to prevent scratches. Identify each part using the provided diagrams (if any were in the original packaging).

Step 2: Assemble the Bed Frame Base

Connect the side rails to the end panels using the provided hardware. Ensure all connections are secure. The bed frame is designed to accommodate three storage drawers on either side.

Step 3: Assemble the Storage Drawers

Assemble the three storage drawers according to the specific instructions for the drawer components. Attach the metal slides to the drawers and the corresponding tracks on the bed frame.

Step 4: Attach the Headboard

Secure the headboard to the bed frame using the designated hardware. Ensure it is firmly attached and stable.

Step 5: Install Mattress Slats

Place the wooden mattress slats across the bed frame supports. Ensure they are evenly spaced and secured if applicable, to provide adequate support for your Queen-sized mattress.

Once all steps are complete, gently test the stability of the bed frame before placing a mattress on it.

OPERATING INSTRUCTIONS

Using the Storage Drawers

The Nexera Queen Bedset features three integrated storage drawers. To open a drawer, gently pull the front panel outwards. To close, push the drawer firmly until it is fully recessed into the bed frame. Avoid overloading the drawers to ensure smooth operation of the metal slides.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the surfaces with a dry cloth. Avoid using abrasive cleaners or harsh chemicals, which may damage the finish.
- **Inspection:** Periodically inspect all fasteners and connections to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Drawer Slides:** If drawer slides become stiff, a small amount of silicone-based lubricant can be applied to the tracks.
- **Weight Limit:** Adhere to the maximum weight capacity of 450 pounds for the bed frame.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose fasteners.	Check and tighten all screws, bolts, and cam locks. Ensure all components are correctly aligned.
Drawers do not slide smoothly.	Overloaded drawer, misaligned slides, or debris in tracks.	Reduce weight in the drawer. Check that drawer slides are properly aligned and free of obstructions. Apply silicone lubricant if necessary.
Gap between headboard and bed frame.	Headboard not fully secured or misaligned.	Ensure headboard attachment hardware is fully tightened and the headboard is flush with the bed frame.
