Braun 5020S

Braun Series 5 5020 Electric Razor User Manual

Model: 5020S

1. Introduction

The Braun Series 5 5020 Electric Razor is designed to provide a close and comfortable shave for men. Featuring 3 flexible blades that adapt to your facial contours, this shaver ensures an easy and efficient grooming experience. Its innovative EasyClean system allows for quick and simple cleaning without the need to remove the shaver head.

Equipped with a powerful Li-ion battery, the Series 5 offers extended use and convenient quick-charge capabilities. It is 100% waterproof, making it suitable for both wet and dry shaving, including use in the shower. The shaver is also compatible with the EasyClick system, allowing for versatile attachments to enhance your grooming routine.

Key features include:

- 3 Flexible Blades for closeness and comfort.
- Foil shaver head prevents nicks and cuts.
- EasyClean system for fast and simple cleaning.
- 100% waterproof for wet & dry use.
- Long-lasting Li-ion battery with up to 3 weeks of shaving on a full charge.
- 5-minute quick charge for one full shave.
- Compatible with EasyClick attachments for expanded functionality.

2. Safety Information

Please read all safety instructions carefully before using your Braun Series 5 electric razor.

- Always unplug and turn off the shaver before cleaning or maintenance.
- Do not use the shaver while it is charging.
- Exercise caution when handling the shaver to avoid cuts from the sharp blades.

- Clean the shaver after each use and allow it to dry completely to prevent bacterial growth and maintain hygiene.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

3. What's in the Box

Your Braun Series 5 5020 Electric Razor package includes the following components:

- 1x Braun Series 5 Electric Razor (Black/Silver)
- 1x Beard Trimmer Attachment
- 1x Protective Cap
- 1x Smart Plug for Automatic 100-240 Voltage Adjustment
- 1x Cleaning Brush

4. Setup

Before first use, ensure your shaver is fully charged. Connect the smart plug to the shaver and plug it into a power outlet. The battery indicator lights will show the charging progress.

To attach or detach accessories like the beard trimmer, simply align the attachment with the shaver head and press firmly until it clicks into place. To remove, gently pull the attachment away from the shaver head.

5. Operating Instructions

5.1 Shaving

The Braun Series 5 can be used for dry shaving, with foam or gel, or even in the shower for a refreshing experience. The 3 flexible blades adapt to your facial contours for a close and comfortable shave.

- For optimal results, hold the shaver at a right angle (90°) to your skin.
- Stretch your skin with your free hand to ensure the hairs stand upright.
- Shave against the direction of hair growth using gentle, one-way movements.
- The new ergonomic handle provides an effortless grip and control during shaving.

5.2 Wet & Dry Use

The Braun Series 5 is 100% waterproof, allowing for versatile use. You can shave dry for convenience, or use it with shaving foam or gel for a smoother glide and reduced skin irritation. For an invigorating experience, the shaver can also be used directly in the shower.

5.3 Using the Beard Trimmer Attachment

The included beard trimmer attachment allows you to style and maintain your beard. It can be used to achieve beard styles ranging from 0.5mm to 7mm, providing flexibility for various lengths and looks.

- Attach the beard trimmer head to the shaver body.
- Select your desired length setting on the trimmer.
- Move the trimmer against the direction of hair growth for an even trim.

6. Maintenance and Cleaning

The Braun Series 5 features the EasyClean system for hassle-free maintenance. This system allows for fast and simple cleaning without the need to remove the shaver head.

- After each use, especially with foam or gel, rinse the shaver head under running water.
- The EasyClean system allows water to flow through the cutting elements, rinsing away stubble and debris.
- For a more thorough cleaning, you can use the provided cleaning brush to remove any remaining hair particles.
- Ensure the shaver is completely dry before storing or charging.
- For optimal performance, it is recommended to replace the shaver head every 18 months.

7. Charging and Battery

The Braun Series 5 is powered by a durable Li-ion battery, providing reliable performance for your grooming needs.

- A full charge provides up to 3 weeks' worth of shaving, or approximately 50 minutes of cordless runtime.
- For quick grooming sessions, a 5-minute quick charge is sufficient for one full shave.
- The shaver features a battery indicator to show the remaining charge level.

8. Troubleshooting

If you encounter any issues with your Braun Series 5 electric razor, please refer to the following common troubleshooting tips:

- **Shaver not turning on:** Ensure the shaver is fully charged. If the battery is low, connect it to the smart plug and allow it to charge for at least 5 minutes.
- **Reduced shaving performance:** The shaver head may be clogged with hair or debris. Perform an EasyClean rinse or a more thorough cleaning with the brush. Consider replacing the shaver head if it has been in use for over 18 months.
- **Irritation after shaving:** Ensure your skin is clean before shaving. For wet shaving, use a good quality shaving foam or gel. Shave against the grain with light pressure. If irritation persists, consult a dermatologist.
- **Shaver not holding charge:** The battery may be nearing the end of its lifespan. Contact Braun customer support for assistance.

For more complex issues, please refer to the full product manual or contact Braun customer support.

9. Specifications

Feature	Detail
Product Dimensions	5.39 x 2.64 x 9.92 inches
