ULANZI ST-06

ULANZI ST-06 Universal Phone Tripod Mount Instruction Manual

Brand: Ulanzi | Model: ST-06

1. INTRODUCTION

The Ulanzi ST-06 Universal Phone Tripod Mount is a versatile accessory designed to securely hold your smartphone for various photography and videography needs. Featuring a cold shoe mount, 360° rotation, and adjustable clamping, it offers enhanced flexibility for attaching external microphones, LED lights, and mounting on tripods or cameras.

2. WHAT'S IN THE Box

- Ulanzi ST-06 Adjustable Phone Holder

3. KEY FEATURES

- **Dual Cold Shoe Mounts:** The ST-06 features two cold shoe mounts, allowing for the attachment of accessories such as microphones, LED video lights, or other photographic equipment.
- **360° Rotation:** Easily switch between landscape and portrait shooting modes without dismounting your phone.
- **Adjustable Angle (No Ballhead Needed):** The mount allows for pitch angle adjustment, enabling you to set the desired shooting angle directly on a tripod or camera hot shoe without requiring an additional ballhead.
- **Universal Compatibility:** The phone clip accommodates smartphones with widths between 60mm-100mm (2.36-3.94 inches), fitting most smartphones with or without a case, including various iPhone and Samsung Galaxy models.
- **Two Connection Ways:** Equipped with two 1/4-20 thread tripod screws for universal tripod compatibility and a hot shoe lock for direct attachment to camera hot shoe mounts.

- **One-Click Button Operation:** A convenient button allows for effortless locking and unlocking of the phone clamp, simplifying phone insertion and removal.
- **Enhanced Fixed Gear & Non-Slip Silicone Pads:** Provides a more secure and stable grip on your phone, preventing accidental slips and protecting the device from damage.

4. SETUP GUIDE

4.1 Attaching Your Smartphone

1. Locate the one-click button on the side of the phone clamp.
2. Press and hold the button to expand the clamp arms.
3. Carefully place your smartphone between the expanded arms, ensuring it sits securely on the non-slip silicone pads.
4. Release the button to allow the clamp arms to retract and firmly grip your phone. Ensure the phone is tightly secured to prevent accidental drops.

Clamp Range 2.36"-3.54"(5.9cm-8.9cm)

4.2 Mounting to a Tripod or Camera

1. **For Tripod:** Use one of the two 1/4-20 thread screw holes located at the bottom or side of the mount. Screw the mount onto your tripod's screw.
2. **For Camera Hot Shoe:** Slide the hot shoe lock at the base of the mount into your camera's hot shoe slot. Tighten the locking knob to secure it.

Ungraded Fixed Gear

More Secure & Stable

5. OPERATING INSTRUCTIONS

5.1 Adjusting Orientation and Angle

- 360° Rotation:** The phone clamp can be rotated 360 degrees. Simply turn the phone holder to switch between landscape (horizontal) and portrait (vertical) orientations.
- Pitch Angle Adjustment:** The mount features an adjustable pitch angle. Loosen the knob on the side of the mount to tilt your phone up or down to achieve the desired angle. Tighten the knob to secure the position.

Easy Installation & Versatility

5.2 Using Cold Shoe Mounts for Accessories

The two cold shoe mounts on the ST-06 allow you to expand your mobile filmmaking or photography setup:

1. Slide your external microphone, LED video light, or other cold shoe compatible accessory into one of the cold shoe slots on the top or side of the phone clamp.
2. Ensure the accessory is fully inserted and, if applicable, tighten any locking mechanisms on the accessory itself to prevent it from falling out.

6. MAINTENANCE

To ensure the longevity and optimal performance of your ULANZI ST-06 Phone Tripod Mount, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the mount with a soft, dry cloth to remove dust and debris. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the mount in a cool, dry place away from direct sunlight and extreme temperatures. Keep it in its original packaging or a protective pouch when not in use to prevent scratches.
- **Inspection:** Periodically check all moving parts, screws, and clamps for any signs of wear or damage. Ensure all connections are secure before each use.

7. TROUBLESHOOTING

- **Phone Not Secure:** Ensure the one-click button is fully released after inserting the phone, allowing the clamp to firmly grip the device. If using a bulky phone case, it might reduce the grip; consider removing the case for maximum security.
- **Difficulty Adjusting Angle:** Loosen the adjustment knob sufficiently before attempting to change the

pitch angle. Do not force the adjustment if it feels stiff.

- **Accessories Not Fitting Cold Shoe:** Verify that your accessory is cold shoe compatible. Ensure it is slid in completely and any locking mechanism on the accessory is tightened.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	3.94 x 1.57 x 1.18 inches
Item Weight	2.08 ounces
Item Model Number	ST-06
Special Features	Adjustable
Color	Red
Compatible Devices	Smartphones
Compatible Phone Models	iPhone, OnePlus, Samsung
