SETUP AND INSTALLATION

1. Unpack the mattress from its packaging.
2. Place the mattress into a standard-sized crib or toddler bed.
3. Ensure there are no gaps between the mattress and the crib sides. The fit should be snug.
4. For infants, ensure the firmer "Infant" side is facing up. For toddlers, flip the mattress to the "Toddler" side.

USAGE: 2-STAGE FIRMNESS

This mattress is designed with two distinct sides to provide appropriate support for different developmental stages:

- **Infant Side:** This side is firmer, providing the essential support required for newborns and young infants. It features plant-based soy foam.
- **Toddler Side:** This side is slightly less firm, offering a comfortable transition for growing toddlers. It incorporates gel memory foam for pressure point relief.

To switch between sides, simply remove the mattress from the crib, flip it over, and place it back into the crib, ensuring the correct side is facing up for your child's age.

CARE AND MAINTENANCE

- **Cleaning:** The mattress cover is designed for easy cleaning. Hand wash only. Do not machine wash or tumble dry.
- **Spills:** The waterproof backing helps protect the mattress core from spills and accidents. Wipe spills immediately with a damp cloth and mild soap.
- **Drying:** Allow the mattress to air dry completely before placing it back in the crib or covering it with bedding.
- **Rotation:** Periodically rotate the mattress (end-to-end) to promote even wear and extend its lifespan.

TROUBLESHOOTING

If you encounter any issues with your mattress, consider the following:

- **Improper Fit:** Ensure the mattress is correctly sized for your crib or toddler bed. There should be no more than two fingers width between the mattress and the crib frame.
- **Firmness Concerns:** Verify that the appropriate side (Infant or Toddler) is facing up for your child's age and developmental needs.

- **Odor:** A new mattress may have a slight odor upon unpacking. This is normal and will dissipate with ventilation. Allow the mattress to air out in a well-ventilated room for 24-48 hours before use.
- **Wear and Tear:** While durable, regular inspection for any signs of damage or excessive wear is recommended.
