CosmoLiving by Cosmopolitan Celeste Canopy Metal Queen Bed Instruction Manual

Model: 4456039CL | Brand: CosmoLiving by Cosmopolitan

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your CosmoLiving Celeste Canopy Metal Queen Bed. Please read all instructions carefully before assembly and use to ensure safe and proper operation.

The CosmoLiving Celeste Canopy Metal Bed features a modern and glam design with a sturdy metal frame, metal side rails, and additional metal center legs for support. It includes secured metal slats, eliminating the need for a box spring.

2. SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the product.

- Always assemble the bed on a soft, clean surface to prevent scratches.
- Ensure all bolts and screws are securely tightened before use. Periodically check and retighten as necessary.
- Do not exceed the maximum weight limit of 226.8 kg (500 lbs).
- Keep small parts away from children during assembly.
- Use only the provided hardware. Substituting parts may compromise structural integrity.
- Two people are recommended for assembly.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support. The bed ships in one box.

Note: A Phillips head screwdriver and a hammer (for light taps) may be required and are not included.

Expected components include: Metal frame sections, canopy poles, metal slats, center support legs, and hardware (bolts, screws, Allen wrench).

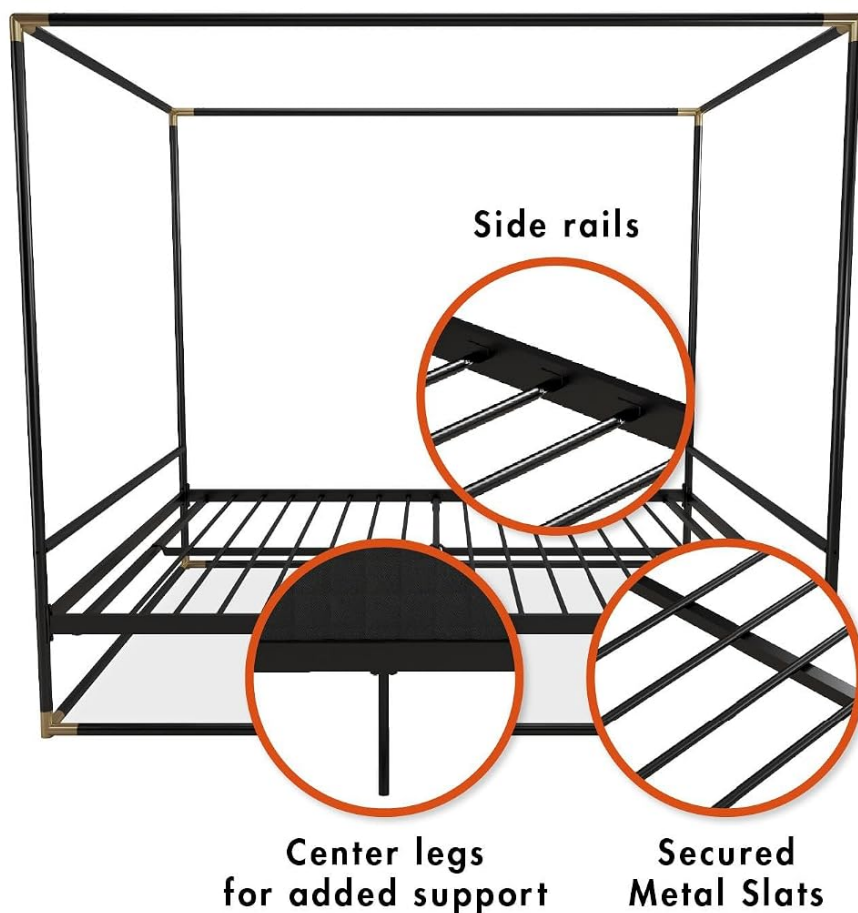

4. SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for this process.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratching.
2. Identify all frame sections, side rails, and canopy poles. Refer to the included diagram for part identification.
3. Begin by assembling the main bed frame. Connect the side rails to the headboard and footboard sections using the provided bolts and Allen wrench. Ensure all connections are snug but do not overtighten until the frame is fully assembled.
4. Install the center support legs to the crossbars of the bed frame. These provide additional stability.
5. Secure the metal slats across the bed frame. Ensure they are evenly spaced and properly seated in their designated positions.
6. Attach the canopy poles to the four corners of the bed frame. Ensure the matte gold electroplated plastic connectors are properly aligned and secured. Light taps with a hammer may be used to fully seat the gold end caps if needed.
7. Once the entire frame is assembled, go back and tighten all bolts and screws securely.

5. OPERATING AND USE

Your CosmoLiving Celeste Canopy Metal Bed is designed for use with a Queen size mattress. No box spring or additional foundation is required due to the secured metal slats.

- Place your Queen size mattress directly onto the metal slats.
- The bed features an 11-inch (approximately 28 cm) under-bed clearance, providing space for storage.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your bed.

- **Cleaning:** Wipe the metal surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten as needed to maintain stability.
- **Moving:** When moving the bed, lift it rather than dragging it to prevent damage to the frame or floor.

7. TROUBLESHOOTING

This section addresses common issues you might encounter.

Bed is wobbly or creaks:

Ensure all bolts and screws are fully tightened. Check that the center support legs are making firm contact with the floor. If the floor is uneven, consider using shims under the legs.

Parts do not align during assembly:

Double-check the orientation of each part against the assembly diagrams. Loosen previously tightened bolts slightly to allow for adjustment, then retighten once alignment is achieved.

Missing or damaged parts:

Do not proceed with assembly. Contact CosmoLiving by Cosmopolitan customer support for replacement parts.

8. SPECIFICATIONS

Image: Dimensions of the Celeste Canopy Bed (Length: 209.55cm, Width: 157.48cm, Height: 85.42cm).
