A4tech G3-200NS

A4tech G3-200NS Silent Wireless Mouse User Manual

Model: G3-200NS | Brand: A4tech

Introduction

Thank you for choosing the A4tech G3-200NS Silent Wireless Mouse. This manual provides detailed instructions for setting up, operating, and maintaining your new wireless mouse. Designed for comfort and efficiency, this optical mouse offers silent clicks and reliable wireless connectivity for both PC and laptop use.

Package Contents

Please check the package contents to ensure all items are present:

- A4tech G3-200NS Silent Wireless Mouse
- USB Receiver
- User Manual (this document)
- (Note: 1 AA battery required, not included)

Setup

1. Installing the Battery

1. Locate the battery compartment on the underside of the mouse.
2. Open the battery compartment cover.
3. Insert one AA battery, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

2. Connecting the USB Receiver

1. Locate the USB receiver, typically stored within the mouse's battery compartment or packaged separately.
2. Plug the USB receiver into an available USB port on your computer or laptop.
3. The operating system will automatically detect and install the necessary drivers. This may take a few moments.
4. Once installed, the mouse is ready for use.

Operating the Mouse

Basic Functions

- **Left Click:** Primary action, selection, opening items.
- **Right Click:** Opens contextual menus.
- **Scroll Wheel:** Scrolls documents and web pages vertically. The scroll wheel also functions as a middle click button.

Silent Click Technology

The A4tech G3-200NS features silent click technology, significantly reducing click noise for a quieter working environment.

Wireless Range

The mouse operates within a wireless range of approximately 10 to 15 meters from the USB receiver, depending on environmental conditions and obstacles.

Maintenance

Battery Replacement

When the mouse performance degrades or stops responding, it is likely time to replace the AA battery. Follow the battery installation steps outlined in the "Setup" section.

Cleaning

To clean the mouse, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters the internal components. Avoid using harsh chemicals or abrasive cleaners.

Troubleshooting

Problem	Solution
Mouse not responding	• Ensure the battery is correctly installed and has sufficient charge. Replace if necessary. • Verify the USB receiver is securely plugged into a working USB port. Try a different USB port. • Ensure the mouse is within the effective wireless range of the receiver. • Restart your computer.
Erratic cursor movement	• Clean the optical sensor on the underside of the mouse. • Use the mouse on a clean, non-reflective surface. • Check for strong interference from other wireless devices.
Short wireless range	• Move the mouse closer to the USB receiver. • Ensure there are no large metal objects or other electronic devices obstructing the signal path.

Specifications

- **Brand:** A4tech
- **Model:** G3-200NS
- **Mouse Type:** Optical Mouse
- **Connectivity:** Wireless (2.4 GHz)
- **Color:** Black
- **Compatible with:** PC & Laptop
- **Operating System:** Linux, Windows XP (and newer versions)
