RADIUS BBR2

RADIUS Big Brush Soft Head Replaceable Toothbrush Heads Instruction Manual

This manual provides detailed instructions for the RADIUS Big Brush Soft Head replacement, covering setup, usage, maintenance, and product specifications.

1. PRODUCT OVERVIEW

The RADIUS Big Brush Replaceable Head is designed to provide an effective and gentle cleaning experience while promoting gum health. It features soft, plant-based bristles and is compatible with RADIUS Big Brush handles, offering a sustainable solution for your oral care routine.

2. SETUP AND INSTALLATION

To ensure proper function and hygiene, follow these steps to replace your toothbrush head:

1. **Remove the Old Head:** Grasp the existing brush head firmly and pull it straight off the toothbrush handle. Avoid twisting, as this may damage the handle or the connection point.
2. **Install the New Head:** Align the new RADIUS Big Brush Replaceable Head with the handle. Gently push the new head onto the handle until you hear or feel a click, indicating it is securely in place.

Image 2: Two RADIUS Big Brush replacement heads, highlighting key features such as being Made in USA, ADA Accepted, and BPA Free.

3. OPERATING INSTRUCTIONS

The RADIUS Big Brush Replaceable Head is designed for effective and comfortable brushing:

- **Brushing Technique:** Apply a pea-sized amount of toothpaste to the bristles. Place the brush at a 45-degree angle to your gums and gently move it in short, circular strokes. The wide brush head covers a larger surface area, providing a comprehensive clean for both teeth and gums.
- **Gentle on Gums:** The soft, plant-based bristles are designed to be gentle on gums while effectively cleaning teeth. Avoid excessive pressure to prevent gum irritation.
- **Ergonomic Design:** The compatible RADIUS Big Brush handle (sold separately) features an ergonomic grip, making it comfortable for both right-handed and left-handed users.

4. MAINTENANCE AND CARE

Proper maintenance extends the life of your brush head and ensures optimal hygiene:

- **Rinse After Use:** After each brushing session, thoroughly rinse the brush head under running water to remove any toothpaste residue and food particles.
- **Air Dry:** Store the toothbrush in an upright position to allow the bristles to air dry completely. Avoid covering the brush head, as this can promote bacterial growth.
- **Replacement Schedule:** Dentists recommend replacing toothbrush heads every three months, or sooner if the bristles become frayed or worn. Regular replacement ensures effective cleaning and prevents bacterial buildup.
- **Sustainable Disposal:** The plant-based bristles are designed to be sustainable. If using a compatible RADIUS handle made from renewable timber, please check local recycling guidelines for proper disposal of both the used brush head and the handle when its lifespan ends.

Image 4: Visual representation of the RADIUS brush head's earth-friendly design, emphasizing vegetable-based nylon bristles and biodegradability.

5. TROUBLESHOOTING

This section addresses common concerns related to the RADIUS Big Brush Replaceable Head:

- **Gum Sensitivity/Irritation:** If you experience gum sensitivity, ensure you are not applying excessive pressure during brushing. The soft bristles are designed for gentle cleaning. If irritation persists, consult a dental professional.
- **Difficulty Attaching/Detaching Head:** Ensure the brush head is aligned correctly with the handle before pushing it on. If it feels stuck, try wiggling it gently while pulling straight off. Avoid forceful twisting.

6. SPECIFICATIONS

Brand	RADIUS
Model Number	BBRS2
Product Dimensions	1.41 x 0.83 x 6.75 inches
Item Weight	0.6 ounces
Material	Nylon (plant-based bristles). Compatible handles may use Renewable Timber.
Age Range	Adult

7. WARRANTY AND SUPPORT

For product support, warranty information, or to provide feedback, please contact RADIUS customer service.
