3. PACKAGE CONTENTS

The product package includes the following items:

- 1 x ZEBRONICS Zeb-Transformer-M Gaming Mouse
- 1 x User Manual

4. SETUP GUIDE

The Zeb-Transformer-M mouse features a simple plug-and-play installation process. No drivers or additional software are required for basic functionality.

1. Locate an available USB port on your computer (desktop PC or laptop).
2. Insert the gold-plated USB connector of the Zeb-Transformer-M mouse into the USB port.

3. The mouse will be automatically detected by your operating system (Windows, Mac OS).

4. The LED lights on the mouse will illuminate, indicating it is powered on and ready for use.

5. OPERATING INSTRUCTIONS

The Zeb-Transformer-M mouse is designed for intuitive use with its six buttons and dynamic LED lighting.

5.1 Button Functions

- **Left Click:** Standard primary button for selection and interaction.
- **Right Click:** Standard secondary button for context menus and additional options.
- **Scroll Wheel:** Used for vertical scrolling. Can also be clicked as a middle button.
- **DPI Switch:** Located behind the scroll wheel, this button allows you to cycle through different DPI settings.
- **Forward Button:** Located on the left side of the mouse, typically used for navigating forward in web browsers or file explorers.
- **Backward Button:** Located on the left side of the mouse, typically used for navigating backward in web browsers or file explorers.

5.2 Adjusting DPI (Dots Per Inch)

The dedicated DPI switch allows you to instantly change the mouse's sensitivity to suit your needs, whether for precise aiming in games or fast navigation on the desktop.

- Press the **DPI Switch** button once to cycle to the next DPI setting.
- The available DPI settings are 1000, 1600, 2400, and 3200 DPI.
- Each DPI setting may correspond to a different LED color or pattern, providing visual feedback.

5.3 LED Lighting Effects

The mouse features 7-color breathing LED lights that automatically cycle through different colors, adding a vibrant aesthetic to your setup.

6. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Zeb-Transformer-M gaming mouse, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Cable Care:** Do not excessively bend, twist, or pull the braided cable. Store it neatly to prevent tangles and damage.
- **Storage:** When not in use, store the mouse in a clean, dry environment away from direct sunlight and extreme temperatures.
- **Avoid Drops:** Protect the mouse from accidental drops or impacts, which can damage internal components.

7. TROUBLESHOOTING

If you encounter any issues with your Zeb-Transformer-M gaming mouse, refer to the following common troubleshooting steps:

Problem	Possible Solution
Mouse is not responding.	1. Ensure the USB connector is securely plugged into a working USB port. 2. Try plugging the mouse into a different USB port on your computer. 3. Test the mouse on another computer to determine if the issue is with the mouse or the computer. 4. Restart your computer.
LED lights are not working.	1. Check the USB connection. 2. Ensure the mouse is receiving power from the USB port. 3. The LED lights are automatic and do not have a manual on/off switch. If the mouse functions but LEDs do not, contact support.
DPI switch is not changing sensitivity.	1. Ensure the mouse is properly connected and functioning. 2. Press the DPI switch firmly. 3. If the issue persists, contact customer support.
