1. Introduction

The Skull Shaver Pitbull Silver PRO is an advanced electric head shaver designed for men, offering a comfortable and efficient grooming experience. Its ergonomic design ensures easy handling for both wet and dry shaving, providing smooth results without nicks or irritation. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device.

2. What's in the Box?

Upon unboxing your Skull Shaver Pitbull Silver PRO, please ensure all the following items are present:

- Pitbull Silver PRO Shaver with 4-Head Blade
- Power Adapter
- USB Charging Cord
- Travel Pouch

Figure 2: All components included in the Skull Shaver Pitbull Silver PRO package.

3. Setup

3.1 Initial Charging

Before first use, fully charge your Skull Shaver Pitbull Silver PRO. Connect the USB charging cord to the shaver and the power adapter, then plug it into a wall outlet. The battery indicator light will show charging status. A full charge provides up to 60 minutes of cordless use.

3.2 Assembly

The shaver comes pre-assembled. Ensure the shaver head is securely attached to the handle before use.

Figure 3: The shaver features premium Japanese Stainless Steel Blades and a battery indicator light.

4. Operating Instructions

4.1 Powering On/Off

To power on the shaver, press the power button located on the handle. Press it again to turn off the device.

4.2 Shaving Technique

The Pitbull Silver PRO is designed for both wet and dry shaving. Its ergonomic handle and 360-degree contouring floating blades adapt to the curves of your head and face for a close and comfortable shave.

- **Dry Shaving:** For a quick and convenient shave, use the shaver on dry skin. Ensure your skin is clean and free of any oils or lotions.
- **Wet Shaving:** For a refreshing shave, you can use the shaver with shaving cream, gel, or foam, even in the

shower. The shaver is IPX5 water-resistant, allowing for easy rinsing under running water.

- **Ergonomic Grip:** Hold the shaver with the ergonomic handle that fits perfectly in your hand, allowing for intuitive shaving motions across your head and face.
- **Smooth Glide:** Gently press the shaver against your skin and move it in circular or linear motions. The flexible blades will contour to your skin, minimizing nicks and cuts.

Figure 4: The shaver supports both wet and dry shaving with 360-degree contouring blades and offers 60 minutes of cordless operation.

Figure 5: The Pitbull Silver PRO is versatile for both head and body grooming.

Figure 6: The ergonomic design ensures a comfortable and secure grip during use.

5. Maintenance

5.1 Cleaning

Regular cleaning ensures optimal performance and hygiene. The Pitbull Silver PRO is designed for easy cleaning.

- **Daily Cleaning:** After each use, detach the shaver head and tap out any accumulated hair clippings. You can also rinse the shaver head under running water.
- **Deep Cleaning:** Periodically, perform a deeper clean by disassembling the shaver head components and rinsing them thoroughly. Allow all parts to air dry completely before reassembling.

5.2 Blade Replacement

For best results, it is recommended to replace the shaver blades every 3-6 months, depending on usage frequency and hair type. Replacement blades can be purchased from authorized Skull Shaver retailers or their official website.

Figure 7: The shaver's IPX5 water resistance allows for easy cleaning under running water.

6. Safety Information

- For safe use, keep the shaver away from water sources except when using the IPX5 water-resistant feature. Do not submerge the shaver.
- Ensure the device is properly charged and unplugged when not in use.
- Replace the battery if it shows signs of damage.
- Always follow manufacturer instructions for charging and usage.

7. Specifications

Feature	Detail

Special Feature	Wet & Dry Shaving, IPX5 Water Resistant
Recommended Uses	Scalp, Face, Body
Product Dimensions	3.15 x 2.36 x 3.15 inches
Item Weight	8.82 ounces
Batteries	1 A battery required (included)
Wattage	2 watts
Country of Origin	China
Date First Available	November 12, 2019

8. Troubleshooting

8.1 Device Not Turning On

- Ensure the shaver is fully charged. Connect it to the charger and allow sufficient time for charging.
- Check the power button for any debris or obstruction.

8.2 Poor Shaving Performance

- Clean the shaver head thoroughly. Accumulated hair or product residue can affect performance.
- Consider replacing the shaver blades. Blades can dull over time, reducing cutting efficiency.
- Ensure proper shaving technique, moving the shaver gently against the skin.

8.3 Skin Irritation

- Ensure the shaver head is clean before each use.
- Try wet shaving with a lubricating shaving cream or gel.
- Avoid applying excessive pressure while shaving.

9. Warranty & Support

For detailed warranty information and customer support, please refer to the warranty card included in your product packaging or visit the official Skull Shaver website. Keep your proof of purchase for any warranty claims.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
