## Artika 1346373

# Artika U7 Shower Caddy Instruction Manual

Model: 1346373 | Brand: Artika

## 1. PRODUCT OVERVIEW

The Artika U7 Shower Caddy (Model 1346373) is designed for organizing bath items within a shower environment. It features a rustproof construction using aluminum and stainless steel components. The caddy includes adjustable storage trays and can be installed in various shower configurations.

### Key Features:

- Aluminum and Stainless Steel, Rustproof Design
- Compatible with most showers and baths
- Includes two adjustable trays with baskets, one removable soap dish, one razor holder, and one adjustable mirror
- Multiple installation options: over showerhead, on wall, or on shower door
- Secure installation with removable polycarbonate suction cups or adhesive film

## 2. PACKAGE CONTENTS

Verify that all components are present before beginning installation. The package should contain:

- 1 x Artika U7 Shower Caddy Frame
- 2 x Adjustable Stainless Steel Trays with Baskets
- 1 x Removable Soap Dish
- 1 x Razor Holder
- 1 x Adjustable Mirror
- Polycarbonate Suction Cups (for wall/door mounting)
- Double-sided Adhesive Film (for wall/door mounting)

### 3. SAFETY INFORMATION

---

Please read and understand all instructions before installation and use. Keep this manual for future reference.

- Do not overload the caddy. The maximum recommended load is 1000 grams (approximately 2.2 pounds).
- Ensure the caddy is securely installed according to the instructions to prevent it from falling.
- Avoid placing sharp or fragile items where they could fall and cause injury.
- Regularly check the stability of the caddy and the adhesion of suction cups or adhesive film.

### 4. INSTALLATION INSTRUCTIONS

---

The Artika U7 Shower Caddy offers flexible installation options. Choose the method best suited for your shower.

#### Option A: Over Showerhead Installation

1. Ensure the showerhead pipe is clean and dry.
2. Place the caddy's top hook over the showerhead pipe.
3. Adjust the caddy to hang straight.
4. (Optional) For added stability, attach the polycarbonate suction cups to the back of the caddy and press firmly against the shower wall. Ensure the wall surface is clean and dry for optimal suction.

#### Option B: Wall or Shower Door Installation (using Suction Cups or Adhesive Film)

1. Clean the desired installation surface (tile, glass, etc.) thoroughly with a non-abrasive cleaner and dry completely.
2. **Using Suction Cups:** Attach the polycarbonate suction cups to the designated points on the back of the caddy. Press the caddy firmly against the clean, dry surface, ensuring the suction cups create a strong seal.
3. **Using Adhesive Film:** For a more permanent hold, peel the backing from the double-sided adhesive film and apply it to the designated points on the back of the caddy. Press the caddy firmly against the clean, dry surface for at least 30 seconds. Allow 24 hours for the adhesive to cure before placing items in the caddy.

## 5. OPERATING INSTRUCTIONS

Once installed, the Artika U7 Shower Caddy is ready for use. Its adjustable features allow for customization.

- **Adjusting Trays:** The stainless steel trays can be repositioned vertically along the caddy frame. Loosen the securing mechanism on each tray, slide it to the desired height, and then tighten to

secure.

- **Removable Soap Dish:** The soap dish can be placed on either tray or removed as needed. Its design allows for water drainage.
- **Razor Holder:** Utilize the integrated razor holder for safe and convenient storage of your razor.
- **Adjustable Mirror:** The mirror can be tilted to your preferred angle for shaving or other tasks.
- **Storage:** Place shampoos, conditioners, soaps, and other bath items in the baskets. The open design promotes air circulation and water drainage.

## 6. MAINTENANCE

---

To ensure the longevity and appearance of your Artika U7 Shower Caddy, follow these simple maintenance guidelines:

- **Cleaning:** Clean the caddy regularly with a soft cloth and mild soap or a non-abrasive bathroom cleaner. Rinse thoroughly with water and dry to prevent water spots.
- **Rust Prevention:** The caddy is constructed from rustproof aluminum and stainless steel. However, to maintain its finish, avoid using harsh chemicals or abrasive cleaning tools that could damage the protective layers.
- **Suction Cup Care:** If using suction cups, periodically remove, clean, and reapply them to ensure optimal adhesion.

## 7. TROUBLESHOOTING

---

If you encounter issues with your Artika U7 Shower Caddy, refer to the following common solutions:

- **Caddy slides down or is unstable:**
  - Ensure the top hook is securely seated over the showerhead pipe.
  - If using suction cups, ensure the wall surface is clean, dry, and smooth. Reapply suction cups firmly.
  - If using adhesive film, ensure it was applied to a clean, dry surface and allowed to cure for 24 hours.
  - Check if the caddy is overloaded. Reduce the weight of items stored.
- **Suction cups do not stick:**
  - Clean both the suction cups and the wall surface thoroughly with rubbing alcohol and let dry completely.
  - Ensure the surface is non-porous and smooth (e.g., glass, smooth tile). Suction cups may not adhere well to textured or porous surfaces.
  - Moisten the rim of the suction cup slightly before pressing firmly onto the surface.
- **Trays are difficult to adjust:**
  - Ensure the securing mechanism on the tray is fully loosened before attempting to slide.
  - Check for any debris or soap residue that might be obstructing the sliding mechanism. Clean if necessary.

## 8. SPECIFICATIONS

<b>Brand:</b>	Artika
<b>Model Number:</b>	1346373
<b>Material:</b>	Stainless Steel, Aluminum
<b>Color:</b>	Silver
<b>Finish Type:</b>	Polished
<b>Shape:</b>	Rectangular
<b>Product Dimensions:</b>	5.25 x 18.25 x 27.5 inches (D x W x H)
