Fossil Gen 5 Garrett Smartwatch FTW4041 User Manual

Your comprehensive guide to setup, operation, and maintenance.

1. INTRODUCTION

Welcome to the user manual for your new Fossil Men's Gen 5 Garrett Stainless Steel Touchscreen Smartwatch. This guide provides essential information to help you set up, operate, and maintain your smartwatch, ensuring you get the most out of its advanced features.

Image 1.1: Front view of the Fossil Gen 5 Garrett Smartwatch with a black silicone strap.

2. SETUP

2.1 Initial Charging

Before first use, fully charge your smartwatch. Connect the USB cable with the magnetic charger to the rings on the watch caseback. The charger spins 360 degrees for ease of use. The watch can charge up to 80% in under an hour.

2.2 Pairing with Your Smartphone

Your Fossil Gen 5 Garrett Smartwatch is powered by Wear OS by Google and works with both iPhone and Android phones. Download the Wear OS by Google app on your smartphone and follow the on-screen instructions to pair your device.

2.3 Changing Watch Straps

The watch features interchangeable 22mm bands. To change a strap, locate the small pin on the underside of the strap near the watch case. Pull the pin inwards to release the strap from the watch lug. Align the new strap with the watch lugs and push the pin back into place until it clicks securely.

3. OPERATING INSTRUCTIONS

3.1 Touchscreen Navigation

Navigate your smartwatch by swiping across the 1.28-inch touchscreen. Swipe down for quick settings, up for notifications, left for Google Fit tiles, and right for Google Assistant.

3.2 Button Functions

The watch features a rotating crown and two customizable pushers. The crown typically navigates menus and can be pressed to return to the watch face or open the app drawer. The top and bottom pushers can be assigned to quickly launch your favorite apps or functions.

Image 3.2: Watch face showing current time and various notification icons.

3.3 Smartwatch Functions

- **Notifications:** Receive alerts for calls, texts, and app notifications directly on your wrist.

- **Calls:** Answer and make calls directly from your watch using the built-in speaker and microphone when your phone is within range.
- **Time Syncing:** Automatic time, time zone, and calendar synchronization.
- **Google Assistant:** Access Google Assistant for voice commands and information.

Image 3.3: Watch face showing the Google Assistant prompt.

4. FEATURES

4.1 Health and Fitness Tracking

Utilize Google Fit for comprehensive heart rate and activity tracking. The built-in GPS allows for accurate distance tracking during workouts. New wellness enhancements include sleep history tracking, restfulness monitoring, and sleep goal setting. The watch is swimproof (3ATM), making it suitable for various water activities.

Image 4.2: Close-up of the smartwatch's underside, showing the integrated heart rate sensor.

4.2 Lifestyle and Customization

Personalize your watch with thousands of watch faces and an always-on display. Access hundreds of apps from the Google Play

Store, including fitness trackers, payment apps, music controls, social media, news, games, and more. Its swimproof design and fast charging make it versatile for all your daily activities.

5. MAINTENANCE

5.1 Cleaning Your Smartwatch

Regularly clean your smartwatch to maintain its appearance and functionality. Use a soft, lint-free cloth to wipe the screen and case. For silicone bands, mild soap and water can be used. Ensure the watch is dry before charging or wearing.

5.2 Water Resistance

The Fossil Gen 5 Garrett Smartwatch has a water resistance rating of 3ATM (50 meters) and is considered swimproof. This means it can withstand splashes, rain, and shallow water activities like swimming. Avoid high-velocity water sports or diving, as this may exceed its water resistance capabilities. Do not press buttons underwater.

5.3 Battery Care

To prolong battery life, avoid extreme temperatures. Charge the watch regularly, but avoid leaving it on the charger for extended periods after it's fully charged. The battery life is approximately 24 hours, with a multi-day extended mode available, varying based on usage and installed updates.

6. TROUBLESHOOTING

6.1 Common Issues and Solutions

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the magnetic charger and wait a few minutes.
- **Connectivity issues:** Check Bluetooth on your phone and ensure the Wear OS app is running. Restart both your watch and phone.
- **Inaccurate heart rate/GPS:** Ensure the watch is worn snugly on your wrist. For GPS, ensure you have a clear view of the sky.
- **Battery draining quickly:** Adjust settings such as screen brightness, always-on display, and background app refresh. Limit notifications from less critical apps.
- **Touchscreen unresponsive:** Restart the watch. If the issue persists, perform a factory reset (note: this will erase all data).

For more detailed troubleshooting or persistent issues, please refer to the official Fossil support website or contact customer service.

7. SPECIFICATIONS

Feature	Specification
