Standard Process Multizyme Pancreatic Enzyme Supplement User Manual

[Introduction](#) [Usage Instructions](#) [Ingredients](#) [Specifications](#) [Warnings](#) [Storage](#) [FAQ](#) [Support](#)

1. INTRODUCTION TO STANDARD PROCESS MULTIZYME

Standard Process Multizyme is a pancreatic enzyme supplement formulated to support healthy digestion. It contains a blend of digestive enzymes, including bromelain, amylase, and lipase, which are crucial for the breakdown of proteins, carbohydrates, and fats. This supplement is designed to support the gastrointestinal (GI) tract environment and aid in macronutrient digestion, contributing to overall digestive health.

Multiple Enzymes for a Multitude of Benefits

Multizyme supports the normal breakdown of proteins, carbohydrates, and fats.*

The image shows a bottle of Standard Process Multizyme, highlighting its role in providing multiple enzymes for various benefits. The text emphasizes that Multizyme aids in the normal breakdown of proteins, carbohydrates, and fats.

Combines key ingredients to support the body with:

- Pancreatic function*
- Gastric and intestinal phases of digestion*
- Digestive environment of the GI tract*
- Macronutrient digestion*

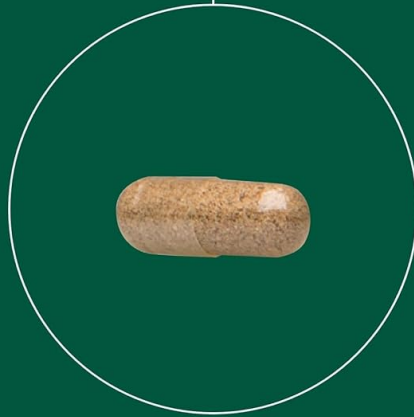

This image features the Standard Process Multizyme bottle, detailing how its key ingredients support pancreatic function, gastric and intestinal phases of digestion, the digestive environment of the GI tract, and macronutrient digestion.

2. USAGE INSTRUCTIONS

4. PRODUCT SPECIFICATIONS

Feature	Detail
Brand Name	Standard Process Inc.
Model Number	5695
Item Form	Capsule
Unit Count	150 Count
Total Servings Per Container	150
Product Benefits	Digestive Health Support

Age Range Description	Adult
Container Type	Bottle
Flavor	Unflavored
Material Features	Certified Organic
Item Weight	0.14 Kilograms (4.97 ounces)
Package Dimensions	4.8 x 2.6 x 2.52 inches
Date First Available	February 5, 2020

5. WARNINGS AND PRECAUTIONS

Warning: If pregnant or nursing, or have any health condition, consult your health care professional before using this product. Keep out of reach of children.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease or health condition.

Always adhere to the recommended dosage unless otherwise advised by a healthcare professional.

6. STORAGE

Store in a cool, dry place, away from direct sunlight. Keep the bottle tightly closed to maintain product freshness and efficacy.

7. FREQUENTLY ASKED QUESTIONS

What makes Standard Process products unique?

Standard Process protects vital, bioavailable nutrients and controls quality at every stage to deliver high-quality, safe products that work the way nature intended.

Why should I choose Standard Process?

Standard Process is a third-generation, family-owned company with its own certified organic farm where many of the ingredients found in their supplements are grown. Their products are backed by science and research.

How did Standard Process get its start?

Since 1929, Standard Process has been dedicated to a whole food philosophy, providing nutrients in a whole food state where their natural potency and efficacy can be realized.
