PanOxyl F19003

PanOxyl Acne Foaming Wash Instruction Manual

Brand: PanOxyl | Model: F19003

Product Overview

Image: PanOxyl Acne Foaming Wash, showing both the product box and the tube.

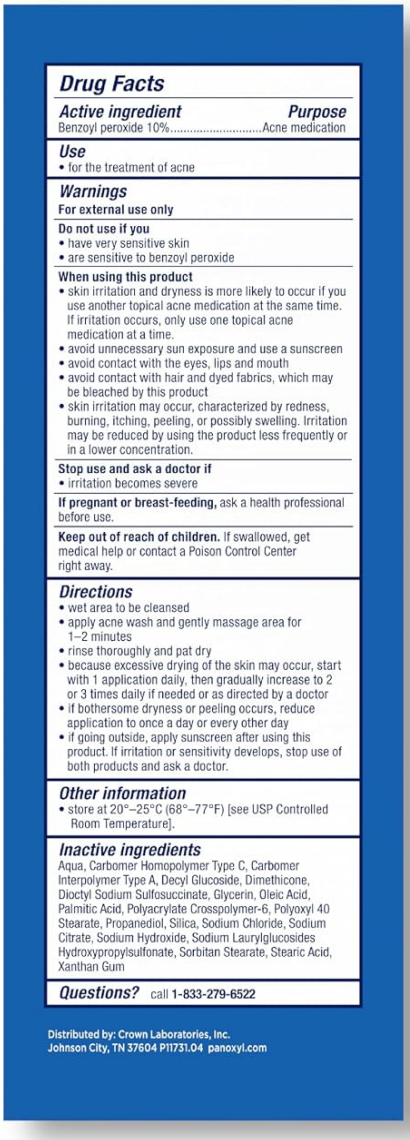

The PanOxyl Maximum Strength Acne Foaming Wash is formulated with 10% Benzoyl Peroxide, designed for the effective treatment and prevention of acne on both the face and body. This maximum strength formula works by penetrating pores to kill acne-causing bacteria, clearing existing blemishes, and preventing new breakouts from forming.

It gently removes dirt and excess oil, helping to cleanse and unclog pores. This product is available without a prescription and is an excellent choice for managing acne.

Key Features:

- **Maximum Strength Formula:** Contains 10% Benzoyl Peroxide, the highest over-the-counter concentration available.
- **Antimicrobial Action:** Kills acne-causing bacteria on contact.
- **Clears and Prevents:** Effectively clears existing acne blemishes and helps prevent new ones from forming.
- **Face and Body Treatment:** Suitable for use on the face, chest, and back.
- **Pore Cleansing:** Lifts dirt and excess oil to cleanse and unclog pores.

Important Safety Information

Drug Facts

Active ingredient — **Purpose**
Benzoyl peroxide 10%..... Acne medication

Use
- for the treatment of acne

Warnings
For external use only

Do not use if you
- have very sensitive skin
- are sensitive to benzoyl peroxide

When using this product
- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.
- avoid unnecessary sun exposure and use a sunscreen
- avoid contact with the eyes, lips and mouth
- avoid contact with hair and dyed fabrics, which may be bleached by this product
- skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.

Stop use and ask a doctor if
- irritation becomes severe

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions
- wet area to be cleansed
- apply acne wash and gently massage area for 1–2 minutes
- rinse thoroughly and pat dry
- because excessive drying of the skin may occur, start with 1 application daily, then gradually increase to 2 or 3 times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day
- if going outside, apply sunscreen after using this product. If irritation or sensitivity develops, stop use of both products and ask a doctor.

Other information
- store at 20°–25°C (68°–77°F) [see USP Controlled Room Temperature].

Inactive ingredients
Aqua, Carbomer Homopolymer Type C, Carbomer Interpolymer Type A, Decyl Glucoside, Dimethicone, Dioctyl Sodium Sulfosuccinate, Glycerin, Oleic Acid, Palmitic Acid, Polyacrylate Crosspolymer-6, Polyoxyl 40 Stearate, Propanediol, Silica, Sodium Chloride, Sodium Citrate, Sodium Hydroxide, Sodium Laurylglucosides Hydroxypropylsulfonate, Sorbitan Stearate, Stearic Acid, Xanthan Gum

Usage Instructions

Follow these directions carefully for optimal results and to minimize potential irritation:

1. **Step 1: Wet Area to be Cleansed**

Ensure the skin area to be treated is thoroughly wet.

2. **Step 2: Apply and Massage**

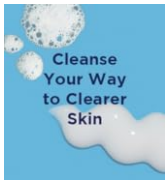

Apply the acne wash and gently massage it into the skin for 1-2 minutes.

3. **Step 3: Rinse Thoroughly and Pat Dry**

Rinse the treated area thoroughly with water and gently pat dry.

4. **Step 4: Application Frequency**

Apply once daily. If excessive drying of the skin occurs, start with one application daily, then gradually increase to 2 or 3 times daily if needed or as directed by your Dermatologist.

If bothersome dryness or peeling occurs, reduce application to once a day or every other day. If going outside, apply sunscreen after using this product. If irritation or sensitivity develops, stop use of both products and ask a doctor.
