

## Bluedio HS

# Bluedio HS Neckband Portable Bluetooth Speaker User Manual

Model: HS

## INTRODUCTION

---

The Bluedio HS Neckband Portable Bluetooth Speaker is designed to provide a personal audio experience while keeping your hands and ears free. This wearable speaker offers multiple connectivity options including Bluetooth 5.0, FM radio, and Micro SD card playback, making it versatile for various activities such as cooking, outdoor sports, or hands-free phone calls. Its ergonomic design ensures comfortable wear for extended periods.

## SETUP

---

### 1. Charging the Speaker

Before first use, fully charge the Bluedio HS speaker. Connect the supplied Type-C charging cable to the charging port on the speaker and the other end to a compatible USB power source. The LED indicator will show charging status. A full charge takes approximately 2.5 hours.

**Support WAV and MP3 Format up to 87.5MHZ-108MHZ  
Stable Transmission Lossless Sound Quality**

## **2. Bluetooth Pairing**

1. Ensure the speaker is charged and powered off.
2. Press and hold the multifunction button (power button) until the LED indicator flashes blue and red, indicating pairing mode.
3. On your smartphone or Bluetooth-enabled device, enable Bluetooth and search for available devices.
4. Select "Bluedio HS" from the list of devices.
5. Once connected, the LED indicator will show a steady blue light or flash slowly.

## **3. Inserting a Micro SD Card**

The Bluedio HS supports Micro SD cards up to 32GB for direct music playback. Locate the SD card slot on the speaker. Gently insert the Micro SD card with the gold contacts facing down until it clicks into place.

# Easy To Play

## MAINTENANCE

---

- **Cleaning:** Use a soft, dry cloth to clean the speaker. Do not use abrasive cleaners or solvents.
- **Storage:** Store the speaker in a cool, dry place away from extreme temperatures and direct sunlight.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the speaker regularly, even if not in use for extended periods.
- **Water Resistance:** The Bluedio HS is NOT waterproof. Avoid exposure to water or high humidity.

## TROUBLESHOOTING

---

### No Power/Cannot Turn On:

Ensure the speaker is fully charged. Connect the charging cable and check if the LED indicator lights up.

### Cannot Pair with Bluetooth Device:

- Ensure the speaker is in pairing mode (LED flashing blue and red).
- Make sure Bluetooth is enabled on your device and it is within the effective range (up to 60 meters).
- Delete "Bluedio HS" from your device's Bluetooth list and try pairing again.
- Restart both the speaker and your Bluetooth device.

### No Sound/Low Sound:

- Adjust the volume on both the speaker and your connected device.
- Ensure the speaker is correctly connected via Bluetooth, or that the Micro SD card is properly inserted and contains playable audio files.
- If using FM radio, ensure you are in an area with good signal reception.
- Note that sound quality may vary when not worn, as the speaker is designed for optimal performance when worn around the neck.

**Buttons Not Responding:**

Try restarting the speaker. If a specific button consistently fails, it may indicate a hardware issue.

**Speaker Falls Off Neck Easily:**

The design is lightweight and ergonomic. For active use, ensure it is positioned securely. Be mindful during sudden movements to prevent it from falling.

**SPECIFICATIONS**

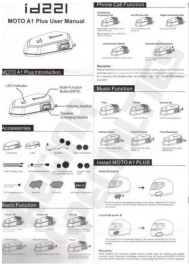

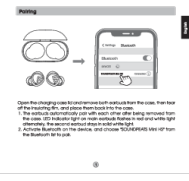

Feature	Detail
Model Name	HS
