Aspor A615

Aspor A615 Bluetooth Earphones with Microphone User Manual

Model: A615 | Brand: Aspor

1. Introduction

Thank you for choosing the Aspor A615 Bluetooth Earphones with Microphone. This manual provides essential information for the safe and efficient use of your new earphones. Please read this manual thoroughly before using the product and retain it for future reference.

2. Product Overview

The Aspor A615 are wireless Bluetooth earphones designed for high-quality audio playback and clear communication. They feature a built-in microphone for hands-free calls and are compatible with a wide range of Bluetooth-enabled devices.

Key Features:

- Compatible with multiple devices and easy to use.
- Strong wireless connection.
- Earphones designed and tested to ensure safe use.
- Supports AAC, SBC, MP3 music formats.
- Operating distance up to 10 meters.
- Long standby time of 100 hours.

3. Setup

3.1 Charging the Earphones

Before first use, fully charge the earphones. Connect the charging cable (not specified, assuming standard USB) to

the charging port on the earphones and to a compatible USB power source. The LED indicator will show charging status (e.g., red for charging, blue for fully charged). A full charge typically takes approximately 1-2 hours. The earphones are equipped with a 110 mAh Lithium-ion battery.

3.2 Pairing with a Bluetooth Device

1. Ensure the earphones are fully charged and turned off.
2. Press and hold the multi-function button (or power button) on the earphones until the LED indicator flashes rapidly (e.g., blue and red alternately), indicating pairing mode.
3. On your mobile phone, computer, or other Bluetooth-enabled device, enable Bluetooth and search for available devices.
4. Select "Aspor A615" (or similar name) from the list of found devices.
5. Once paired, the LED indicator on the earphones will typically flash slowly or turn solid blue. A voice prompt may also confirm the connection.
6. The earphones can operate up to 10 meters from the paired device.

4. Operating Instructions

4.1 Power On/Off

- To power on: Press and hold the multi-function button until the LED indicator lights up and a voice prompt confirms "Power On".
- To power off: Press and hold the multi-function button until the LED indicator turns off and a voice prompt confirms "Power Off".

4.2 Music Playback

- Play/Pause: Press the multi-function button once.
- Next Track: Press and hold the Volume Up button.
- Previous Track: Press and hold the Volume Down button.
- Volume Up: Short press the Volume Up button.
- Volume Down: Short press the Volume Down button.

The earphones support AAC, SBC, and MP3 audio formats for high-quality music streaming.

4.3 Phone Calls

- Answer/End Call: Press the multi-function button once.
- Reject Call: Press and hold the multi-function button for 2 seconds.
- Redial Last Number: Double-press the multi-function button.

5. Maintenance

To ensure the longevity and optimal performance of your Aspor A615 earphones, follow these maintenance guidelines:

- Keep the earphones dry. Do not expose them to moisture or extreme temperatures.
- Clean the earphones regularly with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Store the earphones in a cool, dry place when not in use.
- Avoid dropping or subjecting the earphones to strong impacts.

- Do not attempt to disassemble or modify the earphones, as this will void the warranty and may cause damage.

6. Troubleshooting

If you encounter issues with your Aspor A615 earphones, refer to the following common solutions:

Problem	Possible Solution
Earphones do not power on.	Ensure the earphones are fully charged. Connect to a power source and check the charging indicator.
Cannot pair with device.	Ensure earphones are in pairing mode (flashing LED). Turn off and on Bluetooth on your device. Delete "Aspor A615" from your device's Bluetooth list and try pairing again. Ensure earphones are within 10 meters of your device.
No sound or low volume.	Increase volume on both earphones and your connected device. Ensure earphones are properly connected to your device. Check if the audio source is playing.
Call quality is poor.	Ensure the microphone is not obstructed. Move closer to your connected device to improve signal strength. Check for environmental noise interference.
