## Belmint BEL-UFS

# Belmint Foot Spa Bath Massager User Manual

Model: BEL-UFS

Brand: Belmint

## INTRODUCTION

---

The Belmint Foot Spa Foot Bath Massager is designed to provide a luxurious and therapeutic foot spa experience in the comfort of your home. Equipped with advanced features such as electric massage rollers, adjustable heat, bubbling jets, and a rotating callus remover, this device aims to improve blood circulation, relieve fatigue, and soften your skin, offering a professional spa treatment whenever you desire.

## IMPORTANT SAFETY INFORMATION

---

- For electrical safety, do not immerse the massager in water or use it near water sources.
- Always ensure the massager is properly plugged into a grounded outlet.
- Do not operate the massager with wet hands or while standing on a wet surface.
- Users with certain medical conditions (e.g., heart disease, diabetes, or skin conditions) should consult a healthcare professional before using this massager.
- Do not use the massager for more than the recommended time to avoid overheating and potential skin irritation.
- Always position the massager on a stable, level surface to prevent it from tipping over.

## COMPONENTS AND FEATURES

---

**Overall View:** The Belmint Foot Spa features a sleek design with an intuitive control panel at the top, a deep basin for soaking, and integrated massage elements.

**Key Components:** Includes a convenient carrying handle, a protective lid for cleanliness, a rotating pumice stone, six rolling massagers, a drainage spout for easy emptying, and non-slip feet for stability.

### **Detailed Features:**

#### **Electric Massage Rollers & Acupressure Nodes:**

Equipped with 6 electric massage rollers and integrated acupressure nodes to provide deep tissue massage and stimulate pressure points on your feet. These rollers are designed to relieve fatigue and improve circulation.

### Adjustable Heat Function:

The foot spa quickly heats water and maintains a desired temperature ranging from 95°F (35°C) to 118°F (48°C). This feature helps to soothe tired feet, improve blood circulation, and enhance relaxation. Heat is optional and can be adjusted to your preference.

### Bubbles and Callus Remover:

Enjoy gentle bubbling action that further enhances circulation and relaxation. A rotating callus remover is integrated to help soften and remove rough skin, providing a complete pedicure experience.

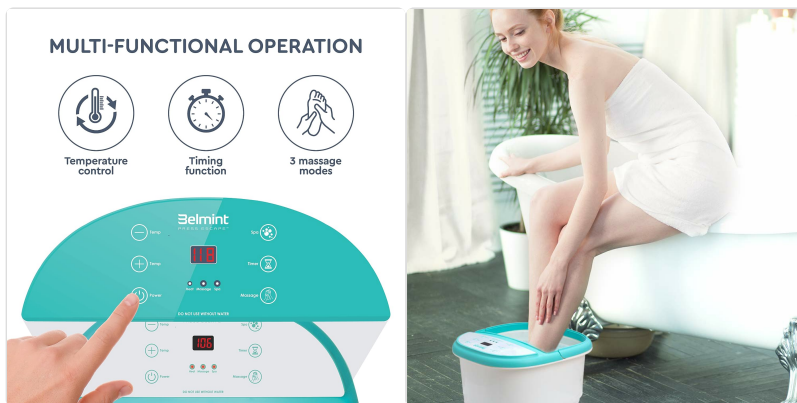

### Adjustable Timer:

Set your desired spa session duration from 15 to 60 minutes without needing to monitor time, allowing for maximum relaxation.

### Convenient Design:

The foot spa features a tall design to accommodate more of your foot and lower leg. It includes a sturdy handle for easy carrying and moving, and a drain plug at the bottom for effortless water disposal. A cover lid is also provided for dust-free storage.

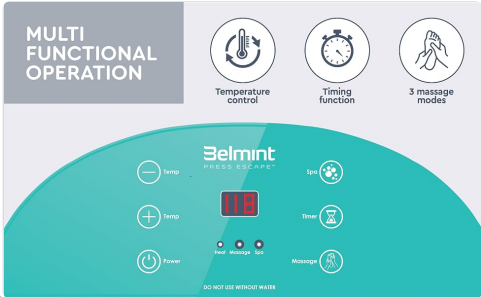

## SETUP AND OPERATION

- Placement:** Place the Belmint Foot Spa on a stable, level surface. Ensure it is near a grounded electrical outlet and a water source.
- Filling with Water:** Fill the foot spa with water. For optimal heating, it is recommended to start with warm water. Do not exceed the maximum fill line.  
*Video: Belmint Professional Foot Spa Bath Massager. This video demonstrates the process of filling the foot spa with water, highlighting its various features and ease of use.*
- Power On:** Plug the unit into a grounded electrical outlet. Press the **Power** button on the control panel to turn on the foot spa.
- Setting Temperature:** Use the **Temp +** and **Temp -** buttons to adjust the water temperature to your desired level (between 95°F and 118°F). The digital display will show the current temperature.
- Setting Timer:** Press the **Timer** button to set the duration of your session. You can choose from 15 to 60 minutes.
- Activating Massage & Bubbles:**
  - Press the **Massage** button to activate the electric massage rollers and acupuncture nodes.
  - Press the **Spa** button to turn on the bubbling function.
- Using the Callus Remover:** Gently place your foot over the rotating callus remover in the center of the basin to smooth rough skin.
- Enjoy Your Spa:** Place your feet into the water and relax. You can add essential oils or bath salts for an enhanced

experience (ensure they are safe for use with foot spas).

MAINTENANCE

- **Draining Water:** After use, unplug the foot spa. Release the drain plug at the bottom of the unit to easily empty the water

into a sink or bathtub.

Image: The drain plug is conveniently located at the bottom side of the unit for easy water removal.

- **Cleaning:** Wipe down the interior and exterior of the foot spa with a damp cloth and mild soap. Rinse thoroughly and dry completely before storage.
- **Storage:** Once clean and dry, cover the foot spa with the included lid to protect it from dust and debris. Store in a cool, dry place.
