ARTlii HK-OctopusW-US

Mini Projector User Manual

Model: HK-OctopusW-US | Brand: ARTlii

1. PRODUCT OVERVIEW

The ARTlii Octopus Mini Projector is a compact and portable device designed for various multimedia applications, including home cinema, education, gaming, and portable entertainment. It features diffuse reflection imaging technology for reduced eye fatigue and a built-in stereo speaker for an immersive audio experience.

2. PACKAGE CONTENTS

Upon unboxing your ARTlii Octopus Mini Projector, please verify that all the following items are included:

- ARTlii Octopus Mini Projector
- Remote Control
- AV Cable
- Power Adapter
- User Manual
- Warranty Policy Card

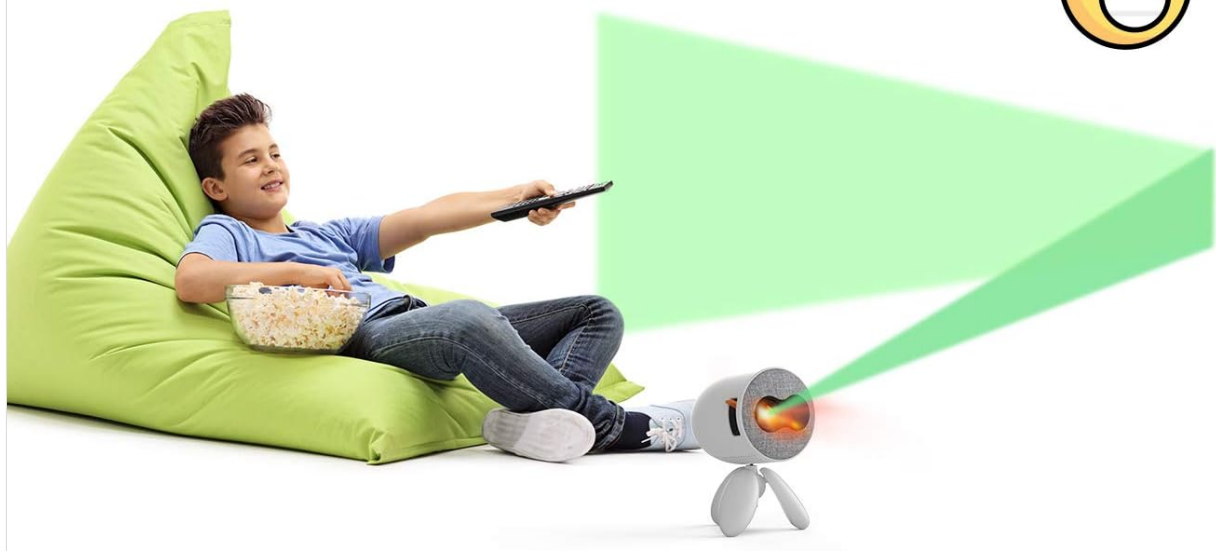

Image 2.1: All components included in the product package: the projector, remote control, AV cable, power adapter, and documentation.

3. PRODUCT FEATURES

- **Mini Portable Design:** The projector is designed for portability, allowing for easy setup and use in various locations. It includes a 360-degree rotating base for flexible positioning.
- **Eye Protection Technology:** Utilizing diffuse reflection imaging, the projector significantly reduces eye fatigue compared to direct light sources, making it suitable for extended viewing.

Reflecting light

Direct light source

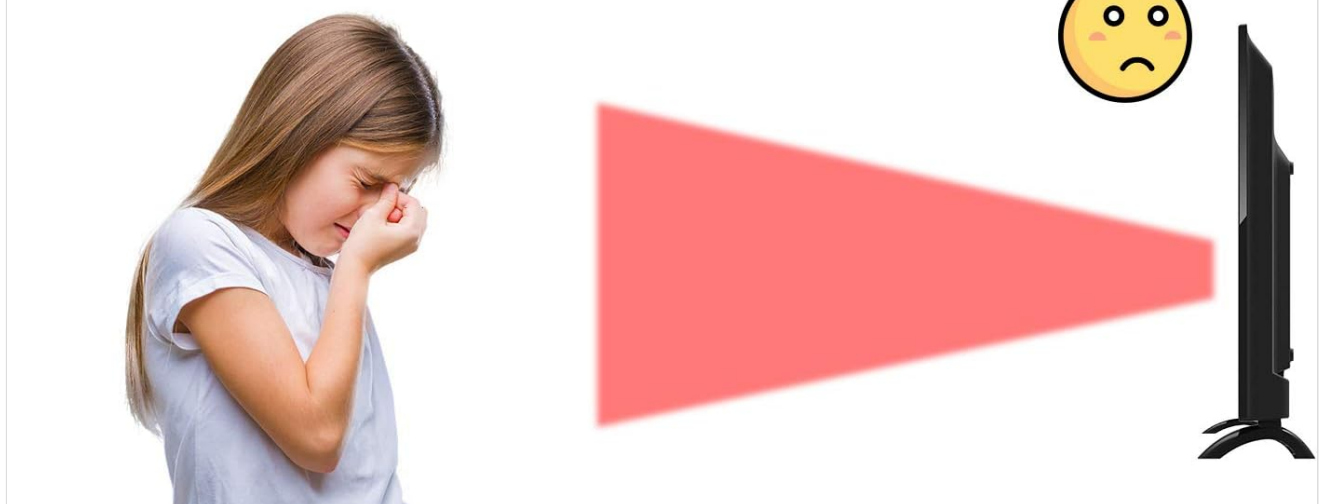

Image 3.1: Comparison showing how diffuse reflection from a projector is gentler on the eyes than direct light from a screen.

- **Multimedia Connectivity:** Equipped with HDMI, USB, TF Card, AV, and Audio ports, the projector offers versatile connection options for computers, DVD players, digital cameras, and other HDMI-enabled devices.
- **Built-in Stereo Speaker:** A 2.5W HIFI stereo speaker with SRS Sound System provides immersive audio without the need for external speakers.
- **Sleep Timer Function:** The integrated sleep timer allows users to set a specific duration after which the projector will automatically turn off, preventing unnecessary power consumption.

Image 3.2: A visual representation of the projector's sleep timer feature, showing a child asleep while the projector is set to turn off.

4. SETUP GUIDE

4.1 Physical Setup

Place the projector on a stable, flat surface. The integrated 360-degree rotating base allows for flexible positioning to project onto a wall or screen. Ensure adequate ventilation around the projector to prevent overheating.

4.2 Connectivity

The projector supports various input sources. Identify the appropriate port for your device:

- **HDMI:** Connect to laptops, gaming consoles, DVD players, or other HDMI-enabled devices.
- **USB:** For connecting USB drives to play media files.
- **TF Card:** Insert a TF (Micro SD) card for media playback.
- **AV:** Use the provided AV cable to connect to older devices with RCA outputs.

- **Audio Out:** Connect external speakers or headphones if desired.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

Connect the power adapter to the projector and a power outlet. Press the power button on the projector or the remote control to turn the unit on or off.

5.2 Focus Adjustment

To achieve a clear image, manually adjust the focus ring located on the projector lens until the projected image is sharp.

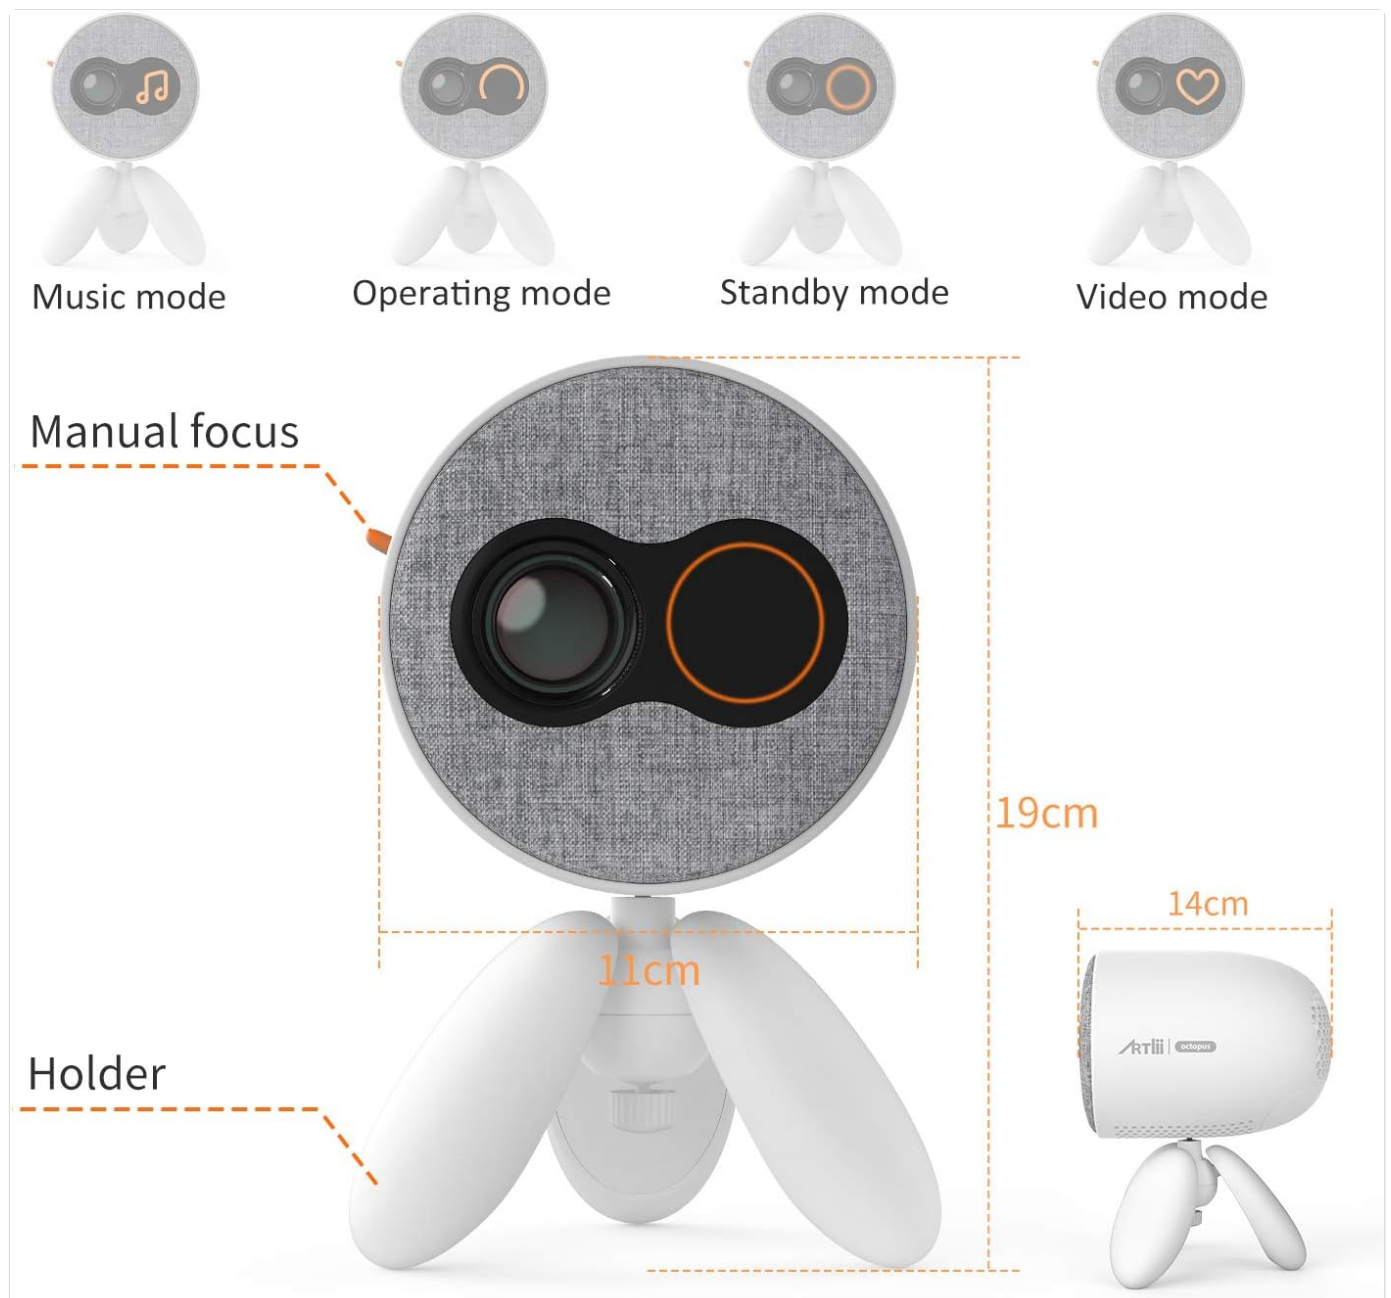

Image 5.1: Illustration of the manual focus mechanism and icons representing Music, Operating, Standby, and Video modes.

5.3 Mode Selection

The projector supports different operating modes. Use the remote control or the projector's controls to switch between modes such as Music mode, Operating mode, Standby mode, and Video mode, as indicated by the corresponding icons.

5.4 Sleep Timer

To activate the sleep timer, navigate to the settings menu using the remote control. Select the desired duration for the timer, and the projector will automatically power off after the set time has elapsed.

6. MAINTENANCE

- **Lens Cleaning:** Use a soft, lint-free cloth specifically designed for optical lenses to gently wipe the projector lens. Avoid abrasive materials or harsh chemicals.
- **Ventilation:** Ensure the projector's ventilation openings are clear and unobstructed to allow for proper airflow and prevent overheating.
- **Storage:** When not in use, store the projector in a cool, dry place, away from direct sunlight and extreme

temperatures.

7. TROUBLESHOOTING

If you encounter issues with your projector, refer to the following common problems and solutions:

- **No Image/Signal:**
 - Check all cable connections (HDMI, AV, USB) to ensure they are secure.
 - Verify the correct input source is selected on the projector.
 - Ensure the connected device (laptop, DVD player) is powered on and outputting a signal.
- **Blurry Image:**
 - Adjust the manual focus ring on the projector lens.
 - Ensure the projection distance is within the recommended range for optimal clarity.
- **No Sound:**
 - Check the volume level on both the projector and the connected source device.
 - Ensure no headphones or external speakers are connected if you intend to use the built-in speaker.
 - If using HDMI, verify the audio output settings on your source device.
- **Remote Control Not Responding:**
 - Ensure there are no obstructions between the remote control and the projector's IR receiver.
 - Check if the remote control requires batteries and replace them if necessary.

8. SPECIFICATIONS

Feature	Specification
Brand	ARTlii
Model Number	HK-OctopusW-US
Item Weight	1.28 pounds
Product Dimensions	5.51 x 4.33 x 7.48 inches
