SETUP AND INSTALLATION

The mDesign organizer bins require no assembly. Simply remove them from their packaging and they are ready for immediate use. Before first use, it is recommended to clean the bins according to the maintenance instructions.

To utilize the stackable feature, ensure the bottom bin is stable and placed on a flat surface. Align the top bin carefully with the grooves on the bottom bin's rim to ensure a secure stack. Avoid stacking excessively heavy items that could compromise stability.

MAINTENANCE AND CARE

To ensure the longevity and clarity of your mDesign organizer bins, follow these simple care instructions:

- **Cleaning:** Hand wash with mild soap and water. Do not place in the dishwasher, as high temperatures can cause warping or damage to the plastic.
- **Drying:** Air dry or wipe with a soft cloth to prevent water spots.
