### 3. SETUP: INSTALLING THE CASE

---

1. **Clean Your Device:** Before installation, ensure your iPhone 7 is clean and free of dust or debris.
2. **Align the Case:** Gently align the top edge of your iPhone 7 with the top opening of the case, ensuring the camera cutout matches.
3. **Insert Device:** Carefully push your iPhone 7 into the case, starting from the top, until it is fully seated. Ensure all edges are securely covered by the case.
4. **Check Fit:** Verify that all buttons and ports are accessible and that the case fits snugly around your device.

### 4. OPERATING INSTRUCTIONS

---

Once installed, the Other IP7858 case allows full functionality of your iPhone 7. The case is designed to provide protection while maintaining access to all essential features.

- **Button Access:** The case features precise cutouts or covers for the power button, volume buttons, and mute switch, ensuring they remain fully functional.
- **Port Access:** The charging port and speaker grilles are accessible through dedicated cutouts at the bottom of the case.

- **Camera Protection:** The raised edge around the camera cutout helps protect the lens from scratches when the phone is placed on flat surfaces.

## 5. MAINTENANCE AND CARE

---

To maintain the appearance and integrity of your leather case, follow these care instructions:

- **Cleaning:** Wipe the case gently with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the leather.
- **Drying:** Allow the case to air dry completely. Do not expose it to direct sunlight or artificial heat sources.
- **Avoid Exposure:** Protect the case from prolonged exposure to direct sunlight, extreme temperatures, and moisture to prevent discoloration or damage to the leather.
- **Storage:** When not in use, store the case in a cool, dry place.

## 6. TROUBLESHOOTING

---

### 6.1 Case Does Not Fit Properly

- **Verify Model:** Ensure your device is an iPhone 7 (4.7-inch model). This case is not compatible with other iPhone models.
- **Re-installation:** Remove the case and carefully re-install it, ensuring proper alignment as described in Section 3.

### 6.2 Discoloration or Wear

- Leather is a natural material and may develop a unique patina over time with regular use. This is a normal characteristic of genuine leather.
- Refer to Section 5 for proper maintenance and care to minimize premature wear.
