# ZWILLING Immersion Blender Accessory Kit Instruction Manual

Model: 36420-013-0

## 1. INTRODUCTION

Thank you for choosing the ZWILLING 2-Piece Immersion Blender Accessory Kit. This kit is designed to complement your ZWILLING immersion blender (model 36420-011-0) and enhance your culinary experience. It includes a compact chopper and a whisk attachment, perfect for daily kitchen tasks. Please read this manual carefully before first use to ensure safe and optimal operation.

## 2. SAFETY INSTRUCTIONS

- Always ensure the immersion blender is unplugged before attaching or detaching accessories, cleaning, or when not in use.
- Keep hands and utensils out of the chopper bowl during operation to prevent injury.
- The chopper blades are very sharp. Handle with extreme care during assembly, disassembly, and cleaning.
- Do not immerse the motor unit of your immersion blender in water or other liquids.
- This accessory kit is intended for household use only. Do not use it for commercial purposes.
- Supervise children closely if they are near the appliance.
- Do not operate the appliance with damaged accessories. Contact customer support for replacements.

## 3. PRODUCT OVERVIEW

The ZWILLING Immersion Blender Accessory Kit includes the following components:

- **Chopper Attachment:** Consists of a compact bowl, a two-blade stainless steel cutting unit, and a lid. The bowl features measurement markings up to 400 ml.
- **Whisk Attachment:** A compact whisk designed for whipping and mixing.

#### 4. SETUP

Before first use, wash all detachable parts (chopper bowl, lid, blade, whisk) in warm soapy water, rinse thoroughly, and dry. Ensure your ZWILLING immersion blender (sold separately) is unplugged.

##### **Attaching the Chopper:**

1. Place the chopper blade onto the central pin inside the chopper bowl. Ensure it sits securely.
2. Add your ingredients to the chopper bowl. Do not exceed the maximum fill line (400 ml).
3. Place the chopper lid onto the bowl, aligning the tabs.
4. Attach the immersion blender's motor unit to the top of the chopper lid by twisting until it locks into place.

##### **Attaching the Whisk:**

1. Insert the whisk attachment into the designated opening on the immersion blender's motor unit. Twist until it

locks securely.

## 5. OPERATING INSTRUCTIONS

---

### Using the Chopper:

The chopper is ideal for finely chopping herbs, onions, nuts, garlic, and other small ingredients. It features two stainless steel blades for efficient processing.

1. Ensure the chopper is correctly assembled and attached to the immersion blender motor unit.
2. Plug in the immersion blender.
3. Press and hold the power button on your immersion blender to operate. Use short pulses for coarse chopping or hold longer for finer results.
4. Do not operate continuously for more than 30 seconds to prevent overheating. Allow a short break between cycles.
5. Once desired consistency is achieved, release the power button and unplug the immersion blender.
6. Carefully detach the motor unit, then the chopper lid, and remove the blade before emptying the bowl.

### Using the Whisk:

The whisk is suitable for whipping cream, beating eggs, mixing semi-liquid batters, shakes, and baby food.

1. Ensure the whisk is correctly attached to the immersion blender motor unit.
2. Plug in the immersion blender.
3. Immerse the whisk into your ingredients.
4. Press and hold the power button to operate. Move the whisk gently to ensure even mixing.
5. Once desired consistency is achieved, release the power button and unplug the immersion blender.
6. Carefully detach the whisk from the motor unit.

## 6. MAINTENANCE AND CLEANING

---

Proper cleaning ensures the longevity and hygiene of your accessory kit.

- Always unplug the immersion blender before cleaning any part of the accessory kit.
- The chopper bowl, lid, blade, and whisk attachment are dishwasher safe for easy cleaning.
- For manual cleaning, wash parts in warm soapy water using a soft brush for the blades, rinse thoroughly, and dry immediately.
- Do not use abrasive cleaners or scouring pads, as these can damage the surfaces.
- Store the accessories in a dry place, away from direct sunlight and heat. Their compact size allows for space-saving storage.

## 7. TROUBLESHOOTING

---

If you encounter issues with your ZWILLING Immersion Blender Accessory Kit, refer to the following common solutions:

- **Accessory not attaching securely:** Ensure the accessory is aligned correctly with the motor unit and twisted until it locks into place. Check for any obstructions.
- **Chopper not processing ingredients:** Ensure the blade is correctly seated on the central pin. Do not overfill the bowl; process ingredients in smaller batches if necessary. Ensure the motor unit is fully engaged

with the lid.

- **Whisk not mixing effectively:** Ensure the whisk is fully immersed in the ingredients. Check that the whisk attachment is securely connected to the motor unit.
- **Appliance not turning on:** Verify that the immersion blender's power cord is securely plugged into a working outlet. Ensure the motor unit is correctly attached to the accessory.

If problems persist, please contact ZWILLING customer support.

## 8. SPECIFICATIONS

Feature	Detail
Model Number	36420-013-0
Components Included	1x Chopper (bowl, blade, lid), 1x Whisk
Chopper Bowl Capacity	400 ml
